RE: Docket No. 990865-EI - Proposed Amendments to Rule 25-6.018, F.A.C., Records of Interruptions and Commission Notification of Threats to Bulk Power Supply Integrity of Major Interruptions of Service

Please take the necessary action to administratively close the above-referenced docket pursuant to APM Section 2.07(C)(6)(a). Staff had filed a recommendation to propose amendments to Rule 25-6.018, which was deferred from the August 31, 1999, agenda, and was never resubmitted for the Commission's consideration. Upon additional review by staff, the recommended amendment is not necessary, and, thus, this docket was erroneously opened.

Please let us know if there is any additional action we must take to close the docket.
