City Gas Company of Florida, a division of NUI Corporation ("NUI/City Gas" or "the Company") hereby petitions the Commission for Approval of the Company's conservation cost recovery factor for the period January 1, 2000 through December 31, 2000. This Amended Petition is being made to correct an error in the Company's "C" Schedules, which results in a slight decrease in the conservation cost recovery factors being requested. It shall supersede the Company's previous petitions, filed September 28, 1999, and October 6, 1999, in all respects. In support thereof the Company says:

NUI/City Gas' true-up for the period April 1, 1999 through December 31, 1999, is an underrecovery of \$43,588 resulting in a total of \$2,317,651 of conservation costs to be recovered during the January 1, 2000 through December 31, 2000 period.

2. When the required true-up and projected expenditures are spread over the projected therm sales and expanded for taxes, the required conservation cost recovery factors for the period for the period January 1, 2000 through December 31, 2000, are:

Residential (RS, ED & GL)	\$00.07188
Commercial (CS, ED, CTS & SCTS)	\$00.01793

3. The Company's calculation of the Conservation Cost Recovery Factors are consistent with the Commission's methodology, and supported by the Direct Testimony of Carl Smith, and Schedules C-1 through C-3, and C-5.

WHEREFORE, City Gas Company of Florida requests that its Conservation Cost Recovery Factor for the period January 1, 2000 through December 31, 2000, be approved.
