4. As indicated in the prefiled true-up forms, Sebring Gas has experienced an underrecovery of \$5,221 for the April 1998 - December 1998 period. An estimated underrecovery of \$3,769 for the April 1998 - December 1998 period was used for calculation of the true-up factor for January 1999 - December 1999. 5. For the period of January 1999 - December 1999, the Company projects an underrecovery of \$6,726. This results in a net underrecovery of \$8.178 to collect in the period January 2000 - December 2000. WHEREFORE, for the purpose of establishing the maximum rate to be charged for all sales during the period January 2000 - December 2000, the Company petitions the Commission to enter its Order approving the Company's true-up factor of 52.927 cents per therm.

DATED this 18th day of October, 1999.
