====NOTE=====11/30/99==1:47pm=
The letter filed in this Docket on 11/10 should not have been used as a protest to keep the docket open. The letter was faxed and was not followed by a hard copy, the letter was not signed, and it addresses issues way outside the scope of the Docket.

I planned to file a revised casr stating this, and will be sending a letter to this effect to Mr. Austin.

What do you need me to do otherwise to get this docket closed?
