Re: Approval of the Interconnection Agreement Between Larsen Cellular Communications, Ltd. ("Larsen") and ALLTEL Communication Services Corp. ("ALLTEL") pursuant to Sections 251 and 252 of the Telecommunications Act of 1996

Dear Ms. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, Larsen and ALLTEL are submitting to the Florida Public Service Commission their agreement for the interconnection of their networks.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the enclosed agreement between Larsen and ALLTEL within 90 days of its submission. The Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementations of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties represent that neither of these reasons exists and request that the Commission approve their agreement.

Very truly yours,

Keith A. Graham

Re: Docket No. 9919000-TP

Dear Mr. Graham:

This will acknowledge receipt of a request for approval of interconnection agreement between ALLTEL Florida, Inc. and Larsen Cellular Communications, Ltd., which was filed in this office on December 13, 1999 and assigned the above-referenced docket number. Appropriate staff members will be advised.

Mediation may be available to resolve any dispute in this docket. If mediation is conducted, it does not affect a substantially interested person's right to an administrative hearing. For more information, contact the Office of General Counsel at (850) 413-6078 or FAX (850) 413-6079.

INTERCONNECTION AGREEMENT

This Interconnection Agreement (“Agreement”) is entered between, Larsen Cellular Communications, Ltd. (“LARSEN”), a Florida Limited Partnership, having an office at 2180 State Road 434 West, Suite 2130, Longwood, Florida 32779, and ALLTEL Communications Services Corporation (“ALLTEL”) a Delaware corporation, having an office at One Allied Drive, Little Rock, Arkansas, 72202, for and on behalf of the affiliated local exchange carriers identified in Attachment 1: ALLTEL Affiliated Local Exchange Carriers (collectively the Parties).

WHEREAS, ALLTEL is a Local Exchange Carrier in Florida,

WHEREAS, LARSEN is a Commercial Mobile Radio Service provider in Florida,

WHEREAS, pursuant to the Telecommunications Act of 1996 (the “Act”), and other applicable laws, the Parties desire to enter into an agreement for the interconnection of their networks and reciprocal compensation for the termination of Local Traffic,

NOW, THEREFORE, in consideration of the premises and the mutual covenants of this Agreement, LARSEN and ALLTEL hereby agree as follows:

1.0 Introduction

- 1.1 This Agreement sets forth the terms, conditions and prices under which the Parties agree to provide Interconnection Services to each other. This Agreement also sets forth the terms and conditions for the reciprocal compensation associated with the transport and termination of telecommunications services between the Parties.
- 1.2 This Agreement includes and incorporates herein the Attachments of this Agreement, and all accompanying Appendices, Addenda and Exhibits.

2.0 Effective Date

- 2.1 The “Effective Date” of this Agreement will be the date on which this Agreement is filed with the appropriate Commission, subject to approval by the Commission in accordance with Section 252 of the Act, or where approval by a such Commission is not required, the date that both Parties have executed the Agreement.

3.0 Intervening Law

- 3.1 This Agreement is entered into as a result of private negotiation between the Parties, acting pursuant to the Act, and/or other applicable state laws or Commission rulings. If the actions of state or federal legislative bodies, courts, or regulatory agencies of competent jurisdiction invalidate, modify, or stay the enforcement of laws or regulations that were the basis for a provision of the contract, the affected provision will be invalidated, modified, or stayed as required by action of the legislative body, court, or regulatory agency. In such event, the Parties shall expend diligent efforts to arrive at an agreement respecting the modifications to the Agreement required. If negotiations fail, disputes between the Parties concerning the interpretation of the actions required or provisions affected by such governmental actions will be resolved pursuant to any remedy available to the Parties under law, provided that the Parties may mutually agree to use the dispute resolution process provided for in this Agreement.

4.0 **Term of Agreement**

- 4.1 The Parties agree to interconnect pursuant to the terms defined in this Agreement for a term of two (2) year from the Effective Date of this Agreement, and thereafter the Agreement shall renew for successive one year (1) terms, unless and until terminated as provided herein.
- 4.2 Either Party may terminate this Agreement by providing written notice of termination to the other Party. Such written notice shall be provided at least one hundred and twenty (120) days in advance of the date of termination of the current term.
- 4.3 By mutual agreement, the Parties may amend this Agreement in writing to modify its terms.
- 4.4 A Party may terminate this Agreement without penalty or liability other than compliance with 4.0 through 4.8 and for amounts owed as of the date of termination, by giving the other Party written notice of its desire to terminate at least thirty (30) days prior to the intended date of termination if:
- (i). the other party makes an assignment for the benefit of creditors; or
 - (ii). the other Party makes an unauthorized assignment of this Agreement.
- 4.5 A Party may terminate this Agreement immediately if the other Party fails to perform any of its obligations under this Agreement in any material respect, and such material failure continues without remedy for a period of thirty (30) days after written notice is given by the non-defaulting Party to the defaulting Party.
- 4.6 Upon expiration or termination of this Agreement, if either Party desires uninterrupted service under this Agreement during negotiations of a new agreement, the requesting Party shall provide the other Party written notification appropriate under the Act. Upon receipt of such notification, the same terms, conditions, and prices in this Agreement will continue in effect as were in effect at the end of the latest term, or renewal, so long as negotiations are continuing without impasse and then until resolution pursuant to this Section. If the Parties are actually in arbitration or mediation before the appropriate Commission or FCC prior to the expiration of this Agreement, this Agreement will continue in effect only until the issuance of an order, whether a final non-appealable order or not, by the Commission or FCC resolving the issues set forth in such arbitration or mediation request.
- 4.7 The Parties agree to resolve any disputed matter relating to this Agreement pursuant to Section 9.0 Dispute Resolution.
- 4.8 Upon either Party's written request, the Party providing service shall fully cooperate in effecting an orderly and efficient transition of any discontinued services to another vendor. During any such transition, the Party providing service warrants that the level and quality of the services will not be degraded and that it shall exercise its best, commercially reasonable efforts to effect an orderly and efficient transition. To the extent that such transition is not completed by the expiration date of this Agreement, the Party providing service shall continue to provide the service to be discontinued at then effective tariff rates, if available, until such time as written notice is given that the transition is complete.

5.0 **Assignment**

- 5.1 Neither Party may assign, subcontract, or otherwise transfer its rights or obligations under this Agreement except under such terms and conditions as are mutually acceptable to the other Party and with such Party's prior written consent, which consent shall not be unreasonably withheld. Nothing in this Section is intended to impair the right of either Party to utilize subcontractors.
- 5.2 Each Party will notify the other in writing not less than 60 days in advance of anticipated

assignment.

6.0 **Confidentiality and Proprietary Information**

- 6.1 For the purposes of this Agreement, confidential information means confidential or proprietary technical, customer, end user, or network information given by one Party (the "Discloser") to the other (the "Recipient"), which is disclosed by one Party to the other in connection with this Agreement, during negotiations and the term of this Agreement ("Confidential Information"). Such Confidential Information will automatically be deemed proprietary to the Discloser and subject to this Section 6.0, unless otherwise confirmed in writing by the Discloser. All other information, which is indicated and marked as Confidential Information at the time of disclosure shall also be, treated as Confidential Information under Section 6.0 of this Agreement. The Recipient agrees (i) to use Confidential Information only for the purpose of performing under this Agreement, (ii) to hold it in confidence and disclose it to no one other than (a) its employees having a need to know for the purpose of performing under this Agreement, and (b) agents, including without limitation, attorneys, who are under a legal obligation to maintain the confidentiality of disclosures, and (iii) to safeguard it from unauthorized use or disclosure using at least the same degree of care with which the Recipient safeguards its own Confidential Information. If the Recipient wishes to disclose the Discloser's Confidential Information to a third-party agent or consultant, such disclosure must be agreed to in writing by the Discloser, and the agent or consultant must have executed a written agreement of nondisclosure and nonuse comparable to the terms of this Section.
- 6.2 The Recipient may make copies of Confidential Information only as reasonably necessary to perform its obligations under this Agreement. All such copies will be subject to the same restrictions and protections as the original and will bear the same copyright and proprietary rights notices as are contained on the original.
- 6.3 The Recipient agrees to return all Confidential Information in tangible form received from the Discloser, including any copies made by the Recipient within thirty (30) days after a written request is delivered to the Recipient, or to destroy all such Confidential Information if directed to do so by Discloser except for Confidential Information that the Recipient reasonably requires to perform its obligations under this Agreement. If either Party loses or makes an unauthorized disclosure of the other Party's Confidential Information, it will notify such other party immediately and use reasonable efforts to retrieve the lost or wrongfully disclosed information.
- 6.4 The Recipient will have no obligation to safeguard Confidential Information: (i) which was in the possession of the Recipient free of restriction prior to its receipt from the Discloser; (ii) after it becomes publicly known or available through no breach of this Agreement by the Recipient, (iii) after it is rightfully acquired by the Recipient free of restrictions on its disclosure, or (iv) after it is independently developed by personnel of the Recipient to whom the Discloser's Confidential Information had not been previously disclosed. In addition, either Party will have the right to disclose Confidential Information to any mediator, arbitrator, state or federal regulatory body, or a court in the conduct of any mediation, arbitration or approval of this Agreement, as long as, in the absence of an applicable protective order, the Discloser has been previously notified by the Recipient in time sufficient for the Recipient to undertake lawful measures to avoid disclosing such information and for Discloser to have reasonable time to seek or negotiate a protective order before or with any applicable mediator, arbitrator, state or regulatory body or a court.
- 6.5 The Parties recognize that an individual end user may simultaneously seek to become or be a customer of both Parties. Nothing in this Agreement is intended to limit the ability of either Party to use customer specific information lawfully obtained from end users or sources other than the Discloser.
- 6.6 Each Party's obligations to safeguard Confidential Information disclosed prior to expiration or termination of this Agreement will survive such expiration or termination for a period of three (3) years.

6.7 Except as otherwise expressly provided elsewhere in this Agreement, no license is hereby granted with respect to any patent, trademark, or copyright, nor is any such license implied solely by virtue of the disclosure of any Confidential Information.

6.8 Each Party agrees that the Discloser may be irreparably injured by a disclosure in breach of this Agreement by the Recipient or its representatives and the Discloser will be entitled to seek equitable relief, including injunctive relief and specific performance, in the event of any breach or threatened breach of the confidentiality provisions of this Agreement. Such remedies will not be deemed to be the exclusive remedies for a breach of this Agreement, but will be in addition to all other remedies available at law or in equity.

7.0 Liability and Indemnification

7.1 Limitation of Liabilities

With respect to any claim or suit for damages arising out of mistakes, omissions, defects in transmission, interruptions, failures, delays or errors occurring in the course of furnishing any service hereunder, the liability of the Party furnishing the affected service, if any, shall not exceed an amount equivalent to the proportionate charge to the other Party for the period of that particular service during which such mistakes, omissions, defects in transmission, interruptions, failures, delays or errors occurs and continues; provided, however, that any such mistakes, omissions, defects in transmission, interruptions, failures, delays, or errors which are caused or contributed to by the negligence or willful act or omission of the complaining Party or which arise as a result of the complaining Party's facilities or equipment shall not result in the imposition of any liability whatsoever upon the Party furnishing service.

7.2 No Consequential Damages

EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, RELIANCE, OR SPECIAL DAMAGES SUFFERED BY SUCH OTHER PARTY (INCLUDING WITHOUT LIMITATION DAMAGES FOR HARM TO BUSINESS, LOST REVENUES, LOST SAVINGS, OR LOST PROFITS SUFFERED BY SUCH OTHER PARTY), REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, WARRANTY, STRICT LIABILITY, OR TORT, INCLUDING WITHOUT LIMITATION NEGLIGENCE OF ANY KIND WHETHER ACTIVE OR PASSIVE, AND REGARDLESS OF WHETHER THE PARTIES KNEW OF THE POSSIBILITY THAT SUCH DAMAGES COULD RESULT. EACH PARTY HEREBY RELEASES THE OTHER PARTY (AND SUCH OTHER PARTY'S SUBSIDIARIES AND AFFILIATES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, AND AGENTS) FROM ANY SUCH CLAIMS. NOTHING CONTAINED IN THIS SECTION WILL LIMIT EITHER PARTY'S LIABILITY TO THE OTHER FOR (i) WILLFUL OR INTENTIONAL MISCONDUCT (INCLUDING GROSS NEGLIGENCE) OR (ii) BODILY INJURY, DEATH, OR DAMAGE TO TANGIBLE REAL OR TANGIBLE PERSONAL PROPERTY.

7.3 Obligation to Indemnify

7.3.1 Each Party shall be indemnified and held harmless by the other Party against claims, losses, suits, demands, damages, costs, expenses, including reasonable attorneys' fees ("Claims"), asserted, suffered, or made by third parties arising from any act or omission of the indemnifying Party in connection with its performance or non-performance under this Agreement, unless such act or omission was caused by the negligence or willful misconduct of the indemnified Party.

7.3.2 Each Party agrees to release, defend, indemnify, and hold harmless the other Party from

any claims, demands or suits that asserts any invasion of privacy of any person or persons caused or claimed to be caused, directly or indirectly, by the negligence or misconduct of the other Party's employees in providing services hereunder. This provision includes but is not limited to suits arising from unauthorized disclosure of the end user's name, address, or telephone number.

- 7.3.3 When the lines or services of other companies and carriers are used in establishing connections to and/or from points not reached by a Party's lines, neither Party shall be liable to the other Party for any act or omission of the other companies or carriers.

7.4 **Obligation to Defend; Notice; Cooperation**

Whenever a claim arises for indemnification under this Section (the "Claim"), the relevant Indemnitee, as appropriate, will promptly notify the Indemnifying party and request the Indemnifying Party to defend the same. Failure to so notify the Indemnifying Party will not relieve the Indemnifying Party of any liability that the Indemnifying Party might have, except to the extent that such failure prejudices the Indemnifying Party's rights or ability to defend such Claim. The Indemnifying Party will have the right to defend against such Claim in which event the Indemnifying Party will give written notice to the Indemnitee of acceptance of the defense of such Claim and the identity of counsel selected by the Indemnifying Party. Except as set forth below, such notice to the relevant Indemnitee will give the Indemnifying Party full authority to defend, adjust, compromise, or settle such Claim with respect to which such notice has been given, except to the extent that any compromise or settlement might prejudice the Intellectual Property Rights or other rights of the relevant Indemnities. The Indemnifying Party will consult with the relevant Indemnitee prior to any compromise or settlement that would affect the Intellectual Property Rights or other rights of any Indemnitee, and the relevant Indemnitee will have the right to refuse such compromise or settlement and, at such Indemnitee's sole cost, to take over defense of such Claim. Provided, however, that in such event the Indemnifying Party will not be responsible for, nor will it be obligated to indemnify the relevant Indemnitee against any damages, costs, expenses, or liabilities, including without limitation, attorneys' fees, in excess of such refused compromise or settlement. With respect to any defense accepted by the Indemnifying Party, the relevant Indemnitee will be entitled to participate with the Indemnifying Party in such defense if the Claim requests equitable relief or other relief (other than monetary damages) that could affect the rights of the Indemnitee and also will be entitled to employ separate counsel for such defense at such Indemnitee's expense. In the event the Indemnifying Party does not accept the defense of any indemnified Claim as provided above, the relevant Indemnitee will have the right to employ counsel for such defense at the expense of the Indemnifying Party, and the Indemnifying Party shall be liable for all costs associated with Indemnitee's defense of such Claim including court costs, and any settlement or damages awarded a third party. Each Party agrees to cooperate and to cause its employees and agents to cooperate with the other Party in the defense of any such Claim.

8.0 **Payment of Rates and Late Payment Charges**

- 8.1 The Parties agree to pay all rates and charges due and owing under this Agreement within thirty (30) days of the invoice date in immediately available funds except for disputed sums set forth in 9.0 through 9.7 below. The Parties represent and covenant to each other that all invoices will be promptly processed and mailed in accordance with the Parties' regular procedures and billing systems.
- 8.1.1 If the payment due date falls on a Sunday or on a Holiday which is observed on a Monday, the payment due date shall be the first non-Holiday following such Sunday or Holiday. If the payment due date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-Holiday preceding such Saturday or Holiday. If payment is not received by the payment due date, a late penalty, as set forth in 8.3 below, shall apply.

8.2 If the amount billed is received by the billing Party after the payment due date or if any portion of the payment is received by the billing Party in funds which are not immediately available to the billing Party, then a late payment charge will apply to the unpaid balance.

8.3 The Parties agree interest on overdue invoices will apply at the lesser of the highest interest rate (in decimal value) which may be levied by law for commercial transactions, compounded daily and applied for each month or portion thereof that an outstanding balance remains, or 0.000325, compounded daily and applied for each month or portion thereof that an outstanding balance remains.

9.0 **Dispute Resolution**

9.1 **Notice of Disputes**

Notice of a valid dispute, whether billing or contractual in nature, must be in writing specifically documenting the total dollar amount of the dispute, and a detailed description of the underlying dispute (the "Dispute Notice").

9.1.1 **Billing Disputes**

A Party must submit reasonable and valid billing disputes ("Billing Disputes") to the other Party within twelve (12) months from the due date. The Parties will endeavor to resolve all Billing Disputes within ninety (90) days from receipt of the Dispute Notice. Examples of reasonable and valid billing disputes ("Billing Dispute") are:

9.1.1.1 incorrect rate;

9.1.1.2 error in quantity (i.e., minutes or quantity of circuits or quantity of billable elements incorrect);

9.1.1.3 service did/does not exist;

9.1.1.4 invalid factors;

9.1.1.5 incorrect customer being billed;

9.1.1.6 invalid PON;

9.1.1.7 backbilling; or

9.1.1.8 late receipt of an invoice.

9.1.2 **All Other Disputes**

All other disputes (i.e., contractual disputes) shall be valid only if reasonable within the scope of this Agreement, and the applicable Statute of Limitations shall govern such disputes.

9.2 **Alternative to Litigation**

- 9.2.1 The Parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with this Dispute Resolution process, the Parties agree to use the following Dispute Resolution procedure with respect to any controversy or claim arising out of or relating to this Agreement or its breach.
- 9.2.2 Each Party agrees to promptly notify the other Party in writing of a dispute and may in the Dispute Notice invoke the informal dispute resolution process described in Section 9.4. The Parties will endeavor to informally resolve the dispute within ninety (90) days after the date of the Dispute Notice.

9.3 **Informal Resolution of Disputes**

In the case of a dispute and upon receipt of the Dispute Notice each Party will appoint a duly authorized representative knowledgeable in telecommunications matters, to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The location, form, frequency, duration, and conclusion of these discussions will be left to the discretion of the representatives. Upon agreement, the representatives may, but are not obligated to, utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and the correspondence among the representatives for purposes of settlement are exempt from discovery and production and will not be admissible in the arbitration described below or in any lawsuit without the concurrence of both parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and, if otherwise admissible, may be admitted in evidence in the arbitration or lawsuit. Unless otherwise provided herein, or upon the Parties' agreement, neither Party may invoke formal dispute resolution procedures including arbitration or other procedures as appropriate sooner than ninety (90) days after the date of the Dispute Notice, provided the Party invoking the formal dispute resolution process has negotiated in good faith with the other Party.

9.4 **Formal Dispute Resolution**

- 9.4.1 The Parties agree that any disputes not resolved pursuant to the informal procedure set forth in Section 9.4, which involve amounts which represent \$50,000 or less annually, whether measured by the disputing Party in terms of actual amounts owed or owing, or as amounts representing its business or other risks or obligations relating to the matter in dispute, will be submitted to binding arbitration pursuant to the provisions of Section 9.7. During the first contract year the Parties will annualize the initial months up to one year.
- 9.4.2 The Parties agree that any disputes not resolved pursuant to the informal procedures set forth in Section 9.4 which involve amounts which represent more than \$50,000 annually, whether measured by the disputing Party in terms of actual amounts owed or owing, or as amounts representing its business or other risks or obligations relating to the matter in dispute, then either party may proceed with any remedy available to it pursuant to law, equity or agency mechanisms; provided, that upon future mutual written agreement of the Parties such disputes may also be submitted to binding arbitration pursuant to Section 9.7. During the first contract year the Parties will annualize the initial months up to one year.
- 9.4.3 The Parties agree that all undisputed billed amounts are to be paid when due, and that interest shall apply to all overdue undisputed invoices as set forth in the General Terms and Conditions, Section 8.0 of this Agreement. The Parties agree that the disputing Party may withhold payments of any disputed charges until the Parties resolve the Billing Dispute. The Parties further agree that if any Billing Dispute is resolved in favor of the non-disputing Party, the non-disputing Party shall receive interest applied to the disputed

amount as set forth in the General Terms and Conditions, Section, 8.0 of this Agreement.

9.5 **Conflicts**

9.6.1 The Parties agree that the Dispute Resolution procedures set forth in this Agreement are not intended to conflict with applicable requirements of the Act or the state commission with regard to procedures for the resolution of disputes arising out of this Agreement.

9.6 **Arbitration**

9.6.1 Any disputes involving amounts which represent \$50,000 or less annually, not resolved pursuant to the informal dispute resolution procedures set forth in Section 9.4 within ninety (90) days of the Dispute Notice shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A Party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this Section. Each Party may submit in writing to a Party, and that Party shall so respond, to a maximum of any combination of thirty-five (35) (none of which may have subparts) of the following: interrogatories; demands to produce documents; requests for admission.

9.6.2 Additional discovery may be permitted upon mutual agreement of the Parties. The arbitration hearing shall be commenced within ninety (90) days of the demand for arbitration. The arbitration shall be held in the state capitol of the state where the Interconnection Services are provided. The arbitrator shall control the scheduling so as to process the matter expeditiously. The Parties shall submit written briefs five days before the hearing. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The arbitrator shall have no authority to order punitive or consequential damages. The times specified in this Section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

9.7 **Costs**

Each Party shall bear its own costs of these procedures. A party seeking discovery shall reimburse the responding Party for the costs of production of documents (including search time and reproduction costs).

10.0 **Termination of Service**

10.1 Failure of either party to pay undisputed charges shall be grounds for termination of this Agreement. If either party fails to pay when due, any undisputed charges billed under this Agreement (Undisputed Unpaid Charges), and any portion of such charges remain unpaid more than thirty (30) days after the due date of such Undisputed Unpaid Charges, the nonbreaching party will notify the breaching party in writing that in order to avoid having service disconnected, the breaching party must remit all Undisputed Unpaid Charges to the nonbreaching party within thirty (30) days after receipt of said notice (the "Termination Notice"). Disputes hereunder will be resolved in accordance with the Dispute Resolution Procedures set out in Section 9.0 of this Agreement.

10.2 The nonbreaching party may discontinue service to breaching party upon failure to pay Undisputed Unpaid Charges as provided in this Section, and will have no liability to breaching party in the event of such disconnection. Provided, however, nonbreaching party will not discontinue any service or terminate this Agreement for breaching party's failure to pay Undisputed Unpaid Charges, unless breaching party fails to pay such Undisputed Unpaid Charges within thirty (30) days of its receipt of the Termination Notice.

- 10.3 After disconnect procedures have begun, the nonbreaching party will not accept service orders from breaching party until all Undisputed Unpaid Charges are paid in full, in immediately available funds. The nonbreaching party will have the right to require a deposit equal to one month's charges (based on the highest previous month of service from the nonbreaching party) prior to resuming service to breaching party after disconnect for nonpayment.

11.0 **Notices**

- 11.1 Except as otherwise specifically provided in this Agreement, all notices, consents, approvals, modifications, or other communications to be given under the terms of this Agreement shall be in writing and sent postage prepaid by registered mail return receipt requested. Notice may also be effected by personal delivery or by overnight courier. All notices will be effective upon receipt. All notices shall be directed to the following:

To ALLTEL:

Staff Manager - Interconnection Services
One Allied Drive, Building IV
Little Rock, Arkansas 72202

To LARSEN:

David H. Larsen
Suite 2130
2180 State Road 434 West
Longwood, Florida 32779

Copy to:

Marcos R. Marchena, Esq.
Marchena and Graham, P.A.
233 S. Semoran Blvd.
Orlando, Florida 32807

- 11.2 Either Party may unilaterally change its designated representative and/or address for the receipt of notices by giving seven (7) days' prior written notice to the other Party in compliance with this Section.

12.0 **Taxes**

- 12.1 Each Party purchasing services hereunder shall pay or otherwise be responsible for all federal, state, or local sales, use, excise, gross receipts, transaction or similar taxes, fees or surcharges (hereinafter "Tax") levied against or upon such purchasing Party (or the providing Party when such providing Party is permitted to pass along to the purchasing Party such taxes, fees or surcharges), except for any tax on either Party's corporate existence, status or income. Whenever possible, these amounts shall be billed as a separate item on the invoice.
- 12.2 Purchasing Party may be exempted from certain taxes if purchasing Party provides proper documentation from the appropriate taxing authority. Failure to timely provide said tax exemption certificate will result in no exemption being available to the purchasing Party until such time as the purchasing Party presents a valid certification.
- 12.3 With respect to any purchase of services, facilities or other arrangements, if any Tax is required or permitted by applicable law to be collected from the purchasing party by the providing party, then (i) the providing party shall bill the purchasing party for such Tax, (ii) the purchasing party shall remit such Tax to the providing party and (iii) the providing party shall remit such collected Tax to the applicable taxing authority, except as otherwise indicated below.

- 12.4 With respect to any purchase hereunder of services, facilities or arrangements that are resold to a third party, if any Tax is imposed by applicable law on the end user in connection with any such purchase, then (i) the purchasing party shall be required to impose and/or collect such Tax from the end user and (ii) the purchasing party shall remit such Tax to the applicable taxing authority. The purchasing party agrees to indemnify and hold harmless the providing party on an after-tax basis for any costs incurred by the providing party as a result of actions taken by the applicable taxing authority to collect the Tax from the providing party due to the failure of the purchasing party to pay or collect and remit such tax to such authority.
- 12.5 If the providing party fails to collect any Tax as required herein, then, as between the providing party and the purchasing party, (i) the purchasing party shall remain liable for such uncollected Tax and (ii) the providing party shall be liable for any penalty and interest assessed with respect to such uncollected Tax by such authority. However, if the purchasing party fails to pay any taxes properly billed and submitted to the purchasing party, then, as between the providing party and the purchasing party, the purchasing party will be solely responsible for payment of the taxes, penalty and interest.
- 12.6 If the purchasing party fails to impose and/or collect any Tax from end users as required herein, then, as between the providing party and the purchasing party, the purchasing party shall remain liable for such uncollected Tax and any interest and penalty assessed thereon with respect to the uncollected Tax by the applicable taxing authority. With respect to any Tax that the purchasing party has agreed to pay or impose on and/or collect from end users, the purchasing party agrees to indemnify and hold harmless the providing party on an after-tax basis for any costs incurred by the providing party as a result of actions taken by the applicable taxing authority to collect the Tax from the providing Party due to the failure of the purchasing party to pay or collect and remit such Tax to such authority.
- 12.7 All notices, affidavits, exemption certificates or other communications required or permitted to be given by either Party to the other under this Section shall be made in writing and sent postage prepaid by registered mail return receipt requested. All notices shall be effective upon receipt. All notices under this Section shall be directed to the following:

To ALLTEL:

Director State and Local Taxes
ALLTEL Service Corporation
One Allied Drive
P.O. Box 2177
Little Rock, AR 72203

Copy to:

Staff Manager-CMRS Interconnection
ALLTEL Communications Service Corporation
One Allied Drive
P.O. Box 2177
Little Rock, AR 72203

To LARSEN:

David H. Larsen
Suite 2130
2180 State Road 434 West
Longwood, Florida 32779

Copy to:

Marcos R. Marchena, Esq.
Marchena and Graham, P.A.
233 S. Semoran Blvd.
Orlando, Florida 32807

- 12.8 Either Party may unilaterally change its designated representative and/or address for the receipt of notices under this Section by giving seven (7) days' prior written notice to the other Party in compliance with this Section.

13.0 **Force Majeure**

- 13.1 Neither Party shall be liable for delays or failures in performance resulting from acts or occurrences beyond the reasonable control of such Party, regardless of whether such delays or failures in performance were foreseen or foreseeable as of the date of this Agreement, including, without limitation: fire, explosion, power failure, acts of God, war, revolution, civil commotion, or acts of public enemies; or labor unrest, including, without limitation strikes, slowdowns, picketing or boycotts or delays caused by the other Party or by other service or equipment vendors; or any other similar circumstances beyond the Party's reasonable control. In such event, the Party affected shall, upon giving prompt notice to the other Party, be excused from such performance on a day-to-day basis to the extent of such interference (and the other Party shall likewise be excused from performance of its obligations on a day-for-day basis to the extent such Party's obligations relate to the performance so interfered with). The affected Party shall use its reasonable commercial efforts to avoid or remove the cause of nonperformance and both Parties shall proceed to perform with dispatch once the causes are removed or cease. Notwithstanding anything herein to the contrary if any delay or non-performance described herein exceeds thirty (30) days, the Party owed such performance, will have the right (but not the obligation) to terminate this Agreement without penalty or liability other than for amounts owed as of the date of termination. Such termination must be in writing.

14.0 **Publicity**

- 14.1 The Parties agree not to use in any advertising or sales promotion, press releases or other publicity matters, any endorsements, direct or indirect quotes or pictures implying endorsement by the other Party or any of its employees without such Party's prior written approval. The Parties will submit to each other for written approval, prior to publication, all such publicity endorsement matters that mention or display the other's name and/or marks or contain language from which a connection to said name and/or marks may be inferred or implied.
- 14.2 Neither Party will offer any services using the trademarks, service marks, trade names, brand names, logos, insignia, symbols or decorative designs of the other Party or its affiliates without the other Party's written authorization.

15.0 **Reserved For Future Use**

16.0 **Law Enforcement and Civil Process**

16.1 **Intercept Devices**

Local and federal law enforcement agencies periodically request information or assistance from local service providers. When either Party receives a request associated with a customer of the other Party, the receiving Party will refer such request to the appropriate Party, unless the request directs the receiving Party to attach a pen register, trap-and-trace or form of intercept on the Party's own facilities, in which case that Party will comply with any valid request, to the extent the receiving party is able to do so; if such compliance requires the assistance of the other Party such

assistance will be provided.

16.2 **Subpoenas**

If a Party receives a subpoena for information concerning an end user the Party knows to be an end user of the other Party, the receiving Party will refer the subpoena to the requesting entity with an indication that the other Party is the responsible company.

16.3 **Law Enforcement Emergencies**

If a Party receives a request from a law enforcement agency to implement at its switch a temporary number change, temporary disconnect, or one-way denial of outbound calls for an end user of the other Party, the receiving Party will comply so long as it is a valid emergency request, as interpreted by the Party. Neither Party will be held liable for any claims or damages arising from compliance with such requests, and the Party serving the end user agrees to indemnify and hold the other Party harmless against any and all such claims.

17.0 **Year 2000 Compliance**

17.1 Each Party warrants the advent of the Year 2000 shall not adversely affect the provisioning of the services provided under this Agreement, with respect to date and date dependent data (including, but not limited to calculating, comparing, and sequencing), and that the systems used in the provisioning of the services will be capable of creating, storing, and/or processing records related to and including the Year 2000 and thereafter, without deficiencies at no additional cost to the other Party. Each Party agrees the other Party shall not be responsible or liable for any Year 2000 failures that result from or are caused by any services, software, equipment, firmware, and/or hardware for which it is not responsible. If the services fail to satisfy the Year 2000 requirements of this Section, and if a Party is responsible for such failure, the other Party's sole and exclusive remedy shall be that the responsible Party shall, within a commercially reasonable period of time and at no cost to the other Party, cause the services to meet the requirements of this Section, however, if the responsible Party is unable within a commercially reasonable period of time to cause the services to meet the requirements in this Section, the other Party shall have the right to terminate this Agreement in writing. In the event of such a failure of services, the responsible Party shall restore the services in a non-discriminatory manner.

18.0 **Amendments or Waivers**

18.1 Except as otherwise provided in this Agreement, no amendment to this Agreement will be effective unless the same is in writing and signed by an authorized representative of each Party. In addition, no course of dealing or failure of a Party strictly to enforce any term, right or condition of this Agreement will be construed as a waiver of such term, right, or condition. By entering into this Agreement, the Parties do not waive any right granted to them pursuant to the Act; and, the Parties enter into this Agreement without prejudice to any positions they have taken previously, or may take in the future in any legislative, regulatory, other public forum, contract negotiation, bona fide request, or arbitration addressing any matters, including matters related to the types of arrangements prescribed by this Agreement.

19.0 **Authority**

19.1 Each person whose signature appears below represents and warrants that he or she has authority to bind the Party on whose behalf he or she has executed this Agreement.

20.0 **Binding Effect**

20.1 This Agreement will be binding on and inure to the benefit of the respective successors and permitted assigns of the Parties.

21.0 **Consent**

21.1 Where consent, approval, or mutual agreement is required of a Party, it will not be unreasonably withheld or delayed.

22.0 **Expenses**

22.1 Except as specifically set out in this Agreement, each party will be solely responsible for its own expenses involved in all activities related to the scope of this Agreement.

23.0 **Headings**

23.1 The headings in this Agreement are inserted for convenience and identification only and will not be considered in the interpretation of this Agreement.

24.0 **Relationship of Parties**

24.1 This Agreement will not establish, be interpreted as establishing, or be used by either Party to establish or to represent their relationship as any form of agency, partnership or joint venture. Neither Party will have any authority to bind the other Party, nor to act as an agent for the other Party unless written authority, separate from this Agreement, is provided. Nothing in the Agreement will be construed as providing for the sharing of profits or losses arising out of the efforts of either or both of the Parties. Nothing herein will be construed as making either Party responsible or liable for the obligations and undertakings of the other Party.

25.0 **Conflict of Interest**

25.1 The Parties represent that no employee or agent of either Party has been or will be employed, retained, paid a fee, or otherwise received or will receive any personal compensation or consideration from the other Party, or any of the other Party's employees or agents in connection with the arranging or negotiation of this Agreement or associated documents.

26.0 **Multiple Counterparts**

26.1 This Agreement may be executed in multiple counterparts, each of which will be deemed an original but all of which will together constitute but one, and the same document.

27.0 **Third Party Beneficiaries**

27.1 Except as may be specifically set forth in this Agreement, this Agreement does not provide and will not be construed to provide third parties with any remedy, claim, liability, reimbursement, cause of action, or other privilege.

28.0 **Regulatory Approval**

28.1 Each Party agrees to cooperate with the other Party and with any regulatory agency to obtain regulatory approval of this Agreement. During the term of this Agreement, each Party agrees to continue to cooperate with the other Party and any regulatory agency so that the benefits of this Agreement may be achieved.

29.0 **Trademarks and Trade Names**

29.1 Each Party warrants that, to the best of its knowledge, the services provided under this Agreement do not or will not violate or infringe upon any patent, copyright, trademark, or trade secret rights of any other person.

29.2 Except as specifically set out in this Agreement, nothing in this Agreement will grant, suggest, or

imply any authority for one Party to use the name, trademarks, service marks, or trade names of the other for any purpose whatsoever, absent written consent of the other Party.

30.0 **Regulatory Authority**

30.1 Each Party will be responsible for obtaining and keeping in effect all Federal Communications Commission, state regulatory commission, franchise authority and other regulatory approvals that may be required in connection with the performance of its obligations under this Agreement. Each Party will reasonably cooperate with the other Party in obtaining and maintaining any required approvals necessary for fulfilling its obligations under this Agreement.

31.0 **Reserved For Future Use**

32.0 **Verification Reviews**

32.1 Subject to each Party's reasonable security requirements and except as may be otherwise specifically provided in this Agreement, either Party may audit the other Party's relevant books, records and other documents pertaining to services provided under this Agreement once in each Contract Year solely for the purpose of evaluating the accuracy of the other Party's billing and invoicing. The Parties may employ other persons or firms for this purpose. Such audit will take place at a time and place agreed on by the Parties no later than sixty (60) days after notice thereof.

32.2 The review will consist of an examination and verification of data involving records, systems, procedures and other information related to the services performed by either Party as related to settlement charges or payments made in connection with this Agreement as determined by either Party to be reasonably required. Each Party shall maintain reasonable records for a minimum of twelve (12) months and provide the other Party with reasonable access to such information as is necessary to determine amounts receivable or payable under this Agreement.

32.3 Adjustments, credits, or payments shall be made and any corrective action shall commence within thirty (30) days from the Requesting Party's receipt of the final audit report to compensate for any errors or omissions which are disclosed by such audit and are agreed to by the Parties. Audit findings may be applied retroactively for no more than twelve (12) months from the date the audit began. One and one-half (1 ½%) of the highest interest rate allowable by law for commercial transactions shall be assessed and shall be computed by compounding monthly from the time of the overcharge, not to exceed twelve (12) months from the date the audit began, to the day of payment or credit. Any disputes concerning audit results will be resolved pursuant to the Dispute Resolution procedures described in Section 9.0 of this Agreement.

32.4 Each Party will cooperate fully in any such audit, providing reasonable access to any and all appropriate employees and books, records and other documents reasonably necessary to assess the accuracy of the Party's bills.

32.5 Verification reviews will be limited in frequency to once per twelve (12) month period, with provision for staged reviews, as mutually agreed, so that all subject matters are not required to be reviewed at the same time. Verification reviews will be scheduled subject to the reasonable requirements and limitations of the audited Party and will be conducted in a manner that will not interfere with the audited Party's business operations.

32.6 The Party requesting a verification review shall fully bear its costs associated with conducting a review. The Party being reviewed will provide access to required information, as outlined in this section, at no charge to the reviewing Party. Should the reviewing Party request information or assistance beyond that reasonably required to conduct such a review, the Party being reviewed may, at its option, decline to comply with such request or may bill actual costs incurred in complying subsequent to the concurrence of the reviewing Party.

32.7 For purposes of conducting an audit pursuant to this Agreement, the Parties may employ other

persons or firms for this purpose (so long as said Parties are bound by this Agreement as are the principles). The Parties will bear their own reasonable expenses associated with this inspection. Subsequent audits will be scheduled when and if cause is shown.

32.8 Information obtained or received by a Party in conducting the inspections described in Section 32.0 shall be subject to the confidentiality provisions of Section 6.0 of this Agreement.

33.0 **Complete Terms**

33.1 This Agreement sets forth the entire understanding and supersedes all prior agreements between the Parties relating to the subject matter contained herein and merges all prior discussions between them, and neither party shall be bound by any definition, condition, provision, representation, warranty, covenant or promise other than as expressly stated in this Agreement or as is contemporaneously or subsequently set forth in writing and executed by a duly authorized officer or representative of the Party to be bound thereby.

34.0 **Reserved For Future Use**

35.0 **Reserved For Future Use**

36.0 **Reserved For Future Use**

37.0 **Responsibility of Each Party**

37.1 Each Party is an independent contractor, and has and hereby retains the right to exercise full control of and supervision over its own performance of its obligations under this Agreement and retains full control over the employment, direction, compensation and discharge of its employees assisting in the performance of such obligations. Each Party will be solely responsible for all matters relating to payment of such employees, including compliance with social security taxes, withholding taxes and all other regulations governing such matters. Each party will be solely responsible for proper handling, storage, transport and disposal at its own expense of all (i) substances or materials that it or its contractors or agents bring to, create or assume control over at work locations or, (ii) Waste resulting therefrom or otherwise generated in connection with its or its contractors' or agents' activities at the work locations. Subject to the limitations on liability and except as otherwise provided in this Agreement, each Party will be responsible for (i) its own acts and performance of all obligations imposed by applicable law in connection with its activities, legal status and property, real or personal and, (ii) the acts of its own affiliates, employees, agents and contractors during the performance of the Party's obligations hereunder.

38.0 **Insurance**

38.1 Each Party shall maintain commercial general liability insurance insuring against liability for bodily injury, death or damage to personal property arising out of the use of each Party's property or arising out of any of the activities contemplated hereunder, with combined single limits of One Million and No/100 Dollars (\$1,000,000). Each Party shall also maintain fire and extended coverage insurance insuring each Party's personal property for its full insurable value (subject to reasonable deductibles). A certificate of insurance, naming the other party as additional insured (with respect to the liability insurance only), and providing that the other Party receives thirty (30) days' notice of cancellation or non-renewal of such policy shall evidence the insurance described above.

39.0 **Governmental Compliance**

39.1 The Parties agree that each will comply at its own expense with all applicable laws that relate to its obligations under or activities in connection with this Agreement.

39.2 Neither Party shall use, generate, store, dispose of or transport any hazardous substance on or

about the other Party's property except for batteries, or other hazardous materials used in the ordinary course of business. With respect to these materials, each Party shall indemnify, defend (at the other party's request), and hold harmless the other Party, each of its officers, directors and employees from and against any loss, damage, claim, demand, suit, fine, penalty, expense, and liability, including reasonable consultant and attorneys' fees arising out of or resulting from the generation, storage or disposal of these materials unless such loss, damage, claim, demand, suit, fine, penalty, expense, and liability, including reasonable consultant and attorney's fees is caused by the negligent or intentional act of the indemnified Party.

40.0 **Reserved For Future Use**

41.0 **Subcontracting**

41.1 If any obligation is performed through a subcontractor, each party will remain fully responsible for the performance of this Agreement in accordance with its terms, including any obligations either party performs through subcontractors, and each party will be solely responsible for payments due the party's own subcontractors. No contract, subcontract or other Agreement entered into by either Party with any third party in connection with the provision of services hereunder will provide for any indemnity, guarantee or assumption of liability by, or other obligation of, the other Party to this Agreement with respect to such arrangement, except as consented to in writing by the other Party. No subcontractor will be deemed a third party beneficiary for any purposes under this Agreement. Any subcontractor who gains access to Confidential Information covered by this Agreement will be required by the subcontracting Party to protect such Confidential Information to the same extent the subcontracting Party is required to protect the same under the terms of this Agreement.

42.0 **Referenced Documents**

42.1 Whenever any provision of this Agreement refers to a technical reference, technical publication, LARSEN Practice, ALLTEL Practice, any publication of telecommunications industry administrative or technical standards, or any other document specifically incorporated into this Agreement, it will be deemed to be a reference to the most recent version or edition (including any amendments, supplements, addenda, or successors) of each document that is in effect, and will include the most recent version or edition (including any amendments, supplements, addenda, or successors) of each document incorporated by reference in such a technical reference, technical publication, LARSEN Practice, ALLTEL Practice, or publication of industry standards. However, if such reference material is substantially altered in a more recent version to significantly change the obligations of either Party as of the effective date of this Agreement and the Parties are not in agreement concerning such modifications, the Parties agree to negotiate in good faith to determine how such changes will impact performance of the Parties under this Agreement, if at all. Until such time as the Parties agree, the provisions of the last accepted and unchallenged version will remain in force.

43.0 **Severability**

43.1 If any term, condition or provision of this Agreement is held to be invalid or unenforceable for any reason, such invalidity or unenforceability will not invalidate the entire Agreement, unless such construction would be unreasonable. The Agreement will be construed as if it did not contain the invalid or unenforceable provision or provisions, and the rights and obligations of each party will be construed and enforced accordingly; provided, however, that in the event such invalid or unenforceable provision or provisions are essential elements of this Agreement and substantially impair the rights or obligations of either Party, the Parties will promptly negotiate a replacement provision or provisions. If impasse is reached, the Parties will resolve said impasse under the dispute resolution procedures set forth in Section 9.0.

44.0 **Survival of Obligations**

44.1 Any liabilities or obligations of a Party for acts or omissions prior to the cancellation or termination of this Agreement, any obligation of a Party under the provisions regarding indemnification, Confidential Information, limitations on liability, and any other provisions of this Agreement which, by their terms, are contemplated to survive (or to be performed after) termination of this Agreement, will survive cancellation or termination thereof.

45.0 **Governing Law**

45.1 This Agreement shall be governed by and construed in accordance with the Act and the FCC's Rules and Regulations, except insofar as state law may control any aspect of this Agreement, in which case the domestic laws of the state where the interconnection service is provided, without regard to its conflicts of laws principles, shall govern.

46.0 **Reserved For Future Use**

47.0 **Customer Inquiries**

47.1 Each Party will refer all questions regarding the other Party's services or products directly to the other Party at a telephone number specified by that Party.

If to ALLTEL:

Florida: 1-800-347-1991

If to LARSEN:

Florida: 1-407-862-8989

47.2 Each Party will ensure that all of their representatives who receive inquiries regarding the other Party's services or products: (i) provide the numbers described in Section 47.1; and (ii) do not in any way disparage or discriminate against the other Party or its services or products.

48.0 **Disclaimer of Warranties**

48.1 **EXCEPT AS OTHERWISE PROVIDED HEREIN, NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR INTENDED OR PARTICULAR PURPOSE WITH RESPECT TO SERVICES PROVIDED HEREUNDER. ADDITIONALLY, NEITHER PARTY ASSUMES ANY RESPONSIBILITY WITH REGARD TO THE CORRECTNESS OF DATA OR INFORMATION SUPPLIED BY THE OTHER PARTY WHEN THIS DATA OR INFORMATION IS ACCESSED AND USED BY A THIRD PARTY.**

49.0 **Definitions and Acronyms**

49.1 **Definitions**

For purposes of this Agreement, certain terms have been defined in Attachment 8: Definitions and elsewhere in this Agreement to encompass meanings that may differ from, or be in addition to, the normal connotation of the defined word. Unless the context clearly indicates otherwise, any term defined or used in the singular will include the plural. The words "will" and "shall" are used interchangeably throughout this Agreement and the use of either connotes a mandatory requirement. The use of one or the other will not mean a different degree of right or obligation for either Party. A defined word intended to convey its special meaning is capitalized when used.

49.2 **Acronyms**

Other terms that are capitalized and not defined in this Agreement will have the meaning in the Act. For convenience of reference only, Attachment 9: Acronyms provides a list of acronyms used throughout this Agreement.

50.0 **Reserved For Future Use**

51.0 **Reserved For Future Use**

52.0 **Certification Requirements**

52.1 LARSEN warrants that it has obtained all necessary commercial mobile radio service provider jurisdictional certification required in those jurisdictions in which LARSEN has ordered services pursuant to this Agreement. Upon request by any governmental entity, LARSEN shall provide proof of certification to ALLTEL.

53.0 **Other Requirements and Attachments**

53.1 This Agreement incorporates a number of listed Attachments, which, together with their associated Appendices, Exhibits, and Addenda, constitute the entire Agreement between the Parties.

53.2 Appended to this Agreement and incorporated herein are the Attachments listed below. To the extent that any definitions, terms or conditions in any given Attachment differ from those contained in the main body of this Agreement, those definitions, terms or conditions will supersede those contained in the main body of this Agreement, but only in regard to the services or activities listed in that particular Attachment. In particular, if an Attachment contains a term length that differs from the term length in the main body of this Agreement, the term length of that Attachment will control the length of time that services or activities are to occur under the Attachment, but will not affect the term length of the remainder of this Agreement, except as may be necessary to interpret the Attachment.

Attachment 2: Network Interconnection Architecture

This Attachment describes the network architecture with which the Parties to this Agreement may interconnect their respective networks for the transmission and routing of Telecommunications Service and Exchange Access. It also describes the ordering process and maintenance requirements.

1.0 Network Architecture

1.1 Interconnection Facilities

1.1.1 Type 1

Facilities that provide a trunk side connection (line side treatment) between an ALLTEL end office and LARSEN 's Mobile Switching Center ("MSC"). Type 1 facilities provide the capability to access all ALLTEL local end offices within the LATA, Third Party Providers, 800/888 traffic, 911/E911 traffic, Operator Services traffic, and Directory Assistance traffic.

1.1.2 Type 2A

Facilities that provide a trunk side connection between LARSEN s MSC and an ALLTEL tandem. Type 2A facilities provide the capability to access all ALLTEL end offices and Third Party Providers subtending the ALLTEL tandem.

1.1.3 Type 2B

One-way facilities that provide a trunk side connection from a LARSEN 's MSC to an ALLTEL end office. Type 2B facilities provide the capability to access only subscribers served by that end office.

1.1.4 Equal Access Facilities

One-way facilities that provide a trunk side connection between LARSEN 's MSC and an ALLTEL Access Tandem. Equal Access Trunks provide the capability to pass Interexchange traffic to IXC's.

1.2 LARSEN may develop additional points of presence other than the actual location of their MSC through the use of either ALLTEL's Special Access facilities, their own facilities, or facilities of a third party.

1.3 LARSEN shall provide ALLTEL with an annual forecast of intended mobile to land usage for each point of interconnection. The Parties agree to work cooperatively to determine the number of trunks needed to handle the estimated traffic. Type 1, Type 2A and Type 2B facilities may be either one-way or two-way when both Parties agree to share the facility. For one-way, or two-way facilities, terms, conditions, recurring and nonrecurring charges will apply as specified in Attachment 3: Billing, Compensation, and Charges. When both Parties agree to utilize two-way facilities, the Parties on a proportional (percentage) basis as specified in Attachment 4: Pricing, will share such charges. The Parties shall review actual billed minutes accrued on shared two-way facilities and modify, six (6) months from the Effective Date of this Agreement and every twelve (12) months thereafter, the percentages specified in Attachment 4: Pricing.

1.4 **Facility Location**

1.4.1 **Technical Feasibility**

1.4.1.1 As required by Section 251 of the Act, LARSEN may interconnect with ALLTEL's network at any technically feasible point. The Parties acknowledge for purposes of this requirement that the locations listed in Attachment 5: Points of Interconnection constitute the technically feasible points of interconnection for LARSEN to pass traffic to ALLTEL for transport and termination by ALLTEL on its network or for transport to a Third Party Provider.

1.4.1.2 If LARSEN requires interconnection at a location not listed in Attachment 5: Points of Interconnection, then it shall submit a Special Request pursuant to Section 4.2.

1.4.2 **Incumbent LEC Requirement**

The Parties acknowledge that the terms and conditions specified in this Agreement do not apply to the provision of services or facilities by ALLTEL in those areas where ALLTEL is not the incumbent LEC.

1.5 **Additional Interconnection Methods Available to LARSEN**

1.5.1 LARSEN may provide its own facilities and transport for the delivery of traffic from its MSC to the interconnection point on ALLTEL's network. Alternatively, LARSEN may purchase an entrance facility and transport from a third party or from ALLTEL for the delivery of such traffic. Rates for entrance facilities and transport purchased from ALLTEL are specified in Attachment 4: Pricing.

1.5.2 LARSEN may request other forms of interconnection (e.g. SONET Based Interconnection, Mid Span Meet) pursuant to the Special Request process detailed in Section 4.2, and ALLTEL may, in its reasonable discretion, provide such other forms of interconnection to LARSEN at rates agreed upon by the Parties.

1.5.3 LARSEN and ALLTEL may share ALLTEL's interconnection facilities at the rates specified in Attachment 4: Pricing. Charges will be shared by the Parties based on their proportional (percentage) use of such facilities as specified in Attachment 4: Pricing.

1.6 **Interconnection Methods Available to ALLTEL**

1.6.1 LARSEN locations listed in Attachment 5: Points of Interconnection constitute the technically feasible points of interconnection LARSEN shall provide for ALLTEL to pass traffic to LARSEN for transport and termination on LARSEN 's network.

1.6.2 If ALLTEL requires interconnection at a location not listed in Attachment 5: Points of Interconnection, then it shall submit a Special Request pursuant to Section 4.2.

1.6.3 ALLTEL may provide its own facilities and transport for the delivery of traffic from its point of interconnection to the interconnection point on LARSEN's network. Alternatively, ALLTEL may purchase an entrance facility and transport from a third party or from LARSEN for the delivery of such traffic. Rates for entrance facilities and transport purchased from LARSEN is specified in Attachment 4: Pricing.

1.6.4 ALLTEL may request other forms of interconnection (e.g. SONET Based Interconnection, Mid Span Meet Point) pursuant to the Special Request process detailed in Section 4.2, and LARSEN may, in its reasonable discretion, provide such other forms

of interconnection to ALLTEL at rates agreed upon by the Parties.

- 1.6.5 LARSEN and ALLTEL may share LARSEN 's interconnection facilities at the rates specified in Attachment 4: Pricing. Charges will be shared by the Parties based on their proportional (percentage) use of such facilities as specified in Attachment 4: Pricing.

1.7 **Network Technical Requirements, Standards, and Notices**

- 1.7.1 Each Party will provide the services in this Agreement to the other Party at a standard at least equal in quality to that provided to itself or to any subsidiary, affiliate, or any other party to which such Party provides Interconnection Services. Either Party may request, and the other Party will provide, to the extent technically feasible, services that are superior or lesser in quality than the providing Party provides to itself provided, however, that such services shall be considered Special Requests.
- 1.7.2 Nothing in this Agreement is intended to limit either Party's ability to upgrade or modify its network, including, without limitation, the incorporation of new equipment, new software or otherwise so long as such upgrades or modifications are not inconsistent with the Parties obligations under the terms of this Agreement.
- 1.7.3 The Parties agree to comply with Sections 51.325 through 51.335 of Title 47 of the Code of Federal Regulations as may be amended from time to time regarding notifications, network changes, upgrades, and/or modifications; provided, however, each Party shall provide the other with not less than 120 days notice of any network changes, upgrades and/or modifications.
- 1.7.4 Each Party will be solely responsible, at its own expense for the overall design of its telecommunications services and for any redesigning or rearrangement of its telecommunications services which may be required because of the other Party's modifications, including, without limitation, changes in facilities, operations or procedures, minimum network protection criteria, or operating or maintenance characteristics of facilities. Each Party agrees to waive nonrecurring charges associated with either Party's initiated rehomeing of facilities, provided, however, that each Party shall be responsible for any other costs associated with the reconfiguration of its own network.

2.0 **Transmission & Routing**

This Section provides the terms and conditions for the exchange of traffic between the Parties' respective networks for the transmission and routing by the Parties of Local Traffic and Transiting Traffic.

2.1 **Basic Terms**

2.1.1 **Mobile to Land Traffic**

- 2.1.1.1 LARSEN shall be responsible for the delivery of traffic from its network to ALLTEL's network (at the appropriate point of interconnection on its network, as specified in Attachment 5: Points of Interconnection) for the transport and termination of such traffic by ALLTEL to an ALLTEL end user or for delivery by ALLTEL to a Third Party Provider.
- 2.1.1.2 Unless LARSEN elects to provision its own facilities under Section 1.5, ALLTEL shall provide the physical plant facilities that interconnect LARSEN 's point of interconnection with ALLTEL's point of interconnection. ALLTEL shall provision mobile to land connecting facilities for LARSEN under the prices specified in Attachment 4: Pricing.

2.1.2 **Land to Mobile Traffic**

2.1.2.1 ALLTEL shall be responsible for the delivery of traffic from its network to LARSEN's network at the appropriate point of interconnection (within the serving wire center boundary of the tandem providing Type 2A Interconnection, or within the serving wire center boundary of the end office providing Type 1 Interconnection) on its network for the transport and termination of such traffic to the handset of a LARSEN end user.

2.1.2.2 Unless ALLTEL elects to have LARSEN or a third party provision facilities under Section 1.6, ALLTEL shall provide the physical plant facilities that interconnect ALLTEL's point of interconnection with LARSEN's point of interconnection. ALLTEL shall be responsible for the physical plant facility from its network to the appropriate point of interconnection within the serving wire center boundary of the end office in which the tandem, providing Type 2A Interconnection, is located, or within the serving wire center boundary of the end office providing Type 1 Interconnection on its network.

2.1.3 **Traffic To Third Party Providers**

Upon written notice by the requesting Party and written consent by the requested Party, the requesting Party may route traffic destined for the network of a third party through the requested Party's network. LARSEN and ALLTEL shall compensate each other for traffic that transits their respective systems to any Third Party Provider, as specified in Attachment 4: Pricing. The Parties agree to enter into their own agreements with Third Party Providers. ALLTEL agrees that it will not block traffic involving Third Party Providers with whom LARSEN has not reached agreement. In the event that LARSEN does send traffic through ALLTEL's network to a Third Party Provider with whom LARSEN does not have a traffic interchange agreement, then LARSEN agrees to indemnify ALLTEL for any termination charges rendered by a Third Party Provider for such traffic.

2.1.4 **Signaling**

ALLTEL will provide at LARSEN's request and where technically available Signaling System 7 ("SS7") in order to accommodate out of band signaling in conjunction with the exchange of traffic between the Parties' respective networks. When ALLTEL provides SS7 Signaling services directly to LARSEN, ALLTEL shall provide such service at the rates specified in Attachment 4: Pricing. This rate is for the use of ALLTEL STPs in the completion of mobile to land traffic. Charges for STP bridge links and port terminations used when connection is required between LARSEN's and ALLTEL's STP shall be shared by the Parties based on the proportional (percentage) basis as specified in Attachment 4: Pricing. LARSEN may, in its sole discretion and at no additional charge, interconnect on an SS7 basis with ALLTEL using Illuminet's SS7 network backbone.

2.1.5 **Indirect Network Interconnection**

When the Parties interconnect their networks indirectly, via a another LEC's tandem, the Parties agree that until the Parties are technically able to record and distinguish such traffic, or such traffic exceeds 25,000 minutes of use (MOU) per month, each party will bill its own end users and retain the invoiced amounts rather than submitting an invoice to the other Party. However, when the parties are technically able to record and distinguish such traffic, then compensation shall be in accordance with the terms of this Agreement. The originating Party agrees to pay any transit charges that may be assessed by an intermediary LEC. The compensation arrangement for indirect interconnection shall be subject to renegotiation on the request of either party if an intermediary LEC

whose facilities or services are used in the performance of transport and termination in connection with this traffic changes the applicable rates, terms, or conditions of those intermediary services. Neither Party shall deliver traffic destined to terminate at an end office subtending the other Party's access tandem via another LEC's access tandem.

3.0 Transmission & Routing of Exchange Access Service

This Section provides the terms and conditions for the exchange of traffic between LARSEN's network and ALLTEL's network for switched access to IXCs, thus enabling LARSEN end users to access IXCs for the transmission and routing of InterMTA and InterLATA calls.

3.1 General

- 3.1.1 LARSEN may, where technically available order Equal Access Trunks in order to provide for access to IXCs through ALLTEL's network. Equal Access Trunks shall be used solely for the transmission and routing of Exchange Access to allow LARSEN's end users to access IXCs, and shall not be used by LARSEN for any other purpose.
- 3.1.2 If the Parties install a Feature Group D into the access tandem, LARSEN shall provide ALLTEL the appropriate call recording information to allow ALLTEL to bill IXCs for Originating Access. Such data shall be provided in a form mutually agreed to by the Parties. ALLTEL shall notify LARSEN in writing when it no longer requires LARSEN to provide such data.

4.0 Ordering

4.1 General

Unless otherwise provided for in this Agreement, this provision shall apply for the ordering of interconnection herein. Each Party shall be responsible for ordering from the other any interconnection or other facilities as specified in this Agreement. The Parties shall mutually agree upon the format for any orders and any required codes or other information that must be included in any particular order. Subject to the paragraph immediately below, orders shall be processed as follows: after the receipt of a request, a Party shall notify the ordering Party, in a timely manner and in agreement with published intervals, of any additional information it may require to determine whether it is technically feasible to meet the request. Within 45 days of its receipt of said information, the Party shall notify the ordering Party ("Notification") if the request is technically feasible. If the request is technically feasible, the Party shall activate the order as mutually agreed to by the Parties after Notification (the "Activation Date"). The penalty for the providing Party's non-compliant delivery of connecting facility by the specified due date shall be a refund of nonrecurring charges of the connecting facility to the other Party.

4.2 Special Requests

- 4.2.1 If either Party requires interconnection at a location not listed in Attachment 5: Points of Interconnection, then it shall submit a Special Request in writing to the other Party specifying (i) the point of interconnection, (ii) an estimated activation date, and (iii) a forecast of intended use. Within 20 days of its receipt of the ordering Party's request (the "Request Date"), the providing Party shall notify the ordering Party of any additional information it may require to determine whether it is technically feasible to meet the request. Within 60 days of its receipt of said information (or 60 days from the Request Date if the providing Party does not ask for additional information), the providing Party shall notify the ordering Party ("Notification") if its request is technically feasible. If the request is technically feasible, the providing Party shall activate the interconnection at any time within 15 days after Notification (the "Activation Date") as specified by the ordering Party. Upon activation the Parties shall be deemed to have amended Attachment 5: Points of Interconnection to include the added location. Special Requests for

interconnection locations not listed in Attachment 5: Points of Interconnection may involve additional charges.

- 4.2.2 The Parties recognize that Special Requests may be made of the other Party pursuant to Attachment 3: Billing, Compensation, and Charges, Section 3.3.3 therein. The providing Party shall have 75 days to notify the ordering Party ("Special Notification") if the ordering Party's Special Request, in the providing Party's sole discretion, will be fulfilled and what the cost of fulfilling such request will be. If the Special Request will be fulfilled, the providing Party shall activate the order at a time agreed to by the Parties.
- 4.2.3 An ordering Party may cancel a Special Request at any time, but will pay the providing Party's reasonable and demonstrable costs of processing and/or implementing the Special Request up to the date of cancellation.

5.0 **Network Maintenance & Management**

- 5.1 The Parties will work cooperatively to install and maintain a reliable network in order to implement this Agreement. The Parties will exchange appropriate information (e.g., maintenance contact numbers, network information, information required to comply with law enforcement and other security agencies of the Government, etc.) to achieve this desired reliability.
- 5.2 Each Party will provide a 24-hour contact number for Network Traffic Management issues to the other's surveillance management center. A facsimile (FAX) number must also be provided to facilitate event notifications for planned mass calling events. Additionally, both Parties agree that they will work cooperatively to ensure that all such events will attempt to be conducted in such a manner as to avoid disruption or loss of service to other end users.

5.2.1 **24 Hour Network Management Contact:**

For ALLTEL:

Contact Number: 330-650-7900
Facsimile Number: 330-650-7918

For LARSEN:

Contact Number: 904-965-0059
Facsimile Number: 904-758-7404

- 5.3 Neither Party will use any service provided under this Agreement in a manner that impairs the quality of service to other carriers or to either Party's subscribers. Either Party will provide the other Party notice of said impairment at the earliest practicable time.
- 5.4 Either Parties' use of any of the other Party's facilities, or of its own equipment or that of a third party in conjunction with any of the other Party's facilities, shall not materially interfere with or impair service over any facilities of the other Party, its affiliated companies or its connecting and concurring carriers involved in its services, cause damage to their plant, impair the privacy of any communications carrier over their facilities or create hazards to the employees of any of them or the public. Upon reasonable written notice and opportunity to cure, the other Party whose facilities are being used may discontinue or refuse service if the Party using the facilities violates this provision, provided that such termination of service will be limited to the violating Party's use of a facility, where appropriate.
- 5.5 After written notice and 30 days opportunity to cure, the Party whose facilities are being used may discontinue or refuse to provide service to the other Party if the Party using the facilities breaches Sections 5.3 or 5.4 and fails to cure such breach with the 30 day cure period. Provided however, such termination of service will, where appropriate, be limited to the facility being used that is the

subject of the breach.

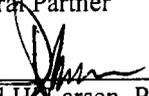

- 5.6 Trouble clearing procedures of both parties shall include mechanisms for escalation of restoration efforts appropriate to the critical impact on the other party's network. Both parties agree that they will use their reasonable commercial effort to clear troubles on their networks that materially affect the other party's clients.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed as of this 29th day of SEPT., 1999.

Attachment 3: Billing, Compensation, & Charges

This Attachment describes the terms and conditions under which billing, compensation, and charges will be applied to the Parties under this Agreement.

1.0 Billing

- 1.1 Each Party shall deliver monthly billing statements for terminating the other Party's traffic based on a mutually agreed schedule. Subject to the General Terms and Conditions, Sections 8.0 and 9.0, bills rendered by either Party shall be paid within thirty (30) days of the bill date or by the next bill date. In the event the Parties use indirect interconnection arrangements to terminate traffic between their networks, the Party whose customer originated the call will be responsible for providing usage to the Party terminating the call for purposes of billing reciprocal compensation pursuant to Section 2.0, following.
- 1.2 For the purposes of establishing service and providing efficient and consolidated billing, each party shall provide each other its authorized and nationally recognized Operating Company Number (OCN).

2.0 Compensation

2.1 Reciprocal Compensation

2.1.1 Rates

The Parties shall provide each other Reciprocal Compensation for the transport and termination of Local Traffic at the rates specified in Attachment 4: Pricing. ALLTEL shall compensate LARSEN for the transport and termination of Local Traffic originating on ALLTEL's network; LARSEN shall compensate ALLTEL for the transport and termination of Local Traffic originating on LARSEN 's network. Compensation shall vary based on the method of interconnection used by the Parties, and Non-Recurring charges will also apply (on a reciprocal basis), as specified in Attachment 4: Pricing.

2.1.2 Exclusions

Reciprocal Compensation shall apply solely to the transport and termination of Local Traffic, and shall not apply to any other traffic or services, including without limitation:

- 2.1.2.1 InterMTA traffic;
- 2.1.2.2 Traffic which neither originates nor terminates on LARSEN's network
- 2.1.2.3 Non-local traffic associated with Reverse Toll Billing Agreements; and
- 2.1.2.4 Paging Traffic.

2.1.3 Measuring Calls as Local Traffic

In order to determine whether traffic is Local Traffic for purposes of calculating Reciprocal Compensation, the Parties agree as follows: for ALLTEL, the origination or termination point of a call shall be the end office that serves, respectively, the calling or called party. For LARSEN, the origination or termination point of a call shall be the cell site that serves, respectively, the calling or called party.

2.1.4 **Conversation Time**

For purposes of billing compensation for the interchange of Local Traffic, billed minutes will be based upon conversation time. Conversation time will be determined from actual usage recordings. Conversation time begins when the terminating Party's network receives answer supervision and ends when the terminating Party's network receives disconnect supervision.

3.0 **Charges**

3.1 **Late Charges**

Late Charges will be apply as specified in the General Terms and Conditions, Section 8.0

3.2 **Access Charges**

3.2.1 **When Applicable**

LARSEN shall pay ALLTEL InterMTA charges as specified in Attachment 4: Pricing for any and all traffic which crosses an MTA boundary (as defined by the cell site at which the call originates or terminates and the ALLTEL end user's end office at which the call originates or terminates).

If traffic is handed from ALLTEL directly to an IXC, from LARSEN to an IXC via equal access trunks, or from an IXC directly to ALLTEL, access charges shall not apply to LARSEN.

3.2.2 **InterMTA Factor**

The Parties have agreed upon the InterMTA factor specified in Attachment 4: Pricing, which represents the percent of total minutes to be billed access charges. Upon written request by ALLTEL, LARSEN agrees to complete a reasonable InterMTA traffic study within sixty (60) days after receiving ALLTEL's request in order to determine the actual InterMTA factor. Upon acceptance of the study results by ALLTEL, the Parties agree to revise the InterMTA factor in Attachment 4: Pricing and true-up InterMTA billing back to the effective date of this Agreement. Upon written request by ALLTEL, LARSEN agrees to conduct a new traffic study every twelve (12) months after the effective date of this Agreement and make the results available to ALLTEL to ensure the Parties are using an accurate InterMTA factor. The traffic study and any audit of the traffic study will be limited to traffic that traverses Type 1, Type 2A or Type 2B interconnections between LARSEN and ALLTEL.

3.3 **Miscellaneous Charges**

In addition to any other charges specified in this Agreement, the following charges may be applicable as specified in this Agreement at the rates listed in Attachment 4: Pricing. Charges listed are in addition to, not exclusive of, any other charges that may be applicable under this Agreement.

3.3.1 **Transiting Charge**

Each Party shall compensate the other Party for traffic which transits the other Party's network destined to a Third Party Provider at rates specified in Attachment 4: Pricing.

3.3.2 **Facilities Charges**

Each Party shall compensate the other (on a proportionate usage basis, as set forth in Attachment 4: Pricing) for the use of the providing Party's facilities between LARSEN and ALLTEL points of interconnection, in either direction, as the case may be.

3.3.3 **Special Requests**

All requests for (i) services covered by this Agreement for which facilities do not exist, (ii) facilities, equipment or technologies not in the providing Party's sole discretion, necessary to fulfill a request under this Agreement, or (iii) services not specifically enumerated in this Agreement, shall be handled as a Special Request, as described in Attachment 2: Network Interconnection Architecture, Section 4.2. Special Requests under (ii) may include, without limitation, requests for fiber, microwave, alternate routing, redundant facilities and other non-standard facilities or services.

3.3.4 **Maintenance of Service Charge**

When either party reports trouble to the nonreporting party for clearance and no trouble is found in the other's network, the reporting party shall be responsible for payment of Maintenance of Service Charge for the period of time when nonreporting party's personnel are dispatched. In the event of an intermittent service problem that is eventually found to be in nonreporting party's network, the reporting party shall receive a credit for any Maintenance of Service Charges applied in conjunction with this service problem.

If either party reports trouble to the nonreporting party for clearance and the nonreporting party's personnel are not allowed access to the reporting party's premises, the Maintenance of Service Charge will apply for the time that the nonreporting party's personnel are dispatched, provided that the nonreporting party and the reporting party have arranged a specific time for the service visit.

3.3.5 **Additional Engineering Charges**

Additional engineering charges will be billed to each party when the other party incurs engineering time to provide customized service at the other party's request.

3.3.6 **Additional Labor Charges**

Additional labor will be charged when either party installs facilities outside of normally scheduled working hours at the other party's request. Additional labor also includes all time in excess of one-half (1/2) hour during which personnel stand by to make installation acceptance test or cooperative test with the party requesting to verify facility repair on a given service.

3.3.7 **Access Service Order Charge**

An Access Service Order charge applies whenever either party requests installation, addition, rearrangement, change or move of the Interconnection Services associated with this Agreement.

3.3.8 **Design Change Charge**

A Design Change Charge applies when either party's personnel review the other party's interconnection service to determine what changes in the design of existing service are required as a result of request(s) by the other party. The nonrequesting party will notify the requesting party in advance when the Design Change Charge would apply.

3.3.9 **Service Date Change Charge**

The Service Date Change Charge applies when either party requests a change in the previously scheduled date of installation or rearrangement of interconnection service. Each party may request changes provided that the new date is no more than 45 calendar days beyond the original service date, unless the requested changes are associated with an order which has been designated as a "special project". If a change or rearrangement of interconnection is necessary beyond 45 days, then the order must be canceled and reordered.

3.3.10 **Access Customer Name and Address (ACNA), Billing Account Number (BAN) and Circuit Identification Change Charges**

These charges apply whenever either party requests changes in their ACNA, their BAN number or their Circuit Ids, respectively.

Attachment 6: Reserved For Future Use

Attachment 7: Reserved For Future Use

Attachment 8: Definitions

Definitions of the terms used in this Agreement are listed below. The Parties agree that certain terms may be defined elsewhere in this Agreement, as well. Terms not defined shall be construed in accordance with their customary meaning in the telecommunications industry as of the effective date of this Agreement.

"**Act**" means the Communications Act of 1934 (47 U.S.C. Section 151 et seq.), as amended by the Telecommunications Act of 1996, as may be subsequently amended or, as from time to time interpreted in the duly authorized rules and regulations of the FCC or the Commission having authority to interpret the Act within its state of jurisdiction.

"**Calling Party Number**" or "**CPN**" is a feature of signaling system 7 ("SS7") protocol whereby the 10-digit number of the calling party is forwarded from the end office.

"**Call Recording**" means the process of retaining detailed information about a call, such as date & time placed, originating and terminating NPA/NXX and call duration. It does not mean recording or listening to the content of the call.

"**Cell Site**" means the location of fixed radio transmitting and receiving facilities associated with the origination and termination of wireless traffic to a wireless end user and may be used as a point of interconnection to the landline network.

"**Commercial Mobile Radio Service**" or "**CMRS**" has the meaning given to the term in the Part 20, FCC Rules.

"**Commission**" or "**PUC**" or "**PSC**" means the state administrative agency to which the United States Congress or state legislature has delegated authority to regulate the operations of Local Exchange Carriers ("LECs") as defined in the Act.

"**Common Channel Signaling**" or "**CCS**" means a special network, fully separate from the transmission path of the public switched network, which digitally transmits call setup and network control data.

"**Connecting Facilities**" means dedicated facilities provided either under this Agreement or separate contract used to connect LARSEN's network and ALLTEL's network for the purposes of interchanging traffic.

"**Conversation Time**" means the time (in full second increments) that both Parties' equipment is used for a call, measured from the receipt of answer supervision to disconnect supervision.

"**Customer**" means whether or not capitalized, any business, residential or governmental customer of services covered by the Agreement, and includes the term "End User". More specific meanings of either of such terms are dependent upon the context in which they appear in the Agreement and the provisions of the Act.

"**End Office**" means a local ALLTEL switching point where ALLTEL end user customer station loops are terminated for purposes of interconnection to each other and to the network.

"**End User**" means whether or not capitalized, any business, residential or governmental customer of services covered by the Agreement and includes the term "Customer". More specific meanings of either of such terms are dependent upon the context in which they appear in the Agreement and the provisions of the Act.

"**Exchange Access**" has the meaning given the term in the Act.

"**FCC**" means the Federal Communications Commission.

"**Incumbent Local Exchange Carrier**" has the meaning given the term in the Act.

"**Interconnection**" has the meaning given the term in the Act and refers to the physical connection of separate pieces of equipment, facilities, or platforms between or within networks for the purpose of transmission and routing

of Telecommunications Traffic.

"Interconnection Point" or **"IP"** means the physical point on the network where the two Parties interconnect. The IP is the demarcation point between ownership of the transmission facility.

"Interexchange Carrier" or **"IXC"** means a carrier other than a CMRS provider or a LEC that provides, directly or indirectly, InterLATA and/or IntraLATA for-hire telecommunications service.

"InterLATA" has the meaning given the term in the Act.

"InterMTA Traffic" means all calls that originate in one MTA and terminate in another MTA.

"IntraLATA Toll Traffic" means all IntraLATA calls provided by a LEC other than traffic completed in the LECs local exchange boundary.

"Local Access and Transport Area" or **"LATA"** has the meaning given to the term in the Act.

"Local Exchange Carrier" or **"LEC"** has the meaning given to the term in the Act.

"Local Service Provider" means a carrier licensed by the Commission with the appropriate certification (e.g., a Certificate of Authorization or Service Provider Certificate of Authorization).

"Local Traffic" for the application of reciprocal compensation, means telecommunications traffic between a LEC and a CMRS provider that, at the beginning of the call, originates and terminates within the same Major Trading Area ("MTA"), as defined in 47 CFR Section 24.202(A).

"Mobile Switching Center" or **"MSC"** means LARSEN 's facilities & related equipment used to route, transport & switch commercial mobile radio service traffic to and from and among its end users and other telecommunications companies.

"Major Trading Area" or **"MTA"** has the meaning given to the term in 47 CFR Section 24.202(A).

"NXX", "NXX Code", "Central Office Code", or "CO Code" is the 3-digit switch indicator that is defined by the D, E, and F digits of a 10-digit telephone number within the NANP. Each NXX Code contains 10,000 telephone numbers.

"Party" means either ALLTEL or LARSEN as applicable.

"Parties" means ALLTEL and LARSEN.

"Point of Interconnection" or **"POI"** means a physical location where ALLTEL and the Commercial Mobile Radio Service Provider interconnect which establishes the technical interface and point(s) for operational division of responsibility.

"Reciprocal Compensation" means the arrangement between two carriers in which each of the two carriers receives compensation from the other carrier for the transport and termination on each carrier's network of Local Traffic that originates on the network of the other carrier.

"Service Area" means the geographic area, e.g., Major Trading Area, Basic Trading Area, Metropolitan Service Area, Geographic Service Area, and Rural Service Area, served by the cellular system within which LARSEN is licensed to provide service.

"Signaling System 7" or **"SS7"** means a signaling protocol used by the CCS network.

"Signaling Transfer Point" or **"STP"** means the point where a party interconnects, either directly or through facilities provided by ALLTEL, or a Third Party Provider with the CCS/SS7 network.

"**Synchronous Optical Network**" or "SONET" means an optical interface standard that allows inter-networking of transmission products from multiple vendors.

"**Tandem**" means the following:

"**Access Tandem**" means a switching system that provides a concentration and distribution function for originating or terminating traffic between end offices, other tandems and Third Party Providers.

"**Local Tandem**" means a switching system that provides a concentration and distribution function for originating and terminating traffic between the wireless MSC's and the end office network associated with such Local Tandem.

"**Telephone Exchange Service**" means wireline exchange connections amongst LEC end users.

"**Telecommunications**" has the meanings given in the Act.

"**Telecommunications Carrier**" has the meanings given in the Act.

"**Termination**" means the switching of Local Traffic at the terminating carrier's end office switch, or equivalent facility, and delivery of such traffic to the called party.

"**Territory**" means the incumbent local exchange areas within the states identified in Appendix A

"**Third Party Provider**" shall mean any other facilities-based telecommunications carrier, including, without limitation, Interexchange carriers, independent telephone companies, competitive local exchange carriers, or CMRS providers. The term shall not mean resellers of a LEC's local exchange services or resellers of a CMRS provider's services.

"**Transiting Traffic**" means intermediate transport and switching of traffic between two parties, one of which is not a Party to this Agreement, carried by a Party that neither originates nor terminates that traffic on its network while acting as an intermediary.

"**Transport**" means the transmission (not including tandem switching) of Local Traffic subject to Section 251 (b)(5) of the Act from the interconnection point between two carriers to the terminating carrier's end office switch that directly serves the called party, or equivalent facility provided by Third Party Provider.

"**Trunk Group**" means a set of trunks of common routing, origin and destinations, and which serve a like purpose or function.

"**Trunk Side**" means a Party's connection that is capable of and has been programmed to treat the circuit as connecting to another switching entity, for example another ALLTEL to LARSEN switch. Trunk Side connections offer those transmission and signaling features appropriate for the connections of switching entities.

"**Undefined Terms**" The Parties acknowledge that terms may appear in the Agreement that are not defined and agree that any such terms shall be construed in accordance with their end-user usage in the telecommunications industry as of the effective date of this Agreement.

"**Wireless Calls**" for the application of reciprocal compensation, means all calls originating from or terminating to the commercial mobile radio service provider's network.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed as of this 29th day of Sept., 1999.
