Dear Sirs:

Re: Wildwood Estates Docket #961444-Ws Progress Report November, 1999

We received the executed agreement with the City of Wildwood and advanced \$60,000 to pay for the out of pocket costs the City will incur while connecting our facilities to the City.

The engineers began designing the water and sewer system and submitted two options for our approval. They were given the approval to put in the 8" line which will allow for greater capacity in the future.
