In re: Docket No. 990939-WS, Application of Indiantown Company, Inc. for Increased Water and Wastewater Rates in Martin County

Dear Chairman:

Indiantown Company, Inc. has this date filed a petition for a general rate increase, which requests both interim and permanent rate increases for its customers in Indiantown.

Attached is a copy of the Petition filed with the Florida Public Service Commission. You are being provided with the Petition pursuant to the requirement of Rule 25-22.0407, Florida Administrative Code. That rule also provides that you may request a copy of the minimum filing requirements (MFRs) from the company when they have been accepted by the Public Service Commission. The reason for not providing a copy to you now, at the same time as the MFRs are submitted to the Public Service Commission, is that the Commission may not accept the MFRs as filed, and it is best to have only the final, accepted version in general circulation.

We will let you know when the MFRs have been accepted for filing, and you can then advise us if you want a set.

Sincerely,

David B. Erwin
