Gentlemen:

We are requesting that you do not approve and issue a certificate of authorization for water and wastewater certificates to Intercoastal Utilities, Inc. until they correct the odor emanating from the Ponte Vedra sewage treatment plant next to the south entrance of the Sawgrass Country Club. We live at 13 Walkers Ridge Drive in Ponte Vedra Beach and can smell the odor on a frequent basis. Many people within the community have written letters requesting that Intercoastal correct the odor problem, however, to date the odor continues. We have lived at this residence for 6 years and until the recent enlargement of the wastewater facility we did not have an odor problem.

Your attention to this matter is appreciated.

Very truly yours,

John and Janet Paparelli
