Docket no. 981992-ws

Dear Director of Division of Records and Recording,

We are having problems closing on the Sandy Creek property, due to property descriptions. They have to do another survey on the property because the descriptions are off by about five feet and all have to be redone. Therefore, we would like to request additional time be added to our deadline, which is January 4, 2000. We believe we should only need six more months before we have everything complete and are able to finally close.

Thank You,

A handwritten signature in cursive script that reads "Sally Perry". The signature is written in black ink and is positioned to the right of the typed name "Sally Perry".
