**RE: Docket No. 991312-TC – TELE COM CORP**

Dear Blanca:

As I spoke to Paula Isler the whole think about the nonpayment of the regulatory assessment fee was a misunderstanding due the change of certificates last year. I would like to amend my January 18, 2000 settlement by letting the public service commission that I have taken steps to this nonpayment of the regulatory fee will not occur in the future again. As I am aware the regulatory assessment fee are due by 31st of January of every year. Thank you for the attention in this matter

Sincerely,

*Darwin Aparicio*
