Cancel the certificate. The 1999 RAFs are now past due and the company did not really protest (they want the certificate canceled anyway).

Hey Paula, The time to close this docket has arrived; but since the Gatlin's have paid the RAFs, what do we do about their certificate? Do you have to go back to agenda to cancel?

Hey, Sandy. Kim talked with Beth and it was decided that what the customer sent us on 1/10 was not a protest. A consummating order is supposed to be issued. What happened is that after we received the response, Kim talked with Mr. and Mrs. Gatlin and they want the certificate canceled. However, they have not paid 98 RAF yet, so we are going to let things take their course. I will remind Kim that the consummating order needs to be issued. Thanks.

Paula, We received a "response" on 1/10/2000 from Ms. Gatlin on PAA Order No. ...2489... It seems like I remember Nonnye (or someone) telling me that Kim(?) said this was not a protest and that the consummating order would be issued, however, the consummating order was due 1/14/2000. Would you take a look at your file and let me know what's really going on. Right now, I'm showing it as a protested order on my PAA report and if it's not, I need to remove it. Thanks!!!
