DISCUSSION OF ISSUES

ISSUE 1: Should the Commission order each of the companies listed on page 7 to show cause why it should not be fined \$10,000 or its respective certificate, as listed on page 7, should not be canceled for failure to provide the Commission access to information in accordance with Section 364.183(1), Florida Statutes, Access to Company Records?

RECOMMENDATION: Yes. The Commission should order each of the companies listed on page 7 to show cause in writing within 21 days of the issuance of the Commission's Order why it should not be fined \$10,000 or have its respective certificate, as listed on page 7, canceled for failure to provide the Commission access to information in accordance with Section 364.183(1), Florida Statutes, Access to Company Records. Each company's response should contain specific allegations of fact and law. If any of the companies listed on page 7 fails to respond to the show cause order or request a hearing pursuant to Section 120.57, Florida Statutes within the 21-day response period and the fine is not paid within ten business days after the 21-day response period, the facts should be deemed admitted and the right to a hearing should be deemed waived and the company's respective certificate, as listed on page 7, should be canceled. If the fine is paid, it should be remitted by the Commission to the State of Florida General Revenue Fund pursuant to Section 364.285, Florida Statutes. **(M. Watts)**

STAFF ANALYSIS: Section 364.183(1), Florida Statutes, Access to Company Records states in part:

364.183, Access to Company Records. -

(1) The commission shall have access to all records of a telecommunications company that are reasonably necessary for the disposition of matters within the commission's jurisdiction. The commission shall also have access to those records of a local exchange telecommunications company's affiliated companies, including its parent company, that are reasonably necessary for the disposition of any matter concerning an affiliated transaction or a claim of anticompetitive behavior including claims of cross-subsidization and predatory pricing. The commission may require a telecommunications company to file records, reports or other data directly related to matters within the commission's jurisdiction in the form specified by the commission and may require

such company to retain such information for a designated period of time.

Based on the return receipts (Attachment B, pages 13-16) staff received from the initial data request, it appears that the companies listed on page 7 received the data request and could have responded. It is imperative that the Commission receive 100% participation to accurately reflect the status of local telecommunication competition to the Legislature and the Governor. Staff requested the information in order to comply with Section 364.386, Florida Statutes, Reports to the Legislature. Section 364.386, Florida Statutes, Reports to the Legislature, states in part:

364.386 Reports to the Legislature.-

(1) The commission shall submit to the President of the Senate, the Speaker of the House of Representatives, and the majority and minority leaders of the Senate and the House of Representatives, on December 1, 1996, and on an annual basis thereafter, a report on the status of competition in the telecommunications industry and a detailed exposition of the following:

(a) The overall impact of local exchange telecommunications competition on the continued availability of universal service.

(b) The ability of competitive providers to make functionally equivalent local exchange services available to both residential and business customers at competitive rates, terms, and conditions.

(c) The ability of consumers to obtain functionally equivalent services at comparable rates, terms, and conditions.

(d) The overall impact of price regulation on the maintenance of reasonably affordable and reliable high-quality telecommunications services.

(e) What additional services, if any, should be included in the definition of basic local telecommunications services, taking into account advances in technology and market demand.

(f) Any other information and recommendations which may be in the public interest.

By Section 364.285, Florida Statutes, the Commission is authorized to impose upon any entity subject to its jurisdiction a penalty of not more than \$25,000 for each offense, if such entity is found to have refused to comply with or to have willfully violated any lawful rule or order of the Commission, or any provision of Chapter 364. Utilities are charged with knowledge of the Commission's rules and statutes. Additionally, "[i]t is a

common maxim, familiar to all minds, that 'ignorance of the law' will not excuse any person, either civilly or criminally." Barlow v. United States, 32 U.S. 404, 411 (1833).

Staff believes that the conduct of each of the companies listed on page 7, by refusing to allow staff access to company records, in apparent violation of Section 364.183(1), Florida Statutes, has been "willful" in the sense intended by Section 364.285, Florida Statutes. In Order No. 24306, issued April 1, 1991, in Docket No. 890216-TL, In re: Investigation Into The Proper Application of Rule 25-14.003, F.A.C., Relating To Tax Savings Refund for 1988 and 1989 for GTE Florida, Inc., having found that the company had not intended to violate the rule, the Commission nevertheless found it appropriate to order it to show cause why it should not be fined, stating that "In our view, willful implies intent to do an act, and this is distinct from intent to violate a rule." Thus, any intentional act, such as the conduct of the companies listed on page 7 at issue here, would meet the standard for a "willful violation."

The companies listed on page 7 did not respond to the Commission's first or second request for the above information. Therefore, staff recommends that the Commission order each of the companies listed on page 7 to show cause in writing within 21 days of the issuance of the Commission's Order why it should not be fined \$10,000 or have its respective certificate, as listed on page 7, canceled for failure to provide the Commission access to information in accordance with Section 364.183(1), Florida Statutes, Access to Company Records. Each company's response should contain specific allegations of fact and law. If any of the companies listed on page 7 fails to respond to the show cause order or request a hearing pursuant to Section 120.57, Florida Statutes within the 21-day response period and the fine is not paid within ten business days after the 21-day response period, the facts should be deemed admitted and the right to a hearing should be deemed waived and the company's respective certificate, as listed on page 7, should be canceled. If the fine is paid, it should be remitted by the Commission to the State of Florida General Revenue Fund pursuant to Section 364.285, Florida Statutes.

ISSUE 2: Should these dockets be closed?

RECOMMENDATION: No. If staff's recommendation in Issue 1 is approved, they will remain open pending the outcome of the show cause proceedings. If each of the companies listed on page 7 timely responds to its respective show cause orders, its respective docket should remain open pending resolution of the show cause proceedings.

Staff recommends that if any of the companies listed on page 7 fails to respond to the Order to Show Cause within the 21-day show cause response period and the respective fine is not received within ten business days after the expiration of the show cause response period, the company's respective certificate, as listed on page 7, should be canceled and its respective docket may be closed administratively. If each of the companies listed on page 7 pays the fine recommended in Issue 1, the company's respective docket should be closed. A protest in one docket should not prevent the action in a separate docket from becoming final. **(Keating)**

Dear:

Chapter 364, Florida Statutes, contains the framework the Commission uses for regulation of the telecommunications industry. As a result of certain amendments made to this chapter during the 1995 Legislative session, the Commission has a statutory mandate to prepare and deliver annually a report, to the Governor and the Legislature, on the status of competition in the telecommunications industry. The report is due December 1.

In order to meet this Legislative mandate we must gather data from the industry. The attached data request will help us evaluate the status of local competition in Florida. The survey was designed to enable fairly brief responses. In addition, we ask that you provide any comments or additional information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida.

Once the completed data request is received by the commission, the information will become public record. If you believe your response to the data request contains confidential information, you can request that your response be exempt from F.S. 119.07(1), General State Policy on Public Records. Enclosed is Florida Public Service Commission Rule 25-22.006, Florida Administration Code, which provides the necessary information for submitting confidential information to be exempt from F.S. 119.07(1).

In order to meet our statutory obligations, it is essential that we obtain this information in a timely manner. Florida Public Service Commission Rule 25-4.043, Florida Administration Code, Response to Commission Staff inquiries, states:
