APPLICATION FOR AUTHORITY

AMAFLA Telecom, Inc. ("Applicant" or "AMAFLA"), pursuant to Chapter 25-24, Section 25-24.810, Rules of the Florida Public Service Commission, hereby files an Application for Original Authority to Provide Alternative Local Exchange Services within the State of Florida ("Application") with the Florida Public Service Commission ("Commission"). In support of its Application, Applicant provides the following information in accordance with Florida Public Service Commission Form PSC/CMU 8 (11/95):

1. Applicant requests Original Authority to operate as a competitive local exchange company providing resold and facilities-based data services and voice services, initially provisioned as a switchless reseller, until full switching capabilities are implemented throughout the State of Florida, with intention of commencing initial service in the existing service areas of BellSouth, followed by GTE and Sprint/United/Centel. There currently is no planned calendar or planned date of implementation for facilities-based voice services.

2. Applicant's legal name is AMAFLA Telecom, Inc.

3 and 4. Applicant will be doing business as AMAFLA Telecom, Inc.

5A and B. Information concerning Applicant's national and Florida office is as follows:

40347 US Highway 19 North, Suite 122
Tarpon Springs, Florida 34689
Telephone: 727.738.5553
Facsimile: 727.738.5554

6. Applicant is a privately-held corporation incorporated under the laws of the State of Florida on March 21, 2000. Applicant's Articles of Incorporation are submitted as **Exhibit A.**

7. Applicant is a joint venture between ISG-Telecom Consultants Int'l, Inc. (of Florida) and AMA Holdings, Inc. (of Texas).

8. No officers, directors or any of the ten largest shareholders have previously been adjudged bankrupt in a telecommunications company, declared mentally incompetent, or found guilty of a felony or of any crime. No proceedings are pending against any officers, directors, or shareholders that may result in such a finding.

9. Applicant's corporate charter number is P00000030084. See attached **Exhibit A.**

10. Correspondence and communications concerning this Application and price list should be directed to Applicant's regulatory consultant:

Mr. Joseph Isaacs
ISG-Telecom Consultants, Int'l.
838 Village Way
Palm Harbor, FL 34683

Telephone: 727.738.5553
Facsimile: 727.738.5554
E-mail: isaacs@isg-telecom.com

11. Applicant is not currently providing services, but applicant's sister

11. Applicant is not currently providing services, but applicant's sister company AMA Holdings, Inc. d/b/a AMA Telecom, Inc. currently has a pending SPCOA application for local exchange authority in the State of Texas.

12. Applicant has not been denied certification in any state.

13. No penalties have been imposed against the Applicant in any state.

14. Any customer service related issues may be addressed to the Applicant's customer service department via a toll-free number. If an issue cannot be satisfactorily resolved at the initial level, the customer may request that a customer service supervisor review the matter.

15. In accordance with Commission Rule 25-24.825, Applicant's price list is attached as **Exhibit B**.

16A. Financial Capability. As proof that Applicant has the requisite financial ability to offer alternative local exchange services in the State of Florida, the unaudited income statement and balance sheet of Applicant's sister organizations, ISG-Telecom Consultants Int'l, Inc. and AMA Holdings, Inc., which are attached as **Exhibit C**. These documents are verified correct by Applicant's President and are presented in lieu of audited financial statements. As a start-up venture, Applicant requests that the Commission except the financial statements of its sister company. Additionally, as the nature of these documents is highly confidential and of potential benefit to Applicant's competitors, pursuant to Applicant's attached Motion for Protective Order, these documents are submitted under protective seal.

16B. Managerial Capability. Applicant's officers have been directly responsible for Applicant's success as a consulting company specializing in the set-up of Competitive Local Exchange Carriers and also as an internet service provider. A summary of the management experience of Applicant's senior officers is attached as **Exhibit D**.

16C. Technical Capability. As indicated by **Exhibit D**, Applicant's officers have experience in both telecommunications and internet services. Accordingly, Applicant believes it has the necessary technical ability to provide alternative local exchange services, including Plain Old Telephone Service ("POTS"), Integrated Services Digital Network ("ISDN"), and directory assistance. To the extent that Applicant will operate as a reseller of local exchange services, Applicant will rely on the technical ability of its underlying carriers. All access to 911 emergency service will be facilitated by Applicant's underlying carriers.

17. Commission approval of the instant Application will enable Applicant to offer the following long-term benefits to the public:

- A. greater value to subscribers through lower-priced, better quality services;
- B. innovative telecommunications services, including turnkey solutions for local and internet service;
- C. increased consumer choice in telecommunications service;
- D. efficient use of existing telecommunications resources, as well as increased diversification and reliability in the supply of telecommunications services; and
- E. an additional tax revenue source for the State of Florida.

18. Applicant will comply with all the rules and regulations of the Commission and will respond to any Commission request for further information or evidence regarding Applicant's proposed services.

WHEREFORE, AMAFLA Telecom, Inc. respectfully requests that the Florida Public Service Commission grant it Original Authority to Provide Alternative Local Exchange Services within the State of Florida.

Respectfully submitted this 28 day of March, 2000.

ARTICLES OF INCORPORATION

OF

AMAFLA Telecom, Inc.

In compliance with the requirements of Florida Statutes, Chapter 607, the undersigned, being a natural person, hereby acts as an incorporator in adopting and filing the following Articles of Incorporation for the purpose of organizing a business corporation.

ARTICLE 1 - NAME

The name of the Corporation is AMAFLA Telecom, Inc.

ARTICLE 2 - DURATION

The term of existence of the Corporation is perpetual.

ARTICLE 3 - ADDRESS

The street address of the corporation's principle office is:

10821 Venice Circle
Suite 1200
Tampa, Florida 33635

ARTICLE 4 - PURPOSE AND POWERS

This Corporation is organized for the purpose of transacting any and all lawful business for which Corporations may be incorporated under the Florida General Corporation Act.

1. **Capacity to Act.** The same capacity to act as possessed by natural persons and to do everything necessary, advisable or convenient for the accomplishment of any of the purposes hereinbefore set forth, or which shall at any time appear conducive to or expedient for the protection or benefit of the Corporation, and to do all other things incidental thereto or connected therewith which are not forbidden by law.
2. **To Carry Out Purposes.** The power to carry out the purposes hereinbefore set forth in any state, territory, district or possession of the United States, or in any foreign country, to the extent that such purposes are not forbidden by the law of any such state, territory, district or possession of the United States or by any such foreign country.

3. **To Have General Rights Granted by Act.** The power to have, exercise and enjoy in furtherance of the purposes hereinbefore set forth all the general rights, privileges and powers granted to corporations by the Act, as now or hereafter amended, and by the common law.
4. **To Deal in Personal Property.** To acquire (by purchase, exchange, lease, hire or otherwise), hold, mortgage, pledge, hypothecate, exchange, sell, deal in and dispose of, alone or in syndicates or otherwise in conjunction with others, commodities and other personal property of every kind, character and description whatsoever and wheresoever situated, and any interest therein.
5. **To Deal in Real Property.** To acquire (by purchase, exchange, lease, hire or otherwise), hold, own, improve, manage, operate, lease as lessee, let as lessor, sell, convey or mortgage, either alone or in conjunction with others, real estate of every kind, character and description whatsoever and wheresoever situated, and any interest therein.
6. **To Act as Agent.** To act in any state in which the corporation is qualified to do business, as agent or representative for any individual, association, corporation, or legal entity, respecting business which the corporation is authorized to transact.
7. **To Make Contracts.** To enter into, make, perform and carry out, or cancel and rescind, contracts for any lawful purposes pertaining to its business.
8. **To Deal in Patent Rights.** To acquire (by purchase, exchange, lease, hire or otherwise), hold, use, sell, assign, lease and grant licenses or sub-licenses in respect of, pledge or otherwise dispose of, letters patent of the United States or any foreign country, patent rights, licenses, privileges inventions, improvements, processes, copyrights, trademarks and trade names.
9. **To Deal in Good Will.** To acquire (by purchase, exchange, lease, hire or otherwise), all, or any part, of the good will, rights, property and business of any person, entity, partnership, association, or corporation heretofore or hereafter engaged in any business similar to any business which the corporation has power to conduct; to pay for the same in cash or in stocks, bonds or other obligations of the corporation or otherwise; to hold, utilize and in any manner dispose of the whole, or any part, of the rights and property so acquired, and to assume in connection therewith any liabilities of any such person, entity, partnership, association, or corporation, and conduct in any lawful manner the whole, or any part, of the business thus acquired.
10. **To Execute Guaranties.** To make any guaranty respecting stocks, dividends, securities, indebtedness, interest, contracts, or other obligations.
11. **To Enter Into Partnerships.** To enter into any lawful arrangement for sharing profits, union of interest, reciprocal association, or co-operative association with any corporation, association, partnership, individual or other legal entity, for the carrying on of any business which the corporation is authorized to carry on, or any business or transaction deemed necessary, convenient, or incidental to carrying out any of the purposes of the corporation.

12. **To Raise Funds.** To borrow or raise monies for any of the purposes of the corporation and, from time to time, without limit as to amount, to draw, make, accept, endorse, execute, and issue promissory notes, drafts, bills of exchange, warrants, bonds, debentures and other negotiable or non-negotiable instruments and evidences of indebtedness, and to secure the payment thereof, and the interest thereon, by mortgage on, or pledge, conveyance, or assignment in trust, of the whole, or any part, of the assets of the corporation, real, personal, or mixed, including contract rights, whether at the time owned or thereafter acquired, and to sell, pledge, or otherwise dispose of such securities or other obligations of the corporation for its corporate purposes.
13. **To Deal in Its Own Securities.** To acquire (by purchase, exchange, lease, hire or otherwise), hold, sell, transfer, reissue, or cancel the shares of its own capital stock, or any securities or other obligations of the corporation, in the manner and to the extent now or hereafter permitted by the laws of Indiana, except that the corporation shall not use its funds or other assets for the purchase of its own shares of stock when such use would cause impairment of the capital of the corporation, and except that shares of its own capital stock beneficially owned by the Corporation shall not be voted directly or indirectly.
14. **To Deal in Securities Generally.** To purchase, take, receive, subscribe for, or otherwise acquire, own, hold, vote, use, employ, sell, mortgage, lend, pledge, or otherwise dispose of, and otherwise use and deal in and with, shares or other interests in, or obligations of, other individuals, or domestic or foreign corporations, associations or partnerships, for whatever purpose or purposes formed or operating, or direct or indirect obligations of the United States or of any government, state, territory, governmental district or municipality or of any instrumentality thereof.
15. **Construction of Foregoing Sections.** The foregoing sections shall be construed as purposes as well as powers, and the matters expressed in each section shall, unless otherwise expressly provided, be in no way limited by reference to, or inference from, the terms of any other section, each of such sections shall not be construed as limiting or restricting in any manner either the meaning of general terms used in any of such sections, or the scope of the general powers of the corporation created thereby; nor shall the expression of one thing be deemed to exclude another not expressed, whether or not it be of like nature. The corporation shall not, however, carry on in any state, territory, district, possession or country, any business or exercise any powers, which a corporation organized under the laws thereof could not carry on or exercise.
16. **Limiting Clause.** Nothing in this Article contained shall be construed to authorize the conduct by the corporation of rural loan and savings associations, credit unions, or a banking, railroad, insurance, surety, trust, safe deposit, mortgage guarantee, or building and loan business, or to authorize the corporation to carry on the business of receiving deposits of money, bullion, or other foreign coins, or of issuing bills, notes, or other evidences of debt for circulation as money.

PRICE LIST FORMAT

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their Price List approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. **Check Sheets** - When a Price List filing is made with the Commission, an updated Check Sheet accompanies the Price List filing. The Check Sheet lists the sheets contained in the Price List with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The Price List user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.

SECTION 2 – RULES AND REGULATIONS

2.1. UNDERTAKING OF COMPANY

- 2.1.1. Company's services are furnished for residential telecommunications service for local calling within the State of Florida.
- 2.1.2. Company is a facilities-based provider of telecommunications to Customers for their direct transmission and reception of voice or data residential communications.
- 2.1.3. Company provides access, switching, transport and termination services provided by other underlying telecommunications PSTN local carriers.
- 2.1.4. The Company's services are provided on a monthly basis unless otherwise provided, and are available twenty-four (24) hours per day, seven (7) days per week.
- 2.1.5. Request for service under this Price List will authorize the Company to conduct a credit search on the Customer. The Company will require a two month subscription payment from each new subscriber as an advanced payment to obtain service: one month's payment to pre-pay the first month's service charges and one month's payment for the Company to hold towards future unpaid billing. The Company reserves the right to refuse service on the basis of credit history, and to refuse further service due to late payment or nonpayment by the Customer.

2.2. LIMITATIONS

- 2.2.1. Service is offered subject to availability of the necessary facilities and/or service and subject to the provisions of this Price List.
- 2.2.2. The Company does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.
- 2.2.3. The Customer obtains no property right or interest in the use of any specific type of facility, service, equipment, telephone number, process or code. All rights, titles and interests remain, at all times, solely with the Company.

SECTION 2 – RULES AND REGULATIONS, Continued

2.2. LIMITATIONS, Continued

- 2.2.4. Prior written permission from the Company is required before any assignment or transfer of service from one subscriber to another. All regulations and conditions contained in this Price List shall apply to all such permitted assignees or transferees, as well as all conditions of service. Transfers are not acceptable unless written permission from the Company is received by the transferring and the receiving transferee parties.
- 2.2.5. The Company may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the terms and conditions of this Price List are being complied with in the installation, operation or maintenance of the Customer's or the Company's facilities or equipment.
- 2.2.6. The Company reserves the right to refuse an application for service by a present or former Customer who is indebted to the Company for service previously rendered pursuant to this Price List until this indebtedness and any accrued interest or penalty amounts have been satisfied.

2.3. USE

- 2.3.1. Service may be used for the transmission of communications by the Customer for any lawful purpose for which it is technically suited.
- 2.3.2. Service may not be used for any unlawful purpose or for any purpose for which any payment or other compensation is received by the Customer, except when the Customer is a duly authorized and regulated common carrier. This provision does not prohibit an arrangement between the Customer, authorized user or joint user to share the cost of service.
- 2.3.3. The name(s) of the Customer(s) desiring to use the service must be set forth in the application for service.

SECTION 2 – RULES AND REGULATIONS, Continued

2.3. USE, Continued

- 2.3.4. The Company strictly prohibits use of the Company's services without payment or an avoidance of payment by the Customer by fraudulent means or devices including providing falsified calling card numbers or invalid calling card numbers to the Company, providing falsified or invalid credit card numbers to the Company or in any way misrepresenting the identity of the Customer.
- 2.3.5. Recording of telephone conversations of service provided by the Company under this Price List is prohibited except as authorized by applicable federal, state and local laws.
- 2.3.6. Service will not be used to call another person so frequently or at such times of day or in any other manner so as to annoy, abuse, threaten or harass the called party.
- 2.3.7. Service will not be used in any manner which interferes with other persons in the use of their service, prevents other persons from using their service or otherwise impairs the quality of service to other Customers.
- 2.3.8. The Company reserves the right to refuse an application for service made by a present or former Customer who is indebted to the Company for service previously rendered pursuant to this Price List until the indebtedness is satisfied.

2.4. LIABILITIES OF THE COMPANY

- 2.4.1. The liabilities of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service or other facilities and not caused by the negligence of the Customer, commences upon activation of service and in no event exceeds an amount equivalent to the proportionate charge to the Customer for the period of service during which such mistakes, omissions, interruptions, delays, errors, or defects in transmission occur. For the purpose of computing such amount a month is considered to have thirty (30) days. In no event will the Company be responsible for consequential damages for any losses suffered by a Customer or end user as the result of interrupted or unsatisfactory service.

2.4. LIABILITIES OF THE COMPANY, Continued

2.4.2. Company shall be indemnified and held harmless by the Customer against:

- A. Claims for libel, slander, infringement of copyright or unauthorized use of any trademark, trade name or service mark arising out of the material, data, information or other content transmitted over Company's facilities; and
- B. Claims for patent infringement arising from combining or connecting Company's resold facilities with apparatus and systems of the Customer; and
- C. All other claims arising out of any act or omission of the Customer in connection with any service provided by Company.
- D. Use of subscriber provided information, use of subscriber call detail records from any source, or any information derived from these sources when used in the investigation or prosecution of potential fraud, potential illegal activities, or any law enforcement organization's investigation that might involve the subscriber in any way.

2.4.3. Company is not liable for any defacement of, or damage to, the equipment or premises of a Customer resulting from the furnishing of services when such defacement or damage is not the result of the Company's negligence.

2.4.4. Company shall not be liable for, and the Customer indemnifies and holds harmless from, any and all loss claims, demands, suits, or other action or liability whatsoever, whether suffered, instituted or asserted by the Customer or by any other party of person, for any personal injury to, death of any person or persons, and for any loss, damage, defacement or destruction of the premises of the Customer or any other property, whether owned by the Customer or by others, caused or claimed to have be caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of equipment or wiring provided by Company's underlying carrier where such installation, operation, failure to operate, maintenance, condition, location or use is not the direct result of Company's negligence.

2.4. LIABILITIES OF THE COMPANY, Continued

- 2.4.5. No agents or employees of connecting, concurring or other participating carriers or companies shall be deemed agents or employees of the Company without written authorization.
- 2.4.6. The Company is not liable for any failure of performance hereunder due to causes beyond its control, including, but not limited to, unavoidable interruption in the working of its circuits or those of another common carrier; acts of nature: storms, fire, flood, or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or any other governmental entity having jurisdiction over the company or of any department, agency, commission, bureau, corporation, or other instrumentality or any one or more of such instrumentality or any one of more of such governmental entities, or of any civil or military authority; national emergencies, insurrections, riots, rebellions, wars, strikes, lockouts, work stoppages or other labor difficulties; or notwithstanding anything in this Price List to the contrary, the unlawful acts of the Company's agents and employees, if committed beyond the scope of their employment.
- 2.4.7. The Company shall not be liable for damages or adjustments, refunds or cancellation of charges unless the Customer has notified the Company, in writing, of any dispute concerning charges, or the basis of any claim for damages, within 20 days of when invoice is rendered by the company for the call giving rise to such dispute or claim, unless ordered by the Commission pursuant to Florida law. Any such notice must set forth sufficient facts to provide the Company with a reasonable basis upon which to evaluate the Customer's claim or demands.
- 2.4.8. The Company shall not be liable for any damages, including usage charges, that the Customer may incur as a result of the unauthorized use of its communications equipment. The unauthorized use of the Customer's communications equipment includes, but is not limited to, the placement of calls from the Customer's premises and the placement of calls through Customer-controlled or Customer-provisioned equipment that are transmitted or carried over the Company's network services without the authorization of the Customer. The Customer shall be fully liable for all such charges.

2.4. LIABILITIES OF THE COMPANY, Continued

2.4.9. The Company shall not be liable for the Customer's failure to fulfill its obligations to take all necessary steps, including obtaining, installing and maintaining all necessary equipment, materials and supplies for interconnecting the terminal equipment or communications system of the Customer, or any third party acting as the Customer's agent, to the Company's underlying carriers' networks.

2.4.10. With respect to Emergency Number 911 Service:

- A. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer, or by any other party or person, for any personal injury to, or death of, any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by: (1) mistakes, omissions, interruptions, delays, errors or other defects in the provision of this service; or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of any equipment and facilities furnishing this service.
- B. Neither is the Company responsible for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of Emergency 911 Service features and the equipment associated therewith, or by any services furnished by the Company, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing Emergency 911 Service, and which arises out of the negligence or other wrongful act of the Company, the Customer, its users, agencies or municipalities, or the employees or agents of any one of them.

2.4. LIABILITIES OF THE COMPANY, Continued

- 2.4.11. In the absence of gross negligence or willful misconduct, no liability for damages arising from errors, mistakes in or omissions of directory listings, or errors, mistakes or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, will attach to the Company.
- 2.4.12. The Company's liability arising from errors or omissions in directory listings will be limited to \$1.00.
- 2.4.13. As part of providing any private listing or semi-private listing services, the Company will not be liable for failure or refusal to complete any call to such telephone when the call is not placed by dialing a number which includes the number of the party called. The Company will try to prevent the disclosure of unpublished listings, but will not be liable in any manner should such a number be divulged.
- 2.4.14. When a Customer with a non-published telephone number places a call to the Emergency 911 Service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for the Emergency 911 Service, upon request of such governmental authority. By subscribing to service under this Price List, the Customer agrees to the release of such information under the above provision.
- 2.4.15. The Company will use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of, and compliance by the Customer with, the regulations contained in this Price List. The Company does not guarantee availability by any such date and will not be liable for any delays in commencing service to any Customer.

SECTION 2 – RULES AND REGULATIONS, Continued

2.5. EQUIPMENT AND FACILITIES

2.5.1. The Company will not be responsible for the installation, operation or maintenance of any Customer-provided communications equipment. Where Customer-provisioned equipment is connected to the facilities furnished under this Price List, the responsibility of the Company will be limited to the furnishing of facilities offered pursuant to this Price List. Beyond this responsibility, the Company will not be responsible for:

- A. the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or
- B. the reception of signals by Customer-provided equipment; or
- C. network control signaling when performed by Customer-provided network control signaling equipment.

2.5.2. At the request of the Customer, installation or maintenance may be performed outside of the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material or other costs incurred by or charged by the Company will apply. If installation or maintenance is started during regular business hours, but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays and/or night hours, additional charges may apply.

2.6. CUSTOMER RESPONSIBILITIES

2.6. CUSTOMER RESPONSIBILITIES, Continued

- 2.6.3. The Customer is responsible for establishing its identity as often as necessary during the course of the call or when seeking credits from the Company.
- 2.6.4. The Customer shall be responsible for reimbursing the Company for damage to, or loss of, the Company's facilities or equipment caused by the acts or omissions of the Customer; or the noncompliance by the Customer, with these regulations; or by fire or theft or other casualty on the Customer's premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company. The Company will, upon reimbursement for damages, cooperate with the Customer in prosecuting a claim against the person causing such damage and the Customer shall be subrogated to the Company's right of recovery of damages to the extent of such payment.
- 2.6.5. This Customer is responsible for not creating or allowing to be placed or maintained any liens or other encumbrances on the Company's underlying carriers' facilities.

2.7. INTERRUPTION OF SERVICE

- 2.7.1. Credit allowance for interruptions of service which are not due to Company's testing or adjusting, to the negligence or willful act of the Customer, or to the failure of channels, equipment and/or communications equipment provided by the Customer, are subject to the general liability provisions set forth in Section 2.4., herein. It shall be the obligation of the Customer to notify Company of any interruptions of service. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission of the Customer, not within the Customer's control.
- 2.7.2. For purposes of credit computation for service, every month shall be considered to have 720 hours. No credit shall be allowed for an interruption of a continuous duration of less than two (2) hours

- 2.11.4. Upon any governmental prohibition, or required alteration of the services to be provided or any violation of any applicable law or regulation, the Company may immediately discontinue or suspend service without incurring any liability.
- 2.11.5. The Company may discontinue the furnishing of any and/or all service(s) to a Customer, without incurring any liability: immediately and without notice if the Company deems that such action is necessary to prevent or to protect against fraud or to otherwise protect its personnel, agents, facilities or services, including the follow:
- A. The Customer refuses to furnish information to the Company regarding the Customer's credit-worthiness, its past or current use of common carrier communications services or its planned use of service(s);
 - B. The Customer provides false information to the Company regarding the Customer's identity, address, credit-worthiness, past or current use of common carrier communications service(s); or
 - C. The Customer uses, or attempts to use, service with the intent to avoid the payment, either in whole or in part, of the tariffed charges for the service by:
 - 1. Using or attempting to use service by rearranging, tampering with, or making connections to the Company's service not authorized by this Price List;
 - 2. Using tricks, schemes, false or invalid numbers, false credit devices, electronic devices; or
 - 3. Any other fraudulent means or devices;
 - D. The Customer uses service in such a manner as to interfere with the service of other users; or
 - E. The Customer uses service for unlawful purposes.

SECTION 3 - SERVICE DESCRIPTION

3.1. LOCAL EXCHANGE SERVICE

3.1.1 General

- A. Local Exchange Service provides a customer a single, analog, voice grade telephonic communications channel which can be used to place or receive one call at a time to and from, respectively, other stations on the public switched telephone network. Local exchange service also provides a customer with a unique telephone number address on the public switched telephone network and access to certain interstate and international services offered by Company. (a 'basic access line').
- B. A basic access line includes free access to Operator Services, Directory Assistance services, Telecommunications Relay Services and emergency services by dialing 0 or 911.
- C. Local exchange service requires the classification by the customer of the basic access line as either of a business or residence basic access line. Residence access lines may include an allowance for calls for which there are no usage charges. One listing in the alphabetical directory is included for both residential and business access lines.

3.1.2. Service Description

- A. Local Exchange Service will be offered throughout the State of Florida and will consist of, minimally a residential or business basic access line. Optional Services features will be available for order by the Customer, consisting of all or any of the following: Caller ID, Call Waiting, Call Forwarding and or Voice mail.

Section 3.2 CUSTOM CALLING FEATURES

3.2.1 General

The Custom Calling features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service.

3.2.2 Description of Features

A. Three Way Conference

The Three Way Calling feature allows a customer to add a third party to an existing two-way call and form a three-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

B. Call Forwarding

Call Forwarding, when activated, redirects attempted terminating calls to another customer-specific line. The customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the customer with the Call Forwarding is billed for the forwarded leg of the call.

3.2 CUSTOM CALLING FEATURES, Continued

3.2.3. Description of Features, Continued

C. Call Waiting/Cancel Call Waiting

Call Waiting provides a tone signal to indicate to a customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the customer disconnects from the call.

D. Distinctive Ringing

This feature enables a user to determine the source of an incoming call from a distinctive ring. The user is provided with up to two additional telephone numbers.

E. Multiline Hunting

This feature is a line hunting arrangement that provides sequential search of available numbers within a multiline group. Circular and uniform hunting can also be selected.

Hunt group charges apply to sequential, circular and uniform hunting and queuing with announcement per queue slot.

F. Speed Calling

This feature allows a user to dial selected numbers using one or two digits. Up to eight numbers (single digit, or thirty numbers with two digits) can be selected.

3.2 DIRECTORY ASSISTANCE

A Directory Assistance Charge applies for each telephone number, and area code, and/or general information requested from Directory Assistance operator. There is no charge for the first three calls per month to Directory Assistance. The Customer can request a maximum of two numbers per call to Directory Assistance. Charges set forth in Section 4.2 will apply for each additional request made to the Directory Assistance Operator.

Directory Assistance Local Call Completion

Directory Assistance Call Completion allows the Customer the option to have their local calls completed to a requested number by either the Directory Assistance operator or the Directory Assistance audio response system that provide the requested number. All completed calls will be charged the Directory Assistance Call Completion Charge, in addition to any other appropriate charges. See Section 4.2 for Rates.

3.3 DIRECTORY LISTINGS

One Listing, termed the initial listing, is included with each Customer's service. Additional listings are confined to the names of those who are entitled to the use of the Customer's service. Telephone numbers of non-published service are not listed in the Telephone Company's directories or on directory assisted records. Listing information (name, address and number) on non-published service is not available to the general public, notwithstanding any claim of emergency the calling party may present. Telephone numbers of non-directory listed service are omitted or deleted from the Company's alphabetical directory, however, they are carried in the Company's directory assistance and other records and are given to any calling party.

3.4 LOCAL OPERATOR SERVICES

Operator Services provide for live or automated operator treatment of calls when a customer dials “0”. Services include, but are not limited to Busy Line Verification, Operator Verification \ Interrupt Service and Operator Assisted Call Completion Services. Access to Operator Services is provided at no charge, however, a per-call service charge and a per minute usage rate will apply when the customer elects to utilize a chargeable Operator Service.

3.4.1 Busy Line Verification

Utilizing operator assistance, the caller is able to accomplish any of the following:

- A. verify that a called line is in use
- B. verify that a called line is in use, or if it is clear, have the operator place the call
- C. verify and interrupt a call that is in progress

3.4.2 Operator Verification \ Interrupt Service

Where facilities and operating conditions permit, Carrier’s operators may verify busy line conditions and/or interrupt a conversation in progress at the calling party’s request.

3.8 LOCAL EXCHANGE - DATA SERVICES

3.8.1 Frame Relay Service (FRS)

A. Description

Frame Relay Service (FRS) is a provisional service which provides a high speed statistically multiplexed data service that allows for the transfer of variable length frames across a wide geographical area. Frames travel at high speed from the source to the desired destination via virtual connections (switched or permanent virtual connections). Frame Relay allows end users to share network resources. Each individual access link and Frame Relay port can be shared by traffic to multiple destinations.

This service, comprised of three components: local loop access, FRS port and the Data Link Connection Identifiers (DLCIs). The local loop access to the FRS network is through a dedicated, non-multiplexed digital line at 56 Kbps (DS0), 1.544 Mbps (DS1), or 44.736 Mbps (DS3). The FRS Port allow access to the FRS network. The DLCIs identify the address information and route the framed data. The DS0, DS1 and DS3 access services is offered in conjunction with Incumbent Local Exchange Carrier pursuant to and at the rates set forth in their relevant tariffs.

The Data Link Connection Identifiers are established at the time of service subscription at customer specified end points making a Permanent Virtual Connection (PVC). The FRS network will only transmit data between authorized DLCIs. Each PVC has a pre-assigned Committed Information Rate (CIR) and a Burst Rate (BR). This provides bandwidth sharing and bandwidth on demand capabilities.

The Company may also provide to subscribers a traffic data report upon request by the Customer.

3.8.1 Frame Relay Service (FRS), Continued

B. Definitions

Access Link

A dedicated non-multiplexed digital access line at 56 Kbps, 1.544 Mbps, or 44.736 Mbps. This link can only be used for accessing Frame Relay Service.

Burst Rate

The upper bandwidth limit the permanent virtual connection is allowed to send data through the FRS network. The burst rate is limited by the actual physical port access speed.

Committed Information Rate

The CIR represents the base-level bandwidth the permanent virtual connection is allowed to send data through the network. This rate will be lower than the speed of the physical access line.

Data Link Connection Identifier (DLCI)

The address information assigned to customer designated end points used to identify PVCs and route frames of data. The frame relay virtual circuit number corresponding to a particular destination which is part of the frame relay header and is usually ten bits long.

Frame

A group of data bits, in a specific format, with a flag at either end to indicate the beginning and end of the frame. The defined format enables network equipment to recognize the meaning and purpose of specific bits.

B. Definitions, Continued

Permanent Virtual Connection (PVC)

A virtual circuit set up administratively, by a network operator, for a dedicated point-to-point connection between two customer designated end points.

Port

The physical entry point for the local loop access to the FRS network.

Switched Megabit (or Multi Megabit) Data Services (SMDS Access)

A way for a corporate network to dial up switched data services as fast as 45 Megabits per second.

Traffic Detail

A monthly report of data traffic information that provides the customer with details on frame and byte counts, dropped and congested frames.

Virtual Connection (circuit)

A connection established through a frame relay or packet network. Frames or packets are routed through the connection as an order-preserving transfer of data. This connection functions like a dedicated circuit between the end points.

C. Regulations

1. Frame Relay Service will be furnished within Service Areas where facilities and operating conditions permit, and technical feasible.
2. The customer must provide the Company with a point of contact for inquiries, trouble reports, and security management involving the service configuration.
3. Subsequent DLCI orders are required when a customer chooses to add PVC(s) or change PVC assignment on a given FRS port after the initial port installation.
4. At service subscription, the customer must specify the Committed Information, Rate and the Burst Rate for each PVC ordered.
5. Error correction is the responsibility of the customer's Frame Relay compatible terminal equipment. When the FRS network is congested, the FRS notes will discard frames with errors and may discard customer data that exceeds the CIR ordered at service subscription.
6. The Company will provide network-to-network interface (NNI) interconnection to its Frame Relay Service to all customers who request it until such time as a national Frame Relay Service interconnection standard is formally approved.

3.8.2 Integrated Services Digital Network (ISDN) Primary Rate Interface (PRI)

A. Description

Integrated Services Digital Network (ISDN) is a set of transmission protocols that provides end-to-end digital connectivity and integration of voice, data and video, on a single Subscriber loop to support a wide variety of services via the public switched telephone network. The Primary Rate Interface (PRI) consists of a 23B+D configuration with 23* 64Kbps Bearer (B) digital channels and one 64 Kbps Data (D) digital channel. The B channels are designed for voice, data, image and sound transmissions. B channels can support synchronous, asynchronous or isochronous services at rates up to 64 Kbps. B channels can be aggregated for higher bandwidth applications. The D channel PRI provides the out of band signaling, call control and messaging.

PRI is provided through standard four wire DS-1 (1.544Mbps) point to point, private line facilities that enables Subscriber control of the 24 individual channels.

B. Regulations

1. ISDN-BRI will only be provided where central office facilities and operating conditions permit.
2. ISDN-BRI is furnished to customers at the rates and charges as shown in Section 4, which are in addition to other rates and charges for the Local Exchange Service.
3. Rates and Charges for other optional features are in addition to those for ISDN-BRI service and are provided only where facilities and operating conditions permit.

3.8.3 ADSL

A. Service Description

Asymmetrical Digital Subscriber Line (ADSL) Service is an access data technology service which provides high speed connections services over existing copper facilities. ADSL service is offered in speed levels of 384 Kbps Down/128 Kbps Up to 6 Mbps Down/384 Kbps Up. The "up" speeds represent "transmission speeds in kilobytes from the customer designated location (CDL) to the Company's ADSL connection point, while the "down" speeds represent "transmission speeds in kilobytes and megabits," from the Company's ADSL connection point to the CDL. The connection point is the aggregation point designated by the Telephone Company for connecting multiple Telephone Company ADSL serving wire centers via the backbone network services to the CDL.

ADSL Service is provisioned over existing Company copper facilities and transported to the Company's backbone network. ADSL Service provides a connection from the customer designated location (CDL) to the ADSL connection point. Access from the Company's ADSL connection point will be provided via Frame Relay Service, where facilities permit. Frame Relay Service is available in Section 3.8.1. A customer may utilize their existing Frame Relay Service or may submit any order to establish new facilities. The associated rates and charges for Frame Relay Service will apply in addition to the rates and charges associated with the ADSL Service rate elements.

The Company will qualify the ADSL Service between the CDL and the serving wire center. The purpose of qualification is to determine the availability and suitability of existing Company copper facilities to provide the service. The Company will not provision this service on facilities which are not suitable for ADSL.

3.8.3 ADSL, Continued

A. Service Description, Continued

The Company does not undertake to originate data, but offers the use of its service components, where available, to customers for the purpose of transporting customer-originated data.

ADSL will be provided subject to the availability and limitations of Company wire centers and outside plant facilities and is only available where technical capabilities permit such facility distance and type of physical plant.

B. Responsibility of the Company

The Company will provision and maintain ADSL service for the customer up to and including the Network Interface Device (NID).

C. Rights of the Company

The Company will not provision ADSL service if the Company reasonably determines that (a) it is not technically feasible over existing facilities or (b) it will cause interference problems with existing services.

During the Company's network maintenance and software updates period, it may be necessary to place the ADSL wire center out of service. The Company reserves the right to temporarily interrupt ADSL Service at other times in emergency situations.

1. Rate Elements

A nonrecurring charge and a monthly rate apply for the installation of ADSL Service. The nonrecurring charge is also applicable when changing bandwidth.

ADSL Service is available in two service level packages, and is based on the "downstream and upstream" speeds chosen by the customer. The service levels are as follows: The Platinum Plus is available for multi-user applications. A customer may have multiple packages.

<u>Downstream</u>	<u>Upstream</u>
Up to 1.5 Mbps, guaranteed at 384 Kbps	128 Kbps
Up to 6 Mbps, guaranteed at 1.5 Mbps	384 Kbps

Data speeds set forth above are peak periods. Actual speeds may be affected by loop distance and other factors, therefore, data speeds are not guaranteed.

MANAGEMENT EXPERIENCE
(Attached)

Key Individuals:

David Boyd – David founded Amarillo Online, Inc. in 1995. Since then it has grown into a well respected ISP in the local Amarillo market. It currently serves over 3000 customers and has NationWide access numbers in over 1400 cities across the U.S. David graduated from Oklahoma State University with a B.S. in Aviation Sciences. He also has a Masters of Business Administration (MBA) from West Texas A & M University. He has been programming computers and working with computers since 1985. He was first introduced to the Internet in 1989 while attending OSU. After graduating from OSU he flew airplanes and taught flying lessons in San Marcos, TX while working on his MBA. This is where he was first introduced to the remote access technologies and network design. He then moved back to Amarillo in 1993 to finish his MBA. Over the past several years, David has worked extensively with small businesses and helped many to design networks and help ensure they have workable and feasible solutions to grow with the rapid changes in technology. He also consults businesses in IP application design to help re-engineer their business processes and cut costs.

Stephen Boyd – Stephen is a graduate of San Diego State University where he helped layout and install a major Point of Presence (POP) on the new and emerging Internet in the late 1980s. He also worked for the University computing services at SDSU. He currently is an engineer for Cisco Systems and is an expert in IP and network design. He has worked on networks and has designed network and Internet strategies for fortune 500 companies such as Johnson & Johnson, General Instrument, SAIC, Intuit, Qwest, Qualcomm and many others. He currently oversees all network layout and design characteristics for Amarillo Online's network and Internet setup. He has worked extensively with Voice over IP and emerging New World technologies. Stephen will be the chief design architect and will oversee the integration of the Summa Four switch into the Amarillo Online network. He will work closely with all consultants to ensure interoperability and functionality between all new network elements and our current network.

Darrell Howard – Darrell is a retired Southwestern Bell business line engineer. He worked at Southwestern Bell for 32 years before retiring in 1999. He is an expert in switch design, business line install, testing, and network design of the legacy telco network. He worked in switching for 12 years, carrier systems for 10 years, and special services for 10 years. Darrell has been brought in for consulting on integration of our services and equipment into the Bell network. He will also be used to help train and provide technical assistance to our team as well as provide secondary help in the technical aspects of our network design.

Mechelle Allen – Mechelle is one of the original founders of Amarillo Online. She has gained significant experience with customer care, support services and human resources. She has worked extensively with the ILEC and is instrumental in all line drops, provisioning and testing of all new carrier lines and data services. She works extensively with the ILEC and acts as the liaison between the ILEC and Amarillo Online.

Amarillo Online Staff – Amarillo Online currently has 9 full and part time employees. Their technical expertise and backgrounds are varied and provide us with a robust and complete mix of people. The expertise of the staff range from Windows desktop computers to IP subnet design. As new services are added, we will keep a new flow of employees coming in through our relationships with the Amarillo Independent School District, Amarillo College and West Texas A & M University. All employees will start in the support department where they gain an in depth knowledge of the systems and how they work and function together. This gives all new employees a 'birds eye' perspective of how the business is put together and prepares them for movement into positions of higher responsibility.

Mr. Isaacs founded ISG-Telecom Consultants Int'l. shortly after the Telecom Act of 1996 was passed. His business insight regarding the telecommunications industry, ISP's and "next generation" telcos has enabled him to create a "turn-key solutions" telecommunications consulting firm that is not only leading, but also taking the industry by storm. Mr. Isaacs brings extensive telecom & business expertise to the organization. As Founder, President and CEO he is responsible for all the day-to-day operations of ISG-Telecom - including CLEC set-up, CLEC training & strategies, sales, marketing, contracts, project managers, strategic partnerships and public relations. Mr. Isaacs holds an equity interest and sits on the Board of Directors of many new CLEC's including Netcon Telecom, Inc. , TeleFriend, Inc., Crystal Clear Connections, Inc. & Diversified Telecommunications, Inc.

ISG-Telecom provide an array of Telecom services including:

MOTION FOR PROTECTIVE ORDER

AMAFLA Telecom, Inc. ("Applicant" or "AMAFLA"), pursuant to Rule 25-22.006(5)(a) of the Florida Administrative Code hereby moves for a Protective Order from the Florida Public Service Commission. This Motion pertains to confidential financial statements (hereinafter, "Proprietary Documents") submitted with Applicant's Application for Original Authority to Provide Alternative Local Exchange Services as **Exhibit C** in the above-referenced proceeding.

In support of its motion, Applicant states as follows:

JUSTIFICATION

The material contained within the Proprietary Documents comprise highly confidential financial information that would be of significant benefit to competitors. By reviewing its financial information, competitors could determine the extent of Applicant's sister organization's operations, which could cause significant and possibly irreparable harm to Applicant and its sister companies.

The information contained within the Proprietary Documents is of no benefit to the general public. Release of the information contained within the Proprietary Documents to competitors or potential competitors could cause irreparable and continuing financial and operational harm to Applicant and its sister company. The protection sought herein is consistent with relief granted to other applicants under similar circumstances in past proceedings.

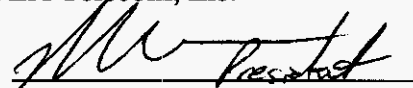

CONCLUSION

WHEREFORE, Applicant respectfully submits that there is substantial basis for restricting public disclosure of its financial statements, and therefore, requests that the Proprietary Documents be withheld from public inspection.

Respectfully submitted this 28 day of March, 1999.
