RE: Carib Comm., L.P. TI-255

000034-TI

Dear Ms. Bayo:

This letter is our response to your letter dated February 22, 2000. Carib Comm ceased to do business in the State of Florida as of September 1999. We contacted Ms. Biegalski on March 8, 2000 and responded to her letter dated August 2, 1999. A copy of our response and our letter has been included for your review. In that letter, the PSC wanted to know if there were any overcharges to our customers with regards to 0+ / 0- calls. Carib Comm never offered operator services to its customers. Also, in that same letter the PSC wanted to know when we would be revising our tariffs. As we mentioned before, Carib Comm ceased to do all and any type of business as of September 1, 1999, therefore, a revision of the tariffs was not necessary.

In reference to the penalty and interest for the year 1994, we have enclosed a copy of a letter dated September 9, 1994 from Mrs. Valorie Moore in which she mentions the delinquency in this account. Our controller for the company, Ms. Terry Remon, contacted Mrs. Moore on September 16, 1994 and Mrs. Moore told Ms. Remon to

disregard this notice. We were under the assumption that no money was due on this return. As for penalties and interest for 1995 and 1997, we would like to get the amount due for both returns in order to pay it. We have never received any notice telling us how much we owe on those returns. Your letter from February 22, 1999 was our first and only indication that we owed any money at all.

Since Carib Comm is no longer in business, we would like to request that both certificates be cancelled as of September 1, 1999. The certificates that need to be cancelled are:

Interexchange Companies Regulatory Assessment – TI 255  
Pay Telephone Service Provider Regulatory Assessment – TF 104

Dear Ms. Biegalski:

Enclosed please find a copy of your certified letter from August 2, 1999 and our response. Since our business started in 1994, we have never had any payphones or operator services. Our business was strictly long distance service, therefore, there has never been any overcharge to customers on payphones and/or operator related charges.

If you have any further questions, please feel free to contact me. Thank you in advance for your cooperation on this matter.

Sincerely,

Terry Remon

**CERTIFIED**

Dear Mr. Mahan:

Staff is in the process of investigating the tariffed rates of the certificated operator service providers in the State of Florida. As a result, it appears that the operator service provider rates on file with the Florida Public Service Commission are in excess of the rate caps as provided in Rule 25-24.630, Florida Administrative Code. For your convenience, I have attached a copy of the Rules Governing Operator Service Providers.

Because its tariffed rates appear to exceed the rate caps applicable to an operator service provider for intrastate 0+ or 0- calls made from a pay telephone or in a call aggregator context, Carib may have overcharged consumers from the time the rate caps became effective on February 1, 1999. Please investigate and provide a written response to the following questions by August 17, 1999:

1. Please identify all circumstances in which an overcharge may have occurred (i.e. payphones, hotels/motels, etc.). *never*
2. Please identify if the apparent overcharges were 0+ and/or 0- calls. *n/d*
3. How many, if any, consumers were charged more than the rate caps applicable February 1, 1999? *none*
4. What is the total overcharge, if any, since February 1, 1999? *none*
5. In consideration of Rule 25-4.114, Refunds, Florida Administrative Code, what is Carib's proposal to refund consumers should overcharges be determined? *n/d*
6. When will Carib revise its tariff to comply with Rule 25-24.630, Rates and Billing Requirements, Florida Administrative Code? *we will not renew our*

Should you have any questions, please feel free to contact me at (850) 413-6546.

Sincerely,
