VOTE SHEET

RE: DOCKET NO. 980119-TP - Complaint of Supra Telecommunications and Information Systems, Inc. against BellSouth Telecommunications, Inc. for violation of the Telecommunications Act of 1996; petition for resolution of disputes as to implementation and interpretation of interconnection, resale and collocation agreements; and petition for emergency relief.

Issue 1: Should Supra's Motion for Oral Argument be granted?

Recommendation: No. The matters upon which Supra seeks reconsideration are clearly set forth in the pleadings and the record. Staff does not believe that oral argument would aid the Commission in evaluating Supra's Motion for Reconsideration. Staff recommends that the Motion for Oral Argument be denied.

Issue 2: Should the Commission grant Supra's Motion for Reconsideration and BellSouth's apparent cross-motion for reconsideration?

Recommendation: No. Supra and BellSouth have failed to identify a point of fact overlooked by the Commission or a mistake made by the Commission in rendering its decision. Therefore, Supra's Motion for Reconsideration should be denied, as well as BellSouth's cross-motion for reconsideration, contained in its Response, requesting that the matter be set for hearing on the issue of on-line edit checking capability.

APPROVED

Issue 3: Should this Docket be closed?

Recommendation: No. Whether or not the Commission approves staff's recommendation in Issues 1 and 2, no further determinations will remain to be made by the Commission. However, this Docket should remain open pending the outcome of the federal proceeding.
