Thanks for bringing this to our attention, Cayce. As I said, I believe the filing was placed in the already-open docket because it appeared to be an amendment to the first filing.

In any event, we will open 000414-TP to handle GTE's petition for approval of supplemental interconnection agreement. DN 02823-00 will also be moved from 000259 to 000414.

Docket No. 000259-TP, as presented to CMU, contains a petition for approval of an Adoption of an approved agreement and a second petition for approval of a Supplemental Interconnection Agreement. This second petition for approval of the Supplemental Interconnection Agreement should be removed from this docket, assigned its own docket no., and placed on the consent agenda for Commission approval. Docket No. 000259-TP containing the petition for approval of an Adoption will be approved administratively as is ("Memo to Docket" brought to R&R this a.m.).

Thanks  
Cayce
