Re: Communications Division Data Request in Docket No. 981444-TP
AT&T's Third Claim for Confidential Treatment (Unused and Reserved NXXs)

Dear Ms. Bayó:

AT&T Communications of the Southern States, for itself and its affiliate AT&T Wireless Services (collectively hereinafter "AT&T"), pursuant to Section 364.183(1), Florida Statutes, hereby claims that certain information provided in response to Levent Ileri's March 3, 2000, e-mail data request for the assignment and activation dates for unused and reserved NXXs assigned to AT&T in Florida contains confidential and proprietary business information that should be held exempt from public disclosure. Pursuant to Rule 25-22.0006(5), Florida Administrative Code, in the attached envelope identified as Exhibit "A" is one paper copy of AT&T's response with the confidential information highlighted. Attached as Exhibit "B" are two paper copies of AT&T's response with the confidential information redacted.

AT&T's response includes information for AT&T Wireless Services ("AWS"), a cellular mobile radio service ("CMRS") provider that is not a "telecommunications company" for purposes of chapter 364, Florida Statutes. By providing this information, AWS should not be construed as a "telecommunications company" for purposes of chapter 364 nor should AWS be considered to have waived any position with respect to the Commission's jurisdiction, pursuant to the FCC's Order No. FCC 99-249, issued September 15, 1999, to obtain number utilization data from CMRS providers.

This claim of confidentiality was filed by or on behalf of a "telco" for Confidential DN 0494-00. The document is in locked storage pending advice on handling. To access the material, your name must be on the CASR. If undocketed, your division director must obtain written EXD/Tech permission before you can access it.
