Re: Data Request in Docket No. 981444-TP

Dear Mr. Talbott:

By letter dated April 11, 2000, Telecommunications Director Walter D'Haeseleer requested information from carriers on numbering resources.

Metromedia Fiber Network Services, Inc. ("MFNS") was certified by the Commission on August 3, 1999 as an Alternate Local Exchange Carrier ("ALEC"). At this time, MFNS does not provide any services that require number resources. MFNS has not been issued any NXXs in Florida and does not expect to be issued NXX in the near future.

Please return the extra copy of this letter to us in the enclosed envelope.

Please contact me if you have any questions or require additional information.

Sincerely,

Karen Nations
