Richard L. Vega

Date/Place of Birth

December 31, 1964 New York City, NY

Married, One Child

Education

September 1989-June 1992 Columbia University

September 1988-June 1989 Dowling College

Work Experience

March 2000-Present PatriotCom Inc Hallandale, Fl

President/CEO

- Developed strategic plan and go-to-market strategy for the line of products and services, building on personal past experience and the available skills and of the organization to facilitate the transition to a CLEC.
- As President I will drive the development and delivery of new and improved services, drawing from past and current technological and market shifts.
- Responsibilities include negotiating with various hardware vendors and service support organizations.

July 1997-March 2000 Patriot Communications, Inc Coral Springs, Fl

President-Owner

As the president of Patriot Communications most of the past two and a half years has been spent on researching the convergent communications market place. Research consisted of developing a through understanding of the south Florida market place for communications services. Formulated sales and marketing strategies and developed a complete business plan to enter the local telephone market.

1995-1998 Telecarrier Network Group

NYC, NY

A Communications Consulting Company. Master agent for Sprint, Telco, Frontier, Winstar and NYNEX. Telecarrier sold local and long-distance telecommunication services to medium and large businesses. Those products included: switched and dedicated local and long distance, optional local services offerings (i.e. V-Mail, etc.), Centrex services, Dedicated Internet Access, Web Hosting, Virtual Server Hosting Services and Server Co-Location Services.

President

In my capacity as President, I was responsible for leading the direction of the company. I Formulated sales and marketing strategies and oversaw the implementation of the outlined strategies. Achieved significant sales increases by formulating sales strategies and coaching Sales managers to redirect the activity of the Sales Teams. This move compressed the sales cycle and enabled the sales force to focus on selling the services. Responsibilities included ongoing negotiations with the various long distance and local telephone companies.

- Interviewed prospective employees.
- Developed an extensive sales and service training program.
- Assembled yearly budgets and projected sales goals.
- Conducted quantitative market analyses to identify customer needs and develop service requirements.
- Charged with full P&L responsibility.
- Reduced costs by 20% by introducing service order flow management methods, formalizing processes for processing, pricing, promotion, and provisioning.
- Organized and led a marketing team to establish roles and responsibilities across service lines, markets and vendors resulting in elimination of unfulfilled customer service request.

1993-1995 Teleservice Partners ltd

Melville, NY

A Communications Consulting Company. Agent for Sprint and Telco. Teleservice sold long-distance telecommunication services to medium and large businesses. Those products included: switched services, dedicated long distance and local loops.

1985-1987 New York City Police Department

NYC, NY

- Youngest appointed Police Officer.
- Recognized for outstanding Police work and Bravery.
- Injured in the line of duty.
- Disability retirement June 1987

Hallandale, FL 33009
Security and Fire Alarm company for installation, maintenance and monitoring of commercial
and residential systems. Also provide services for other low voltage installations.
Job title: Owner and Chief Financial Officer.

Sandy S. Segall and Coastline Building Corporation

Sandy S. Segall joined his father over 20 years ago working for Atlantic Coast Development Corporation while earning his General Contractors license as well as a Law Degree from the University of Miami. Together, the Segall's founded Coastline Building Corporation as a low-rise alternative to Atlantic Coast Development Corporation.

Coastline Building Corporation has also earned a sterling reputation while constructing quality townhomes, villas, single family homes, warehouses, hotels/motels, office buildings, and condominiums throughout South Florida for over 10 years.

Coastline is also well versed in all aspects of the development of raw land: site design and layout; processing plans with Local, State and Federal governmental regulatory agencies (PUD's, DRI's etc.); clearing, digging, blasting and filling land to proper grades; underground utilities such as site drainage (storm drainage) as well as water, sewer, electric, telephone, CATV, etc; roads and curbing; sidewalks; street lighting; entrance and street landscaping; security concerns and much more.

A sampling of some recent projects include:

Hotel/Motel: Grand Palms Country Club -- construction of new hotel buildings and sales building as well as major renovation of existing hotel and clubhouse.

Villas: Great Western Homes -- 20 "A" frame chalet style villas in Jacaranda.

Condominium: Mayfair in Boca Raton -- a luxury five story atrium condominium on A1A.

Warehouses: Skylake Executive Industrial Park -- a collection of seven (7) office/warehouse buildings with over 250,000 square feet including a three (3) story office building.

Single Family: Luxury estate homes have been built in Dade and Broward Counties. We draw from our hi-rise experience at Atlantic Coast when we build exclusive homes on deep water locations.

Coastline is also the developer of The Enclave at Grand Palms Golf and Country Club Resort.

Marina: Molasses Reef Marina (Kawama Yacht Club) in Key Largo.

Coastline Building Corp. is also a licensed pool contractor (Sandy S. Segall, qualifier) and utilizes this license to build custom pools for the custom homes. While Coastline has built several pools for existing homes, they have usually been only very special such as oversized, unusual designs or commercial design pools when not for a Coastline home.

The Atlantic Coast Development Corporation and The Coastline Building Corporation utilize extensive quality control checks and balances whether they are building the tallest hi-rise or a single family home. They are proud of their attention to detail and strive to construct nothing but the highest quality in all work performed.
