3. The issues raised in this docket concern the appropriate methods to compensate carriers for exchange of traffic subject to Section 251 of the Telecommunications Act of 1996. Certificated telecommunications companies represented by FCTA in this proceeding exchange traffic with local exchange companies in order to provide local exchange service. Accordingly, FCTA's substantial interests will be affected by the outcome of this proceeding regarding compensation methods for the exchange of traffic.

4. As the representative of the interests of its members' certificated telecommunications companies, FCTA's intervention is appropriate. Indeed, FCTA has actively sought to promote telecommunications competition as a party of record in Commission proceedings for many years and has been granted intervention in numerous dockets which directly impacted its members.

5. FCTA's intervention will advance judicial efficiency by consolidating the participation of the multiple certificated telecommunications companies it represents.

WHEREFORE, for the foregoing reasons, FCTA requests that the Commission grant its Petition for Intervention, and afford FCTA full party status in this proceeding.

Respectfully submitted this 2nd day of June, 2000.
