DATE: June 12, 2000
 TO: Chairman Joe Garcia
 FROM: Division of Regulatory Oversight (Hoppe) *JGH*
 RE: Request to add Dockets Nos. 000401-TX, 000606-TX, 000575-TX, 991899-TI, and 991704-TI to the June 20, 2000, Consent Agenda - Item No. 2 (A) and (B)

Page 2 of Staff's Recommendation, listing the Certificate Applications for Alternative Local Exchange Services and page 2 of Staff's Recommendation, listing the Certificate Applications for Interexchange Services did not get filed with Records and Reporting on June 8, 2000. Therefore, staff is requesting that the dockets referenced below be added to the Consent Agenda - Item No. 2:

- (A) 000401-TX, 000606-TX, and 000575-TX
- (B) 991899-TI and 991704-TI

Failure to add the above dockets to the Consent Agenda will cause a delay in the applicants receiving their certificates, and, thus their ability to be able to operate in Florida. Further, Staff does not believe these applicants should be penalized for Staff's error, and respectively, request that these dockets be added to the June 20,2000, Consent Agenda.
