(Continued from previous page)

Issue 2: Should the Commission order FPL to explore other reasonable alternatives and associated costs to the current pole placement along Southwest 27th Terrace?

Recommendation: Yes. Although FPL is in compliance with the NESC and other legal requirements, staff believes there may be other prudent alternatives available to the company. Therefore, staff recommends that the Commission order FPL to file other reasonable alternatives to the current pole placement along Southwest 27th Terrace and the associated costs.

**MODIFIED**

*The Commission will request that FPL file other reasonable alternatives together with associated costs.*

Issue 3: Should this docket be closed?

Recommendation: No. This docket should remain open until the Commission has reviewed the alternatives and the costs submitted by FPL.
