RE: Docket 920260-TL, Reclassify document 13264-93 to a non confidential status

Please reclassify document 13264-93 to a non confidential status. This document was marked as confidential in error.

On November 22, 1993, staff filed an audit report entitled the "1992 Southern Bell Rate Case Update" (audit control number 93-193-4-1), document no. 12487-93. This audit was filed as confidential with 2 cover memoranda, one from Sylvia Pelt (document 12486-93) and a second memo from Beth Salak which indicated the audit was forwarded under a separate cover (not given a separate document number).

On December 9, 1993, staff filed a revised audit report concerning the "1992 Southern Bell Rate Case Update" (also audit control number 93-193-4-1), document 13182-93. This revised audit was also filed as confidential with 2 cover memoranda, one from Sylvia Pelt (document 13181-93) and one from Timothy Devlin (document 13264-93).

Erroneously document 13264-93 was marked as confidential. Document 13264-93 appears to be one of 2 cover memoranda used to transmit the revised confidential 1992 Southern Bell Rate Case Update Audit Report (document 13182-93) to Records and Reporting.

Lastly, the confidential audit report in question (Document 13182-93) has been declassified; Southern Bell withdrew its request for confidential protection of this information.
