Calling Card Calls - Calls for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose. At the caller's option, and depending upon the service available at a intervention of an attended operator position (i.e. a "live" operator) or may be on an "automated" basis, the latter are termed "Customer Dialed Calling Card Calls" for the purposes of this tariff.

Collect Call - Calls for which charges are billed not to the originating telephone number, but to the destination or termination telephone number.

Credit Card Calls - Calls for which charges are billed, not to the originating telephone number, but to a credit card, such as VISA, MasterCard, or American Express.

Operator Service Charge - A non-measured (fixed) charge which is added to a measured charge in calculating the total tariff charges due for a completed Operator Assisted Call.
