RE: Docket No. 000639-TI, eVulkan, Inc., Financial Analysis for Certificate Application for Intrastate Interexchange Telecommunications Service

Section 364.337 (3), Florida Statutes, requires the following:

The commission shall grant a certificate of authority to provide intrastate interexchange telecommunications service upon a showing that the applicant has sufficient technical, financial, and managerial capability to provide such service in the geographic area proposed to be served.

Also Section 364.01 (3) and (4) states that:

(3) The Legislature finds that the competitive provision of telecommunications service, including local exchange telecommunications service, is in the public interest.

and

(4)(d) The Commission shall exercise its exclusive jurisdiction in order to: (d) Promote competition by encouraging new entrants into telecommunications markets . . .

Regarding the showing of financial capability, the Finance staff has analyzed the audited financial statements of eVulkan, Inc. (eVulkan) for the period ending March 31, 2000. As the attached schedule shows, eVulkan has adequate liquidity and sufficient common equity. The company reported a loss for the period.

In this matter, eVulkan is asking for a certificate to provide IXC service. Staff notes the limited nature of the application. For purposes of granting a certificate based on the financial information provided, the financial capability appears adequate.

The applicant attests to its financial capability to provide and maintain the proposed telecommunications service by noting that it will be a reseller and will have minimal capital outlays. Based on this showing, the applicant appears to meet the financial capability standard of Section 364.337, Florida Statutes.
