Re: Aloha Utilities, Inc.; PSC Docket No. 960545-WS  
Water Quality Investigation  
Our File No. 26038.17

Dear Ms. Bayo:

Attached in accordance with the requirements of Order No. PSC-00-1285-FOF-WS entered on July 14, 2000 in Docket No. 960545-WS is a proposed revised Tariff Sheet and Customer Notice in order to implement the increase in Service Availability Charges on an interim basis for Aloha's Seven Springs water customers. I am providing a copy of this Customer Notice and Tariff directly to the staff counsel so that he can see to it that the staff reviews these items as quickly as possible and provides their approval. We would like to get the Notice out sometime around the end of the month, if we can gain approval in the next 3 to 4 days.

Should you or any members of the Commission staff have any questions in this regard, please let me know.

FPSC-RECORDS/REPORTING

**ALOHA UTILITIES, INC.**

**NOTICE**

The Florida Public Service Commission (hereinafter "FPSC"), by its Order No. PSC-00-1285-FOF-WS, issued on July 14, 2000, required that Aloha Utilities, Inc. increase its water plant capacity charge to potential customers in its Seven Springs system from \$163.80 per ERC to \$500 per ERC (\$1.852 per gallon for commercial customers) on a temporary basis, subject to refund pending the Utility's filing of a formal Service Availability Application and approval of a final charge by the FPSC.

Aloha's address, telephone number, and business hours are as follows:

Aloha Utilities, Inc.  
2514 Aloha Place  
Holiday, Florida 34691  
Telephone: (727) 938-2851  
Office Hours: Monday - Friday, 8:30 a.m. to 4:00 p.m.  
(Only the drive-through is open 12:00-1:00 p.m.)

This change shall be effective for connections made on or after the stamped approval date on the Tariff Sheets, pursuant to FPSC Rule 25-30.475(2), Florida Administrative Code, which should occur sometime in late July to early August. This charge will be applicable to all new water service for which a connection has not been made as of the effective date, including prepaid charges.

Any comments concerning this change should be addressed to the FPSC, Director of Records and Reporting at 2549 Shumard Oak Boulevard, Tallahassee, Florida 32399-0870, with a copy to F. Marshall Deterding, Rose, Sundstrom & Bentley, 2548 Blairstone Pines Drive, Tallahassee, Florida 32301.

Aloha Utilities, Inc.

For the purpose of this Policy, the term contributions-in-aid-of-construction shall include the on-site water distribution and sewage collection system contributed in cash or in kind; payments to defray, in part or in total, the cost of the off-site lines and related facilities; and payments to defray in part the cost of the treatment facilities. (See Appendix "A").

7.0 CONTRIBUTIONS-IN-AID-OF-CONSTRUCTION---TREATMENT FACILITIES

Utility requires that all Contributors pay contributions based in part on a pro rata share of the cost of treatment plant facilities, whether or not the facilities have been constructed or may be constructed to continue to render service. Such payments are herein defined as contributions-in-aid-of-construction and shall be made to all Contributors upon approval of the governmental agency having jurisdiction of this Policy, where water or sewer service is available or agreed to be made available in the territory.

Utility further declares that these contributions shall be uniform among Contributors notwithstanding provisions of prior developers agreements or the practices and procedures pertaining to such charges as established prior to the adopting of part IX, Chapter 25-10, F.A.C.

It is the further purpose of this Section to resolve the inequities and discriminatory practices regarding contributions by placing all owners, builders, and developers on parity with regard to such charges.

7.1 SCHEDULE FOR "CIAC" FOR TREATMENT FACILITIES

The following is a schedule of "CIAC" for treatment facilities to be paid prior to commencement of water and/or sewer services as a prerequisite for such service. The amounts are based on an equivalent on a residential connection of 270 gallons per day.

	<u>East of US 19</u>	<u>West of US 19</u>
Water Plant Capacity	\$500.00 per ERC	\$126.86 per ERC
Sewage Plant Capacity	\$206.75 per ERC	\$117.06 per ERC
Daily Rated-Gallonage of Demand:		
Water	\$1.852 per gallon	\$.470 per gallon
Sewer	\$.766 per gallon	\$.434 per gallon
