Re: Approval of the negotiation Combination Agreement by BellSouth Telecommunications, Inc. ("BellSouth") and Intermedia Communications, Inc. pursuant to Sections 251, 252 and 271 of the Telecommunications Act of 1996

Dear Mrs. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and Intermedia Communications, Inc. are submitting to the Florida Public Service Commission their negotiated combination agreement for the interconnection, resale and collocation of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth telecommunications services to Intermedia Communications, Inc. The agreement was negotiated pursuant to sections 251, 252 and 271 of the Act.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated combination agreement between BellSouth and Intermedia Communications, Inc. within 90 days of its submission. The Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties represent that neither of these reasons exists as to the agreement they have negotiated and that the Commission should approve their agreement.

Very truly yours,

Marshall Crist EAVED & FILED

DEFINITIONS and ACRONYMS

For purposes of this Agreement, certain terms have been defined in the body of the Agreement to encompass meanings that may differ from, or be in addition to, the normal connotation of the defined word. Unless the context clearly indicates otherwise, any term defined or used in the singular shall include the plural. The words "shall" and "will" are used interchangeably throughout this Agreement and the use of either connotes a mandatory requirement. The use of one or the other shall not mean a different degree of right or obligation for either Party. A defined word intended to convey its special meaning is capitalized when used. Other terms that are capitalized, and not defined in this Agreement, shall have the meaning in the Act.

GENERAL TERMS AND CONDITIONS

1. Introduction

1.1 This Agreement sets forth the terms, conditions and prices under which BellSouth agrees to provide to Intermedia certain combinations of unbundled Network Elements ("Combinations") set forth in Attachment 1. Unless otherwise provided in this Agreement, BellSouth will perform all of its obligations hereunder throughout its entire service area. The Combinations provided pursuant to this Agreement may be connected by Intermedia to other Combinations provided by BellSouth, or to any network components or services provided by Intermedia itself or by any other vendor or Telecommunications Carrier. Subject to the requirements of this Agreement, Intermedia may at any time add, delete, relocate or modify any Combination purchased hereunder. Termination of any Services of Elements shall be handled pursuant to Section 5 of the General Terms and Conditions of this Agreement.

- 1.2 BellSouth shall not discontinue Combinations provided hereunder without the prior written consent to Intermedia. Such consent shall not be unreasonably withheld. BellSouth also agrees to adopt a reasonable, nondiscriminatory transition schedule for BellSouth or Intermedia end users who may be purchasing any such Combination that is discontinued.
- 1.3 BellSouth and Intermedia may fulfill the requirements imposed upon them by this Agreement by themselves or may cause their agents to take action to fulfill such responsibilities.
- 1.4 This Agreement includes and incorporates herein the Attachments to this Agreement, and all Appendices, Exhibits, Schedules, Addenda and Amendments hereto.

2. Interpretation and Construction

- 2.1 For purposes of this Agreement, certain terms have been defined in the body of the Agreement to encompass meanings that may differ from, or be in addition to, the normal connotation of the defined word.
- 2.2 The definitions in this Agreement shall apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun used in this Agreement shall include the corresponding masculine, feminine and neuter forms. The words "include," "includes" and "including" shall be deemed to be followed by the phrase "without limitation" throughout this Agreement. The words "shall" and "will" are used interchangeably throughout this Agreement and the use of either connotes a mandatory obligation. The use of one or the other shall not mean a different degree of right or obligation for either Party.
- 2.3 References herein to Articles, Sections, Exhibits, Attachments, Appendices, and Schedules shall be deemed to be references to Articles and Sections of, and Exhibits, Attachments, Appendices and Schedules to, this Agreement unless the context shall otherwise require.
- 2.4 The headings of the Articles, Sections, Exhibits, Attachments, Appendices and Schedules are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning or interpretation of this Agreement.
- 2.5 Unless the context shall otherwise require, any reference to any agreement, other instrument (including BellSouth, Intermedia or any third party offerings, guides or practices), statute, regulation, rule or Tariff is to such agreement, instrument, statute, regulation, rule or tariff as amended and supplemented from time to time (and, in the case of a statute, regulation, rule or Tariff, to any successor provision).
- 2.6 Subject to the terms set forth in Exhibit A regarding rates and charges, each Party hereby incorporates by reference those provisions of its Tariffs that govern the provision of any of the services or facilities provided hereunder. However, if any

provision of this Agreement and any applicable Tariff cannot be reasonably construed or interpreted to avoid conflict, the provision contained in this Agreement shall prevail. If any provision contained in the main body of this Agreement and any Attachment, Schedule, Appendix or Exhibit hereto cannot reasonably be construed or interpreted to avoid conflict, the provision contained in the main body of this Agreement shall prevail. The fact that a condition, right, obligation, or other term appears in this Agreement but not in any such Tariff shall not be interpreted as, or be deemed grounds for finding of a conflict for purposes of this Section 2.

3. Effective Date

4.

This Agreement becomes effective on the date when executed by both Parties (the "Effective Date"); provided, however, BellSouth shall provide Intermedia with credits for conversion of special access circuits to enhanced extended links (EELs) retroactive to February 17, 2000.

Term of the Agreement

This Agreement shall terminate upon the Parties' execution of a new interconnection agreement incorporating the terms and conditions of this Agreement.

5. Termination of Agreement; Transitional Support

- 5.1 Intermedia may terminate any Combination provided under this Agreement upon thirty (30) days written notice to BellSouth unless a different notice period or different conditions are specified for termination of such combinations in this Agreement or pursuant to any applicable tariff, in which event such specific period or conditions shall apply, provided such period or condition is reasonable, nondiscriminatory and narrowly tailored. Where there is no such different notice period or different condition specified, Intermedia's liability shall be limited to payment of the amounts due for any terminated Combinations provided up to and including the date of termination. Notwithstanding the foregoing, the provisions of Section 16, <u>infra</u>, shall still apply. Upon termination, BellSouth agrees to cooperate in an orderly and efficient transition to Intermedia or another vendor such that the level and quality of the Combinations is not degraded and to exercise its best efforts to effect an orderly and efficient transition. Intermedia agrees that it may not terminate the entire Agreement pursuant to this section.
- 5.2 If a party is in breach of a material term or condition of this agreement ("defaulting party"), the other party shall provide written notice of such breach to

the defaulting party. The defaulting party shall have ten (10) business days from receipt of notice to cure the breach. If the breach is not cured, the parties shall follow the dispute resolution procedure set forth in section 12 of the General Terms and Conditions of this Agreement.

6. <u>Parity</u>

To the extent technically feasible, the quality of a Combination, as well as the quality of the access to such Combination provided by BellSouth to Intermedia shall be at least equal in quality to that which BellSouth provides to itself.

7. <u>Court Ordered Requests for Call Detail Records and Other Subscriber</u> Information.

To the extent technically feasible, BellSouth maintains call detail records for Intermedia end users for limited time periods and can respond to subpoenas and court ordered requests for this information. BellSouth shall maintain such information for Intermedia end users for the same length of time it maintains such information for its own end users.

- 7.1 Intermedia agrees that BellSouth will respond to subpoenas and court ordered requests delivered directly to BellSouth for the purpose of providing call detail records when the targeted telephone numbers belong to Intermedia end users. Billing for such requests will be generated by BellSouth and directed to the law enforcement agency initiating the request.
- 7.2 Intermedia agrees that in cases where Intermedia receives subpoenas or court ordered requests for call detail records for targeted telephone numbers belonging to Intermedia end users, Intermedia will advise the law enforcement agency initiating the request to redirect the subpoena or court ordered request to BellSouth. Billing for call detail information will be generated by BellSouth and directed to the law enforcement agency initiating the request.
- 7.3 In cases where the timing of the response to the law enforcement agency prohibits Intermedia from having the subpoena or court ordered request redirected to BellSouth by the law enforcement agency, Intermedia will furnish the official request to BellSouth for providing the call detail information. BellSouth will provide the call detail records to Intermedia and bill Intermedia for the information. Intermedia agrees to reimburse BellSouth for the call detail information provided.
- 7.4 Intermedia will provide Intermedia end user and/or other customer information that is available to Intermedia in response to subpoenas and court orders for their own customer records. BellSouth will redirect subpoenas and court ordered

requests Intermedia end user and/or other customer information to Intermedia for the purpose of providing this information to the law enforcement agency.

- 8.4.2 Limitations in Tariffs. To the extent that a Party elects not to place in its tariffs or contracts such limitations of liability, and the other Party incurs a Loss as a result thereof, such Party shall indemnify and reimburse the other Party for that portion of the Loss that would have been limited had the first Party included in its tariffs and contracts the limitations of liability that such other Party included in its own tariffs at the time of such Loss.
- 8.4.3 Neither BellSouth nor Intermedia shall be liable for damages to the other's terminal location, POI or other company's customers' premises resulting from the furnishing of a service, including, but not limited to, the installation and removal of equipment or associated wiring, except to the extent caused by a company's

- 8.5 Indemnification for Certain Claims. The Party providing services hereunder, its affiliates and its parent company, shall be indemnified, defended and held harmless by the Party receiving services hereunder against any claim, loss or damage arising from the receiving company's use of the services provided under this Agreement pertaining to (1) claims for libel, slander or invasion of privacy arising from the content of the receiving company's own communications, or (2) any claim, loss or damage claimed by the customer of the Party receiving services arising from such company's use or reliance on the providing company's services, actions, duties, or obligations arising out of this Agreement.
- 8.6 Disclaimer. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES TO THE OTHER PARTY CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, OR FACILITIES PROVIDED UNDER THIS AGREEMENT. - 9.3 <u>Indemnification</u>. The Party providing a service pursuant to this Agreement will defend the Party receiving such service or data provided as a result of such service against claims of infringement arising solely from the use by the receiving Party of such service and will indemnify the receiving Party for any damages awarded based solely on such claims in accordance with Section 7 of this Agreement.
- 9.4 <u>Claim of Infringement</u>. In the event that use of any facilities or equipment (including software), becomes, or in reasonable judgment of the Party who owns the affected network is likely to become, the subject of a claim, action, suit, or proceeding based on intellectual property infringement, then said Party shall promptly and at its sole expense, but subject to the limitations of liability set forth below:

9.6 <u>Exclusive Remedy</u>. The foregoing shall constitute the Parties' sole and exclusive remedies and obligations with respect to a third party claim of intellectual property infringement arising out of the conduct of business under this Agreement.

10. <u>Treatment of Proprietary and Confidential Information</u>

- 10.1 Confidential Information. It may be necessary for BellSouth and Intermedia to provide each other with certain confidential information, including trade secret information, including but not limited to, technical and business plans, technical information, proposals, specifications, drawings, procedures, customer account data, call detail records and like information (hereinafter collectively referred to as "Information"). All Information shall be in writing or other tangible form and clearly marked with a confideatial, private or proprietary legend and that the Information will be returned to the owner within a reasonable time. The Information shall not be copied or reproduced in any form. BellSouth and Intermedia shall receive such Information and not disclose such Information. No assignment of delegation hereof shall relieve the assignor of its obligations under this Agreement in the event that the assignee fails to perform such obligations.

12. <u>Resolution of Disputes</u>

Except as otherwise stated in this Agreement, the Parties agree that if any dispute arises as to the interpretation of any provision of this Agreement or as to the proper implementation of this Agreement, either Party may petition the Commission for a resolution of the dispute. However, each Party reserves any rights it may have to seek judicial review of any ruling made by the Commission concerning this Agreement.

- 13.1 <u>Definition</u>. For purposes of this Section, the terms "taxes" and "fees" shall include but not limited to federal, state or local sales, use, excise, gross receipts or other taxes or tax-like fees of whatever nature and however designated (including tariff surcharges and any fees, charges or other payments, contractual or otherwise, for the use of public streets or rights of way, whether designated as franchise fees or otherwise) imposed, or sought to be imposed, on or with respect to the services furnished hereunder or measured by the charges or payments therefore, excluding any taxes levied on income.

- 13.3.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing Party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing Party at the time that the respective service is billed.
- 13.3.3 If the purchasing Party determines that in its opinion any such taxes or fees are not payable, the providing Party shall not bill such taxes or fees to the purchasing Party if the purchasing Party provides written certification, reasonably satisfactory to the providing Party, stating that it is exempt or otherwise not subject to the tax or fee, setting forth the basis therefor, and satisfying any other requirements under

- 13.3.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.

- 13.4.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing Party during the pendency of such contest, the purchasing Party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
- 13.4.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing Party shall pay such additional amount, including any interest and penalties thereon.
- 13.4.6 Notwithstanding any provision to the contrary, the purchasing Party shall protect indemnify and hold harmless (and defend at the purchasing Party's expense) the providing Party from and against any such tax or fee, interest or penalties thereon, or other reasonable charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by the providing Party in connection with any claim for or contest of any such tax or fee.

picketing, or boycotts, unavailability of equipment from vendor, changes requested by Customer, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other Party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); provided however, that the Party so affected shall use diligent efforts to avoid or remove such causes of non-performance and both Parties shall proceed whenever such causes are removed or cease.

15. <u>Modification of Agreement</u>

- 15.1 BellSouth shall make available, pursuant to 47 USC § 252(i) and the FCC rules and regulations regarding such availability, to Intermedia at the same rates and upon the same terms and conditions any interconnection, service, or network element provided under any other agreement filed and approved pursuant to 47 USC § 252(i). The adopted interconnection, service, or network element and agreement shall apply to the same states as such other agreement and for the identical term of such other agreement.
- 15.2 If Intermedia changes its name or makes changes to its company structure or identity due to a merger, acquisition, transfer or any other reason, it is the responsibility of Intermedia to notify BellSouth of said change and request that an amendment to this Agreement, if necessary, be executed to reflect said change.
- 15.3 No modification, amendment, supplement to, or waiver of the Agreement or any of its provisions shall be effective and binding upon the Parties unless it is made in writing and duly signed by the Parties.
- 15.4 Execution of this Agreement by either Party does not confirm or infer that the executing Party agrees with any decision(s) issued pursuant to the Telecommunications Act of 1996 and the consequences of those decisions on specific language in this Agreement. Neither Party waives its rights to appeal or otherwise challenge any such decision(s) and each Party reserves all of its rights to pursue any and all legal and/or equitable remedies, including appeals of any such decision(s):

In the event that such new terms are not

renegotiated within ninety (90) days after such notice, the Dispute shall be referred to the Dispute Resolution procedure set forth in Section 12.

15.6 If any provision of this Agreement, or the application of such provision to either Party or circumstance, shall be held invalid, the remainder of the Agreement, or the application of any such provision to the Parties or circumstances other than those to which it is held invalid, shall not be effective thereby, provided that the Parties shall attempt to reformulate such invalid provision to give effect to such portions thereof as may be valid without defeating the intent of such provision.

16. <u>Waivers</u>

A failure or delay of either Party to enforce any of the provisions hereof, to exercise any option which is herein provided, or to require performance of any of the provisions hereof shall in no way be construed to be a waiver of such provisions or options, and each Party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Agreement.

17. <u>Governing Law</u>

25. <u>Third Party Release Subscriber Listing Information</u>

- 25.3 Procedures for Submitting Intermedia Subscriber Information are found in BellSouth's Ordering Guide for manually processed listings and in the Local Exchange Ordering Guide for mechanically submitted listings.
- 25.3.1 Notwithstanding any provision(s) to the contrary, Intermedia agrees to provide to BellSouth, and BellSouth agrees to accept, Intermedia's Subscriber Listing Information (SLI) relating to Intermedia's customers in the geographic area(s) covered by this Interconnection Agreement. Intermedia authorizes BellSouth to release all such Intermedia SLI provided to BellSouth by Intermedia to qualifying Third Parties via either license agreement or BellSouth's Directory Publishers Database Service (DPDS), General Subscriber Services Tariff, Section A38.2, as the same may be amended from time to time. Such CLEC SLI shall be intermingled with BellSouth's own customer listings of any other CLEC that has

authorized a similar release of SLI. Where necessary, BellSouth will use good faith efforts to obtain state commission approval of any necessary modifications to Section A38.2 of its tariff to provide for release of third party directory listings, including modifications regarding listings to be released pursuant to such tariff and BellSouth's liability therunder. In addition, to the extent BellSouth incurs costs to modify its systems to enable the release of CLEC' 1s SLI, or costs on an ongoing basis to administer the release of Intermedia SLI. Intermedia shall pay to BellSouth its proportionate share of the reasonable costs associated therewith. Before BellSouth incurs any costs under this Section, it shall inform Intermedia as of its good faith estimate of Intermedia's share of such costs, and Intermedia shall have the option of agreeing in writing to the costs, or of discontinuing BellSouth's release of Intermedia's SLI.
- 25.3.3 BellSouth shall not be liable for the content or accuracy of any SLI provided by Intermedia under this Agreement. Intermedia shall indemnify, hold harmless and defend BellSouth from and against any damages, losses, liabilities, demands claims, suits, judgments, costs and expenses (including but not limited to reasonable attorneys' fees and expenses) arising from BellSouth's tariff obligations or otherwise and resulting from or arising out of any Third Party's claim of inaccurate Intermedia listings or use of the SLI provided pursuant to this Agreement. BellSouth shall forward to Intermedia any complaints received by BellSouth relating to the accuracy or quality of Intermedia listings.
- 25.3.4 Listings and subsequent updates will be released consistent with BellSouth system changes and/or update scheduling requirements.

1. Enhanced Extended Link

- 1.1 BellSouth shall offer Intermedia access to the Enhanced Extended Link ("EEL") in accordance with applicable FCC and/or State Commission orders and the terms of this Agreement.
- 1.1.2 Notwithstanding anything in Sections 1 or 2 hereof, the Parties do not agree as to whether BellSouth's definition of the phrase "Currently Combined" as utilized herein is consistent with applicable FCC and/or State Commission Orders and the Parties are currently arbitrating this issue before various stateCommissions. The use within this Agreement of the phrase "Currently Combined" and the meaning attached thereto shall not prejudice either Party nor shall it be used by either party to discredit the other Party's position during such arbitrations or otherwise. Moreover, neither party waives any rights it may have to take any position, whether or not contrary to the agreed upon provisions herein, before any Commission or the FCC, relating to UNE Combinations.
- 1.2 Subject to Section 1.1.2 above, for purposes of Sections 1 and 2 of this Agreement, references to "Currently Combined" network elements shall mean that such network elements are in fact already combined by BellSouth in the BellSouth network to provide service to a particular end user at a particular location.
- 1.2.2 BellSouth will provide access to the Enhanced Extended Link ("EEL") in the combinations set forth in 1.3 following. This offering is intended to provide connectivity from an end user's location through that end user's SWC and then connected to the Intermedia's POP serving wire center. The circuit must be connected to the Intermedia's switch for the purpose of provisioning telecommunications services, including telephone exchange service, to the Intermedia's end-user customers. This can be done either in the collocation space at the POP SWC, or by using BellSouth's access facilities between the Intermedia's POP and Intermedia's collocation space at the POP SWC.
- BellSouth shall provide combinations of loops and transport to Intermedia in 1.2.3 Georgia regardless of whether or not such combinations of loops and transport are Currently Combined. Other combinations of network elements that are not Currently Combined but that BellSouth ordinarily combines in its network shall be made available to Intermedia in Georgia in accordance with Section 1.5.1.3 below. Further, BellSouth will make available to Intermedia combinations of loop and transport network elements that are not Currently Combined but that BellSouth ordinarily combines in its network in Density Zone 1, as defined in 47 C.F.R 69.123 as of January 1, 1999, of the Miami, Orlando, Fort Lauderdale, Charlotte, New Orleans, Greensboro and Nashville MSAs if Intermedia's customer has four (4) or more DS0 equivalent lines. In all states other than Georgia, and except as specifically stated in this Section. BellSouth shall make available to Intermedia those EEL combinations described in Section 1.3 below, or any other loop and transport combinations, only to the extent such EELs or loop and transport network elements are Currently Combined.
- 1.2.4 Additionally, there may be instances wherein Intermedia will require multiplexing functionality. BellSouth will provide access to multiplexing within the central office pursuant to the terms, conditions and rates set forth in its Access Services Tariffs

Version May 1, 2000

when the customer utilizes special access interoffice facilities. Multiplexing will be provided pursuant to the Agreement when unbundled network elements are used for interoffice transport.

1.4 Special Access Service Conversions

Pursuant to the FCC's Supplemental Order Clarification dated June 2, 2000, in CC Docket No. 96-98, Third report and Order, Intermedia may convert special access services to combinations of loop and transport network elements, whether or not Intermedia self provides its entrance facilities (or obtains entrance facilities from a third party) so long as Intermedia uses such combinations to provide a significant amount of local exchange service, in addition to exchange access service, to a particular customer. For purposes of this Agreement, Intermedia shall satisfy the requirement of providing a significant amount of local exchange service if Intermedia meets the criteria set forth in the local usage options described in Sections 1.4.1, 1.4.2 or 1.4.3 below. To the extent Intermedia requests a conversion of special access circuits to loop and transport combinations, Intermedia shall send a letter to BellSouth self-certifying that Intermedia is providing a

Page 2 of 6

significant amount of local exchange service over such circuits and indicating under what local usage option Intermedia seeks to qualify.

- 1.4.1 Option 1. Intermedia shall self certify that it is the exclusive provider of the end users's local exchange service. The loop-transport combination must terminate at Intermedia's collocation arrangement in at least one (1) BellSouth central office. This option does not allow the loop-transport combination to be connected to BellSouth's tariffed services. Under this option, Intermedia is the end user's only local service provider and therefore Intermedia providing is more than a significant amount of local exchange service. Consequently, under this option, Intermedia may use the loop-transport combination that serves the end user to carry any kind of traffic, including 100% interstate access traffic.
- 1.4.2 Option 2. Intermedia shall self certify that it provides local exchange service and exchange access service to the end user customer's premises and handles at least one third of the end user customer's local traffic measured as a percent of total end user customer local dialtone lines. For DS1 circuits and above, at least 50 percent of the activated channels on the loop portion of the loop-transport combination have at least 5 percent local voice traffic individually, and the entire loop facility has at least 10 percent local voice traffic. When a loop-transport combination includes multiplexing (e.g., DS1 multiplexed to DS3 level), each of the individual DS1 circuits must meet this criteria. The loop-transport combination must terminate at the Intermedia's collocation arrangement in at least one (1) BellSouth central office. This option does not allow loop-transport combinations to be connected to the BellSouth's tariffed services.

Under this option, Intermedia may use the unbundled loop-transport combinations to serve the customer as long as the active channels on the facility, and the entire facility, are being used to provide the amount of local exchange service specified in this option, thereby allowing Intermedia flexibility to use the combinations to provide other services besides local exchange service.

<u>1.4.3 Option 3.</u> Intermedia shall self certify that that at least 50 percent of the activated channels on a circuit are used to provide originating and terminating local dialtone service and at least 50 percent of the traffic on each of these local dialtone channels is local voice traffic, and that the entire loop facility has at least 33 percent local voice traffic. When a loop-transport combination includes multiplexing (e.g., DS1 multiplexed to DS3 level), each of the individual DS1 circuits must meet this criteria.

This option does not allow loop-transport combinations to be connected to the incumbent LEC's tariffed services. Under this option, collocation is not required. Intermedia does not need to provide a defined portion of the end user's local service, but the active channels on any loop-transport combination, and the entire facility, must carry the amount of local exchange traffic specified in this option.

1.4.4 The Parties further acknowledge that on a going forward basis, Intermedia may purchase additional special access service under BellSouth's applicable tariffs and

Page 3 of 6

convert such special access circuits to EELs pursuant to the terms of this Agreement, subject to such circuits meeting the local usage options of this Section 1.4 and subject to the termination provisions in the applicable tariffs, if any.

1.5 <u>Rates</u>

- 1.5.1 Georgia
- 1.5.1.1 The non-recurring and recurring rates for the EEL Combinations of network elements set forth in 1.3, whether Currently Combined or new, are as set forth in Attachment 1 of this Amendment.
- 1.5.1.2 On an interim basis, for combinations of loop and transport network facilities not set forth in Section 1.3, where the elements are not Currently Combined but are ordinarily combined in BellSouth's network, the non-recurring and recurring charges for such UNE combinations shall be the sum of the stand-alone non-recurring and recurring charges of the network elements which make up the combination. These interim rates shall be subject to true-up based on the Commission's review of BellSouth's cost studies.
- 1.5.1.3 To the extent that Intermedia seeks to obtain other combinations of loop and transport network elements that BellSouth ordinarily combines in its network which have not been specifically priced by the Commission when purchased in combined form, Intermedia, at its option, can request that such rates be determined pursuant to the Bona Fide Request/New Business Request (NBR) process set forth in the Interconnection Agreement.

1.5.2 All Other States

- 1.5.2.1 Subject to Section 1.2.3 preceding, for all other states, the non-recurring and recurring rates for the EEL combinations set forth in Section 1.3 and other combined loop and transport network elements will be the sum of the non-recurring and recurring rates for the individual network elements unless otherwise negotiated by the parties. Such rates shall be interim and shall be subject to true up upon the Commission's adoption of rates for such combinations.
- 1.6 <u>Audits. BellSouth may conduct an audit in order to verify whether Intermedia is in</u> <u>compliance with the local usage options with respect to EELs.</u> The following guidelines are to be used in the event BellSouth requests an audit.
- 1.6.1 BellSouth shall provide 30 days written notice to Intermedia that it desires to conduct an audit of Intermedia's UNE loop and transport combinations it has purchased from BellSouth. BellSouth shall also forward such notice to the appropriate state Commission.
- 1.6.2 An independent auditor, hired and paid for by BellSouth, shall be used to perform the audit. Intermedia shall reimburse BellSouth for the cost of the audit if the audit uncovers non-compliance with the local usage options.

- 1.6.3 BellSouth may not audit Intermedia more than once in any calendar year, unless the audit finds non-compliance.
- 1.6.4 In the event that an audit reveals non-compliance, BellSouth may file a complaint with the Commission pursuant to the dispute resolution procedures set forth herein.

2. <u>Port/Loop Combinations</u>

- 2.1 At Intermedia's request, BellSouth shall provide access to combinations of port and loop network elements, as set forth in Section 2.4 below to the extent the same are Currently Combined in BellSouth's network, except as specified in Sections 2.1.1 and 2.1.2 below.
- 2.1.1 BellSouth is not required to provide access to combinations of port and loop network elements in locations where BellSouth is not required to provide circuit switching.
- 2.1.2 BellSouth is not required to provide circuit switching in Density Zone 1, as defined in 47 C.F.R. 69.123 as of January 1, 1999, of the Atlanta, Miami, Orlando, Fort Lauderdale, Charlotte, New Orleans, Greensboro and Nashville MSAs to Intermedia if Intermedia's customer has 4 or more DS0 equivalent lines.

2.2 <u>Definition</u>

- 2.2.1 For purposes of this Section 2, references to "Currently Combined" network elements shall mean that such network elements are in fact already combined by BellSouth in the BellSouth network to provide service to a particular end user at a particular location.
- 2.2.2 Combinations of port and loop network elements provide local exchange service for the origination or termination of calls. Section 2.4 following provides the combinations of port and loop network elements that may be ordered by Intermedia when Currently Combined except in those locations where BellSouth is not required to provide circuit switching, as set forth in Section 2.1.2 above.
- 2.2.3 In Georgia, BellSouth shall provide combinations of port and loop network elements to Intermedia regardless of whether or not such combinations are Currently Combined except in those locations where BellSouth is not required to provide circuit switching, as set forth in Section 2.1.2 above.

2.3 Rates for Combinations of Loop and Port Network Elements

- 2.3.1 Rates for combinations of loop and port network elements, as set forth in Section 2.4, are provided in Exhibit B of this Amendment. Where the state Commission has not ordered rates for loop and port combinations as of the date of this Agreement, the rates for such combinations as set forth in Exhibit B shall be interim, subject to true up upon the Commission's ordering rates.
- 2.3.2 Rates for Circuit Switching

Rates for circuit switching, where BellSouth is not required, pursuant to Section 2.1, to provide circuit switching are as set forth in Exhibit B of this Amendment.

2.4 Loop and Port Combination Offerings

- 2.4.1 2-wire voice grade port, voice grade loop, virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.
- 2.4.2 2-wire voice grade DID port, voice grade loop, virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.

T	Market Rates will apply in those areas where BellSouth is not required to provide circuit switching pursuant to FCC rules.										
1											
	2 In Georgia, rates will apply for Currently Combined as well as not Currently Combined loop/port combinations.			8							
	In the absence of ordered rates by a State Commission (FL, KY, TN), the recurring rates for Currently Combined combinations of loop/port network elements will be the sum of the recurring rates for the UNEs which make up the combinations, and the nonrecurring rates shall be as set forth in this section.				·.						
1											
+	Usage and Common Transport rates associated with the stand-alone UNE port elements will apply to all combinations of loop/port network elements.				,						
+	The Extended Area Calling Plans set forth in the stand-alone UNE Port rates										
+	section will apply to combinations of the loop/port network elements.										
	Effective May 1, 2000 statewide rates will be replaced by Deaveraged Loop Rates by Zone where available. Until approximately December 31, 2000 or until such time that BellSouth billing systems have been developed to handle the new zone rate structure, BellSouth will bill at the Zone 1 Deaveraged Loop rate tevel only. After December 31, 2000 or such time that the billing systems have been developed to handle the new zone rate structure, BellSouth will begin billing 6 pursuant to CLEC-1's Interconnection agreement.
