Yes. Please...will notify GTE that they are indeed certified.

They've had a certificate since December 1997. Shall we update the docket title based on this e-mail? (We need to have a correcting entry in CMS before the order goes out.)

I think this happened because at the time the agreement was entered into they weren't certified so they would not have had a d/b/a to list. Those are the notes I have on file.

TX136

We have the order in this docket, and the name used is "MGC Communications, Inc. d/b/a Mpower Communications Corp." However, CMS doesn't reflect a d/b/a and it went to the agenda without a d/b/a. Was someone supposed to advise us to update the docket?
