Re: USLD - Docket Number: 000036-TI

Dear Ray:

As I mentioned to you by telephone earlier today, I have been informed by USLD that USLD recently was able to devise a way to access records that were unavailable earlier as a result of a change in accounting systems. As a result, USLD believes it will be able to quantify the payphone charges that are the subject of this docket more accurately than the amount earlier reported to you, which was based on a partial estimate. However, the revised figure will not be available prior to the August 1 agenda conference. For this reason, USLD respectfully requests the Commission to defer this item.

Yours truly,

Joseph A. McGlothlin
