PREPAY RESIDENTIAL SERVICE AGREEMENT

This Agreement is made this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_, by and between \_\_\_\_\_ (hereinafter called the "Customer"), currently located at \_\_\_\_\_ in \_\_\_\_\_, Florida, and FLORIDA POWER & LIGHT COMPANY, a corporation organized under the laws of the State of Florida (hereinafter called the "Company"). This Agreement may be transferred. This agreement is available and applicable only for customers who will be taking service under the Prepay Residential Service Schedule.

**WITNESSETH**

For and in consideration of the mutual covenants and agreements expressed herein, the Company and the Customer agree as follows:

1. The Company agrees to furnish and the Customer agrees to take electric service subject to the terms and conditions of the Company's Prepay Residential Service Schedule ("Schedule PRS-1") as currently approved or as may be modified from time to time by the Florida Public Service Commission ("Commission"). The Customer understands and agrees that, whenever reference is made in this Agreement to Schedule PRS-1, both parties intend to refer to Schedule PRS-1 as it may be modified from time to time. A copy of the Company's presently approved Schedule PRS-1 is attached hereto as Exhibit A and is hereby made an integral part of this Agreement.
2. In the event the Customer relocates to another premise within five miles of a participating pay agent, this agreement shall remain in effect and service under the Prepay Residential Service Schedule shall continue, at the Company's option and subject to the availability of prepay equipment. If the Customer terminates participation in the prepay residential service pilot program prior to 12 months of service, the early termination fee provision under "Special Provisions" in Schedule PRS-1 shall apply. However, the early termination fee will be waived if the Customer requests termination due to malfunction of the pre-pay equipment. FPL may remove a Customer from this program for violation of this Agreement, termination of the program by FPL or the FPSC, or for violation by the Customer of FPL's "General Rules and Regulations for Electric Service" or other applicable provision of FPL's tariff. If for any reason the Customer is removed from or ceases to participate in the program, the Customer will take service at the then applicable rate and may be required to furnish a deposit.
3. The prepay residential schedule is not available to customers who are on time-of-use rates or to the Medically Essential Service Customers as defined in Section 1.65 of the Company's General Rules and Regulations for Electrical Service. The prepay residential schedule is not available to customers that within the past 12 months have made unauthorized connections to, or tampered with the Company's meter. Customers may not participate in certain programs offered by FPL, including, but not limited to Load Control, Budget Billing, Automatic Funds Transfer, 62+ Plan, Double Notice Protection, Checkfree, and E-Bill.
4. The Company will furnish, install, maintain, and own all of the prepay equipment including the meter, the user terminal, and smart cards. Any batteries required for operations of the user display terminal will be initially provided to the Customer. Replacement batteries are the Customer's responsibility.
5. The duly authorized agents of the Company shall have safe access to the premises of the Customer at all reasonable hours for the purpose of installing, maintaining, and inspecting or removing the Company's property, reading meters and other purposes incident to performance under or termination of the Company's Agreement with the Customer, and in such performance shall not be liable for trespass.
6. At the time of installation, a \$15 temporary credit will be provided. This amount will be deducted from the first smart card purchase.
7. If the Customer has a deposit with the Company, a refund will be issued for the deposit amount plus interest against all outstanding balances. A payment extension may be granted on any remaining balance at the Company's option.
8. Power purchases may not exceed \$150 per smart card per transaction and may not be less than \$10 per smart card per transaction. Purchases must be made in whole dollar amounts.
