Issue 2: Should the Commission grant the Motions for Reconsideration filed by TECO and Odyssey?

Recommendation: The Commission should deny TECO's Motion because it does not identify any points of fact or law that were overlooked or not considered by the Prehearing Officer. The Commission should deny part of Odyssey's Motion for the same reason, and does not need to rule on that portion of the Motion to which Allied has no objection.

APPROVED

Additionally, the Commissioners acknowledged the stipulation reached by the parties at the conference, and addressed Mr. Long's concern about confidential language within the tariff.

Issue 3: Should this docket be closed?

Recommendation: No. This docket should not be closed.
