 RECORDS AND REPORTING

At the July 11, 2000 Agenda Conference, the Commission approved a consent agenda recommendation to grant a certificate to provide alternative local exchange telecommunications service in the above-referenced docket. On July 31, 2000, staff discovered that the above referenced docket should have been approved for application to provide interexchange telecommunications service.

Staff has prepared a new recommendation and will file the new recommendation for the regular agenda for the August 15, 2000 Agenda Conference.

For the reason described above, the Order Granting Certificate to Provide Alternative Local Telecommunications Service, due to be filed on July 31, will not be issued. Upon disposition of this matter on August 15th Agenda Conference, an order consistent with the Commission's decision will be issued.

Should you have any questions, please contact Felicia Banks or Toni McCoy.
