We will use your e-mail as a "request to establish docket" and open a new docket to handle GPC's filing.

Subject: docket No. 960789-EI

Aug 21 Gulf filed a Petition for Authority to Modify Commercial/Industrial Service Rider Pilot Study, document 10234. Gulf put this petition under the old Gulf docket number (960789-EI), which originally approved the pilot.

If possible, I would prefer to give this petition a new docket number. In previous occasions, when a tariff has been approved, and the utility later comes in to modify the tariff, the petition gets a new docket number. I just rather start "fresh", with a new docket and CASR.
