RE: DOCKET NO. 000721-EG - Petition by Florida Public Utilities Company for approval of new energy conservation programs for natural gas customers.

Issue 1: Should the Commission approve all of FPUC's conservation programs?

Recommendation: No. The Commission should only approve Full House Residential New Construction Program, Residential Appliance Replacement Program, Residential Appliance Retention Program, Residential Service Reactivation Program, Residential Conservation Service Program, Commercial Conservation Program, Space Conditioning Program, and Conservation Education Program. Staff believes the following programs should be denied because no cost/benefit analyses were conducted to determine whether or not the program would be cost-effective for conservation: Commercial Equipment Replacement Program, On-Site Power Generation Program, Residential Propane Appliance Conservation Program, Commercial Propane Equipment Conversion Program and Dealer Program.

APPROVED

Issue 2: Should this docket be closed?

Recommendation: Yes. This docket should be closed upon issuance of a Consummating Order unless a person whose substantial interests are affected by the Commission's proposed agency action files a protest within 21 days of the issuance of the order. If a protest is filed within the 21 days from the issuance of the order, the programs should not be implemented until after resolution of the protest.
