Gentlemen:

Thank you for the notification of the transfer of wastewater treatment in my area. I received this notification a couple of weeks ago and I do have concerns. I have on several occasions requested the owner to provide me with an accounting for services rendered and his answer "it is on a honorary system", or his wife would say her husband takes care of that and the money is used for upkeep and repair, however, again no accounting report was forthcoming. My mother has sent payments with no receipt or canceled check being returned on the account. **(Where are the funds)?** A check is being sent to them certified today, and by this letter I am requesting an accounting as to how the money is being spent, including the substantial impact fee that was paid when we first placed our home on the lot.

This is the only request I have put in writing, the others were by phone, and being trustful, I thought he was on an honorary system, all I got was demands for immediate payment or threats. The bills were paid, no mail or canceled checks were returned. Please answer these questions for me and you may want to get an accounting for yourself and the other residents of the community.

Thank you.
