Florida Public Service Com,
2540 Sherman Oak Blvd,
Tallahassee, FL 32399-0850

Dear Florida Public Service Members;
I am writing to object to the application of United Water Florida, Inc. to amend its certificate Nos. 236-W and 179-S to extend its service in Nassau County in Township 3 N Range 27E and Range 28 East.

In the areas they want to extend their services, all the residents already have their own well and septic tanks. It would be an extreme hardship for the residents to pay the hook-up fee and the monthly fees.

The feel this is very unfair to impose this service on us. We did not ask for it, we do not want it and we beg you to please deny their request.

Thank you,
Bob and Maridene Sage
