

001234-VLIS

Dear Director,

I am writing this letter to object to the new water and sewer service that the United Water Florida, Inc., has applied to your office to for approval to put their lines through our community. I don't think that it is right to allow them to come in to our community and take money from the residents without asking us if we even want their service. I personally don't and even if I did I don't have the finances to pay them what they want to use their system. There are a lot of people that would lose everything if forced to come up with the hook up fees, not only that but I'm sure that the county would seize this opportunity to raise our taxes. Please don't allow this to be forced onto our community.

Thank you for listening,
William L. Jones Jr.
