Dear Director,

001234-WS

I am writing to complain about the sewer lines being put down in the Chester area. I think i should have been given the opportunity to vote on such an issue. If new development desires sewer hook up fine, but leave us, who have been down here 20 to 30 years alone, or at least give us the freedom to tie in if we want to or not if we don,t. This is the land of the free isn,t it?

I WILL vote on this issue and those who took all of 9 1/2 minutes to decide on this issue will not be getting my vote! Just because a developer wants a sewer line doesn,t mean we should have to pay for it and at \$10,000.00 to \$15,000.00 per house we are talking about alot of money!

I thought this was the land of the free, doesn,t the term landowner mean anything, is this my land or not?
