FPSC-RECORDS/REPORTING

Hear Director

I do object to the application of United Water Florida Inc, to extend their service to Nassau County Florida. The way we were to find out was a small note in the Fernandina Beach News Leader. 8/30/80 I feel we were not given proper notice. So at least let us voice our objections we have lived in this Community for a number of years. At the time we put in our septic tank which at the time pass by our Health Dept. why all at once they are not good enough. At that time no one informed us that this could happen. I cannot speak for the Community, but I feel that we are being forced in to this for someone else's benefit, with no consideration. I would hope that someone or maybe someone in your heart that all this comes down to us nothing but greed. We do not have the money for this as we have worked very hard for what we do have. Where is our freedom? We have no need for these services we are very happy the way we are. We don't need your services

Thank you.
Debra Wilkinson
