**Re: Year 2000 Local Competition Report Data Request**

Chapter 364, Florida Statutes, contains the framework the Commission uses for regulation of the telecommunications industry. As a result of certain amendments made to the chapter during the 1995 legislative session, the Commission has a statutory mandate to prepare and deliver annually a report, to the Governor and the Legislature, on the status of competition in the telecommunications industry. The report is due December 1, 1999.

In order to meet this legislative mandate we must gather data from the industry. The attached data request will help us evaluate the status of local competition in Florida. The survey was designed to enable fairly brief responses. In addition, we ask that you provide any comments or additional information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida.

Once the completed data request is received by the Commission, the information will be public record. If you believe your response to the data request contains confidential information, you can request that your response be exempt from FS 119.07(1), General State Policy on Public Records. Enclosed is a copy of Florida Public Service Commission Rule 25-22.006, Florida Administrative Code, which provides the necessary information for submitting confidential information to be exempt from FS 119.07(1). Please note that a claim of confidentiality does not alleviate the obligation to respond to the data request in a timely manner.
