RE: Docket No. 001234-WS-Application for amendment of Certificates Nos. 236-W and 179-S to extend service area in Nassau County by United Water Florida Inc.. Also set forth in the legal notice on page 6C of the Fernandina Beach News leader dated 8/30/2000.

Dear Director:

This letter is in response to the letter dated September 12, 2000 sent to me from Samantha M. Cibula, Senior Attorney, Florida Public Service Commission.

Ms. Cibula's letter states, "Your letter mentioned that you are currently receiving your water and wastewater service through a well and septic tank." My letters to the Public Service Commission stated no such thing. I assume Ms. Cibula's letter is a "form letter" being sent to all of us objecting to United Water's application for service.

Her letter also states that I need to advise you by October 2, 2000 if I want to pursue my objection and thus a hearing. YES, I do want to pursue my objection and YES, I do want a hearing. Additionally, I want copies of United Water's applications to the Public Service Commission regarding the above mentioned docket numbers and/or legal notice. I also request a copy of the developer's agreement between United Water and Amelia Island Ventures, Inc. a.k.a. Lighthouse Pointe. In addition, I want copies of any and all correspondence concerning the above mentioned docket numbers.

Signed,

Janice A. Sanderson
