Dear Sirs,

I am in receipt of your letter on Docket no 000931 TC. I have not been in business since Oct 1998 when I had some serious heart condition. I notified the public service Commission of this so I'd not be responsible for 1999 as I wouldn't be in business and they could cancel my Certificate # 3654.

In March I got a notice that I owed for 1999. I again I wrote, but heard nothing till today. It's very simple I went out of business in Oct 1998 I notified them of this and again in 1997, I am in no violation of any rule I'm not responsible of any assessment fee when I wasn't in business. It's not my fault you people can't read a simple letter, as far as I'm concerned my tax was closed off 1998 and I owe nothing.
