In Re: Name Change for PurePacket Communications of the South, Inc., DOCKET NO.  
000245-TX

Dear Sir or Madam:

I am writing to provide formal notice that effective September 19, 2000, the name for PurePacket Communications of the South, Inc., a Delaware corporation, has been changed to BroadRiver Communication Corporation ("The Company"). On May 30, 2000, the Florida Public Service Commission issued an order granting PurePacket a certificate to provide Alternative Local Exchange Telecommunications (ALEC) service in the state.

The Company implemented the name change at this time across all of the PurePacket Communications corporate entities due to trademark licensing issues. The Company was licensing the name "PurePacket Communications" from Integral Access, Inc., a previous strategic partner that manufactured telecommunications equipment. For business reasons, the Company determined that it was imperative to operate under a company-owned trademark, rather than one maintained through a licensing agreement, and, accordingly, selected and registered the name *BroadRiver Communications*.

The Company is currently certified to offer telecommunications services in 10 states with 4 additional pending applications. Currently, the Company does not offer service to any customers, thereby avoiding any potential customer confusion in the marketplace.

I have included copies of the Company's: i) Amendment to the Application of a Foreign Corporation for PurePacket Communications of the South (Document Number F00000001204) that was filed with the Florida Department of State, and ii) Certification of Name Change issued by the Office of the Secretary of State in the State of Delaware. I also
