Filed: October 24, 2000

ALLIED/CFI'S REQUEST FOR CONFIDENTIAL CLASSIFICATION

Allied Universal Corporation ("Allied") and its affiliate, Chemical Formulators, Inc. ("CFI"), hereinafter referred to collectively as "Allied/CFI," by and through their undersigned counsel, and pursuant to Rule 25-22.006(4), Florida Administrative Code, file this Request for Confidential Classification, and state:

1. On September 25, 2000, Allied/CFI filed a Response in Opposition to Odyssey Manufacturing Company's Request for Confidential Classification ("Response"), together with a Notice of Intent to Request Confidential Classification ("Notice of Intent"). As stated in the Notice of Intent, Exhibits A and B to the Response contain information which may be subject to classification as proprietary confidential business information.

2. Appended to this Request for Confidential Classification as Attachment A is a listing of pages of the Response where the purportedly confidential material is found, and a description of the material.

3. Appended to this Request as Attachment B are two copies of the Response with the purportedly confidential information redacted.

4. Appended to this Request as Attachment C in a sealed envelope marked "Confidential" is one copy of the Response with the purportedly confidential information in Exhibit 1 highlighted.

5. The material for which confidential classification is requested herein consists of the following: (1) a letter dated April 3, 1998 from Patrick H. Allman, Tampa Electric Company ("TECO") to Stephen Sidelko, Sentry Industries ("Sentry"), regarding Sentry's application for service under TECO's tariffed rate schedules IS-3 and IST-3; and (2) a letter dated May 11, 1998 from Mr. Allman to Mr. Sidelko, regarding the same subject.

6. The material for which confidential classification is requested herein has been marked by TECO as Bates Stamp Nos. 351-0 and 813-0 and filed by TECO on March 10, 2000, as part of Document No. 03140-00.

7. Order No. PSC-00-1886-CFO-EI, issued October 16, 2000, granted in part and denied in part TECO's request for confidentiality as to Document No. 03140-0. Bates Stamp Nos. 351-0 and 813-0 were granted confidential classification in Order No. PSC-00-1886-CFO-EI.

8. Allied/CFI is required to request confidential classification of this information pursuant to the Protective Agreement entered into between TECO, Allied/CFI, and Odyssey Manufacturing Company ("Odyssey") in this proceeding. Allied/CFI does not believe that this information should be classified as proprietary confidential business information pursuant to Section 366.093(3), Florida Statutes. The letters concern an application to a public utility by a prospective industrial customer for electric service under rate schedules which the utility is required to file with

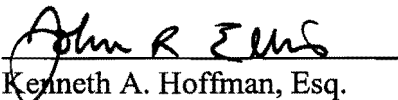

Commission pursuant to Section 366.06, Florida Statutes, and which the Commission is required to maintain as public records pursuant to Chapter 119, Florida Statutes.

9. Allied/CFI has treated as private the information for which a determination of confidential classification is requested herein, and none of this information has been voluntarily disclosed publicly.

10. The original of this Request is being filed with the Division of Records and Reporting and a copy is being served on counsel of record.

WHEREFORE, Allied/CFI requests a determination whether the information described above and set forth in Attachment A is proprietary business information that is entitled to confidential classification.

Docket No. 000061-EI

Filed: September 25, 2000

**ALLIED/CFI'S RESPONSE IN OPPOSITION  
TO ODYSSEY MANUFACTURING COMPANY'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Allied Universal Corporation ("Allied") and Chemical Formulators, Inc. ("CFI"), hereinafter referred to collectively as "Allied/CFI," by and through their undersigned counsel, and pursuant to Rule 28-106.204, Florida Administrative Code, submit their response in opposition to the Request for Confidential Classification, Or, Alternatively, Amended Motion for Protective Order ("Request") filed by Odyssey Manufacturing Company ("Odyssey"), and state:

1. The following allegation at Paragraph 11 of Odyssey's Request appears to be a misstatement or misrepresentation of fact:

The documents for which a protective order is sought were submitted by Sentry, an established bleach manufacturer, to Tampa Electric in support of Odyssey's efforts to obtain an electric rate under Tampa Electric's commercial/industrial service rider....

2. TECO's petition for approval of its Commercial/Industrial Service Rider ("CISR") tariff was filed on June 2, 1998, as Docket No. 980706-EI. The CISR tariff was approved in Order No. PSC-98-1081-FOF-EI issued on August 10, 1998.

3. It appears from the documents recently produced by TECO to Allied/CFI in this proceeding that the majority of the documents submitted by Sentry to TECO in support of the request for service to Odyssey's proposed new liquid bleach manufacturing facility, were submitted in support of Sentry's request in February and March, 1998 for rates under TECO's rate schedules IS-3 and IST-3. Attached as Exhibits A and B to this response are copies of correspondence dated April ~~13~~<sup>3</sup>, 1998 and May 11, 1998, respectively, from TECO employee Patrick H. Allman to Mr. Stephen Sidelko, President, Sentry Industries, which reference "Waiting List for the Interruptible Rate" and which reflect Sentry's application for service under rate schedule IS-3 or IST-3.<sup>1</sup>

4. The documents identified in Odyssey's Request were neither identified nor produced by TECO to Allied/CFI in response to Request No. 2 of Allied/CFI's First Request for Production of Documents, which called for: "All documents provided by Odyssey to TECO in connection with Odyssey's request for rates under TECO's Commercial/Industrial Service Rider ("CISR") tariff."

5. Allied/CFI does not seek disclosure in this proceeding of the information which is the subject of Odyssey's Request.

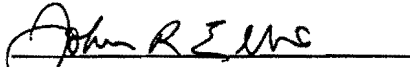

WHEREFORE, Allied/CFI requests that Odyssey's Request for Confidential Classification, Or, Alternatively, Amended Motion for Protective Order be denied, and that the Prehearing Officer conduct an *in camera* inspection of the documents in question to determine the appropriate basis for any confidential classification requested.

---

<sup>1</sup>Copies of the April 13, 1998 and May 11, 1998 correspondence are being filed with a request for confidential classification, pursuant to Order No. PSC-00-1171-CFO-EI, issued on June 27, 2000, and the Protective Agreement in this proceeding. However, it appears that this correspondence is not entitled to protection and classification as proprietary confidential business information under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

This agreement is made and entered into this 24 day of APRIL,  
19 78, by and between ODYSSEY, LTD c/o S.W. Sidelle

\_\_\_\_\_, (hereinafter called the  
Customer) and Tampa Electric Company, a corporation organized in and existing  
under the laws of the State of Florida, (hereinafter called the Company).

## WITNESSETH:

WHEREAS, interruptible service is supplied under rate schedule IS-3 or  
IST-3 for billing demands over 499 KW and IS-3 or IST-3 customers must take  
service at primary voltage as defined in this contract or higher voltage.

WHEREAS, the electric energy supplied under Schedule IS-3 or IST-3 is  
subject to immediate interruption or curtailment whenever any portion of such  
energy is needed by the Company for the requirements of its firm customers or  
to comply with requests for emergency power to serve the needs of firm  
customers of other utilities.

WHEREAS, primary voltage is defined as:

"The voltage level in a local geographic area which is  
available after the Company has provided one  
transformation from the transmission system. For  
service taken at primary voltage, all additional  
transformation shall be customer-owned."

NOW; THEREFORE, in consideration of the mutual covenants expressed  
herein, the Company and the Customer agree as follows:

1. The Company agrees to furnish and the Customer agrees to take power pursuant to the terms and conditions of rate schedule IS-3 or IST-3, as currently approved by the Florida Public Service Commission (hereinafter the Commission) or as said rate schedule may be modified in the future and approved by the Commission. The Customer further agrees to abide by all applicable requirements of said rate schedule. A copy of the Company's presently approved rate schedules IS-3 and IST-3 are attached hereto as Exhibit "A" and made a part hereof.

2. The Company will notify the Interruptible Customer as soon as possible via teletype or other device before an unscheduled interruption or curtailment occurs. However, there may be conditions when the Company will not be able to provide the customer with advance notice and immediate interruption or curtailment may occur.

3. The Customer agrees that the Company will not be held liable for any damages or injuries that may occur as a result of an interruption of electric service by remote control or otherwise.

4. Once a new Customer qualifies for the interruptible rate, and has executed this agreement, necessary engineering will be performed, the interrupting equipment will be ordered, and an installation date will be scheduled. The period of time for commencing the rate shall not exceed six months from the date this Agreement is executed.

### Term of Agreement

5. The initial term of this Agreement shall be the same five (5) years minimum notice the Customer is required to give the Company in advance of

The period of time for commencing the rate shall not exceed six months from the date this Agreement is executed.

### Term of Agreement

ceasing to take service under the rate schedule attached as Exhibit "A", said minimum notice requirement being specified in Exhibit "A". The term of this Agreement shall automatically extend beyond such initial term until such time as the Company has had the minimum number of years notice of the Customer's desire no longer to receive interruptible service as is provided for in Exhibit "A". The Customer acknowledges the Company's need for generation planning lead time and that the Company has depended upon the Customer to provide written notice in advance of the termination of the Customer's obligation to remain an interruptible customer of the Company.

6. There shall be no limit to durations or frequency of interruptions as a result of capacity shortages.

#### Third Party Power Purchases

7. The Customer authorizes the Company to purchase third party power on its behalf when such power is available from neighboring utilities during generation deficiency periods. This procedure may minimize unscheduled interruptions. Purchases will be in accordance with the "optional provision section" of the interruptible rate (Exhibit "A").

8. Third party purchased power will be itemized separately and billed at an increased rate. The actual rate will be determined as described in Exhibit "A" and will not be known at the time of the purchase.
