Subject: Recommendation Filed in Docket No. [REDACTED] Number Utilization Study

Carol,

Would you please remove from the November 7th Agenda, the recommendation filed in Docket No. 981444-TP - Number Utilization Study: Investigation Into Number Conservation Measures? This recommendation contains factual errors and should not be placed on the November 7th Agenda. We will re-file a new recommendation at a later date. If you have any questions, please call me. Thank you.
