RE: Revised Recommendation for Docket No. 001536-TP

put *(msd)*

Staff requests permission to file a revised recommendation for the above referenced docket (Item No. 23) to be considered at the Commission's November 7, 2000, Agenda Conference. Vista-United and Smart City had filed a letter requesting approval of its Carrier Services Agreement by either staff or the Commission. Upon further review of the Contract requiring the approval, it appears Commission action is necessary. While staff believes that this matter could be considered at a later agenda conference, the request would make more sense being addressed with all the issues related to the transfer.

Thank you for your consideration and assistance.
