We will do this. I'll just need those company names.

Thanks to all.

It will make for a very lengthy docket title, but if you think those names should be included, please provide them to me and we will do so. I assume they will then need to be added to the parties list--as parties?

Ok. Well, I don't know what to do. What ever you all think is appropriate is fine with me. So, when ever a decision is made, let me know and let Kay know.

I think it still needs the names of the affected utilities

Kay, this sounds ok to me since the utilities are no longer regulated by us, but I guess I better get my attorney's opinion. Jason, is this docket title ok? Also, should the utilities be listed as parties in the docket? Please let Kay know. Thanks.

How about this:

Disposition of delinquent regulatory assessment fees for certain water and wastewater utilities no longer subject to Florida Public Service Commission jurisdiction.

Also, should those "certain" utilities be listed as parties in the docket? If so, can we get the listing of companies involved?

Thanks for your help with this.
