These Financial Materials are furnished to the Commission by Global Metro Networks Florida, LLC for the purpose of demonstrating financial qualification to provide private line service in Florida. The Company submits that there exists a compelling need to protect these Financial Materials, which contain information not otherwise available to the public and to the Company's competitors. The Financial Materials are intended to be, and are, treated as private and have not been publicly disclosed. Disclosure of this sensitive financial information is unnecessary to ensure satisfaction of the Commission's financial qualification requirements. Furthermore, disclosure of this information would adversely affect the Company's competitive position in the highly competitive telecommunications market in Florida.
