6. BellSouth and Sprint seek five exchange boundary changes in this petition. The first boundary change is to move a portion of the proposed Remington Oaks subdivision, from the BellSouth Orlando–Pine Hills Exchange to the Sprint Winter Garden Exchange. A Copy of the proposed service area map is attached as Exhibit "A".

Forty of the one–hundred and forty lots in the Remington Oaks subdivision are located in the BellSouth Orlando–Pine Hills Exchange; the remainder are in the Sprint Winter Garden Exchange. Currently Sprint is providing service to twenty–nine subscribers located in the BellSouth Orlando–Pine Hills Exchange. There is one existing subscriber, Cazzie Meeks, who has been a customer of BellSouth for approximately thirty years desiring to remain in the BellSouth Orlando–Pine Hills Exchange; therefore, he will continue to be served from the BellSouth Orlando–Pine Hills Exchange. With the

exception of Mr. Meeks, BellSouth is not providing service to any customers in this development. Two homes are under construction in the BellSouth area of this subdivision. Twenty-nine subscribers would be only nominally affected by modifying the Sprint Winter Garden Exchange to include the entire Remington Oaks subdivision since their service is currently provided by Sprint.

7. The second boundary change is to move part of the proposed Ballentyne subdivision into the Sprint Winter Park Exchange. Thirteen of the thirty-three residential lots in the Ballentyne subdivision are located in the BellSouth Orlando-Pine Hills Exchange; the remainder are in the Sprint Winter Park Exchange. Currently Sprint is providing service to five subscribers located in the BellSouth Orlando-Pine Hills Exchange. Five subscribers would be only nominally affected by modifying the Sprint Winter Park Exchange to include the entire Ballentyne subdivision since their service is currently provided by Sprint. Four homes are under

construction in the BellSouth area of this subdivision. BellSouth is not providing service to any customers in this development. A Copy of the proposed service area map is attached as Exhibit "B".

8. The third boundary change is to move part of the proposed Chain of Lakes Middle School from the BellSouth Orlando-Pine Hills Exchange to the Sprint Windermere Exchange. The school and administration buildings are located in Sprint's territory and are currently being served by Sprint. The recreation fields extend into BellSouth's territory. No subscribers would be affected by modifying the Sprint Windermere Exchange to include the Chain of Lakes Middle School's recreational area. A Copy of the proposed service area map is attached as Exhibit "C".

9. The fourth boundary change is to move part of the proposed Windermere Oaks subdivision from the BellSouth Orlando-Pine Hills Exchange to the Sprint Winter Garden Exchange. Twenty-eight and a half of the seventy-four residential lots

in the Windermere Oaks subdivision are located in the BellSouth Orlando–Pine Hills Exchange; the remainder are in the Sprint Winter Garden Exchange. There are no homes under construction at this time; therefore, no subscribers would be affected by modifying the Sprint Winter Garden Exchange to include the entire Windermere Oaks subdivision. A Copy of the proposed service area map is attached as Exhibit "D".

10. The fifth boundary change is to move part of the proposed Horizons at Orlando Marriott Vacation Club, Residence Inn–Horizons at Orlando, from the BellSouth Orlando–Sand Lake Exchange to the Sprint Reedy Creek Exchange. The Marriott Vacation Club consists of 900 units in Sprint's territory. The Residence Inn–Horizons at Orlando will consist of 380 units, which extend into BellSouth's territory. The Residence Inn–Horizons at Orlando is currently under construction. No subscribers would be affected by modifying the Sprint Reedy Creek Exchange to include the entire Horizons at Orlando

Marriott Vacation Club. A Copy of the proposed service area map is attached as Exhibit "E".

11. Upon the Commission's approval of the modifications proposed herein, the parties will file the final tariff sheets for administrative approval.
12. No financial exchange or consideration was, or shall be, given for this proposed transfer of Certificated Areas. This Joint Application is the only written agreement between the applicants.
13. The present boundary lines are generally along section lines and roads and streets. In some cases, the existing boundary lines bisect planned subdivisions located in both companies' territories. In addition, the present boundaries may bisect individual lots in planned subdivisions, rendering provision of service difficult. This application is sought to permit revisions in company boundaries so that they will not divide planned subdivisions and to move existing boundaries to more readily discernible terrain features. It is intended that

the boundary line redefinitions will minimize, if not negate, the future possibility that boundaries in these areas could bisect subdivisions or individual lots, thereby rendering the boundaries more usable in the provision and administration of service.

14. Both BellSouth and Sprint have agreed that the requested transfer of service area is feasible from an economic standpoint and beneficial to the subscribers of both companies.
15. Pursuant to FPSC Rule 25-4.005, the required affidavits are attached to this Joint Petition as Exhibit "F", and certify that notice of intention to file the Petition has been given to those parties as set forth in the above cited rule.

WHEREFORE, Sprint and BellSouth request that this Joint Petition be considered, and that the FPSC redefine the boundaries of the Petitioners' Certificates of Public Convenience and Necessity as requested in the Petition, and that the FPSC enter an appropriate order to effectuate such a redefinition.

Respectfully submitted this 9<sup>th</sup> day of November, 2000.
