Docket No.: 930655-EU

REVISED ANNUAL REPORT OF CLAY ELECTRIC  
COOPERATIVE, INC. FOR 2000

This Report revises the Report recently filed by Clay Electric Cooperative, Inc. ("Clay Electric") and dated December 5, 2000. After further review Clay Electric has determined that between 1997 and the date of this Report, seven (7) accounts were transferred to the City of Alachua due to a Change In Use, and ten (10) additional accounts were retired, leaving a balance of seventy-seven (77) accounts still served by Clay Electric that are in the City of Alachua's territorial area, and subject to the Change In Use provisions of the Territorial Agreement. Clay Electric's Engineering Department has instituted measures to inform management every time an account remaining in the future is either retired or changed so that Clay Electric may more accurately and promptly report changes to the PSC.

Respectfully submitted,
